(4) No later than December 31, 2001, the commission shall promulgate regulations defining shorter review time periods than the time frames established in subdivision (1) of this subsection, when appropriate, for different classes of construction and operating permits. In no case shall commission regulations adopt permit review times that exceed the time frames established in subdivision (1) of this subsection. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semiannual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall

be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

14. The department shall respond to all requests for individual certification under Section 401 of the Federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

15. All permit fees generated pursuant to this chapter shall not be used for the development or expansion of total maximum daily loads studies on either the Missouri or Mississippi rivers.

16. The department shall implement permit shield provisions equivalent to the permit shield provisions implemented by the U.S. Environmental Protection Agency pursuant to the Clean Water Act, Section 402(k), 33 U.S.C. Section 1342(k), and its implementing regulations, for permits issued pursuant to chapter 644.

17. Prior to the development of a new general permit or reissuance of a general permit for aquaculture, land disturbance requiring a storm water permit, or reissuance of a general permit under which fifty or more permits were issued under a general permit during the immediately preceding five-year period for a designated category of water contaminant sources, the director shall implement a public participation process complying with the following minimum requirements:

(1) For a new general permit or reissuance of a general permit, a general permit template shall be developed for which comments shall be sought from permittees and other interested persons prior to issuance of the general permit;

(2) The director shall publish notice of his intent to issue a new general permit or reissue a general permit by posting notice on the department's website at least one hundred eighty days before the proposed effective date of the general permit;

(3) The director shall hold a public informational meeting to provide information on anticipated permit conditions and requirements and to receive informal comments from permittees and other interested persons. The director shall include notice of the public informational meeting with the notice of intent to issue a new general permit or reissue a general permit under subdivision (2) of this subsection. The notice of the public informational meeting, including the date, time and location, shall be posted on the department's website at least thirty days in advance of the public meeting. If the meeting is being held for reissuance of a general permit, notice shall also be made by electronic mail to all permittees holding the current general permit which is expiring. Notice to current permittees shall be made at least twenty days prior to the public meeting;

(4) The director shall hold a thirty-day public comment period to receive comments on the general permit template with the thirty-day comment period expiring at least sixty days prior to the effective date of the general permit. Scanned copies of the comments received during the public comment period shall be posted on the department's website within five business days after close of the public comment period;

(5) A revised draft of a general permit template and the director's response to comments submitted during the public comment period shall be posted on the department's website at least forty-five days prior to issuance of the general permit. At least forty-five days prior to issuance of the general permit the

department shall notify all persons who submitted comments to the department that these documents have been posted to the department's website;

(6) Upon issuance of a new or renewed general permit, the general permit shall be posted to the department's website.

18. Notices required to be made by the department pursuant to subsection 17 of this section may be made by electronic mail. The department shall not be required to make notice to any permittee or other person who has not provided a current electronic mail address to the department. In the event the department chooses to make material modifications to the general permit before its expiration, the department shall follow the public participation process described in subsection 17 of this section.

19. The provisions of subsection 17 of this section shall become effective beginning January 1, 2013.

644.056. 1. The director shall cause investigations to be made upon the request of the commission or upon receipt of information concerning alleged violations of sections 644.006 to 644.141 or any standard, limitation, order, rule or regulation promulgated pursuant thereto, or any term or condition of any permit and may cause to be made any other investigations he or she deems advisable. Violations shall include obtaining a permit by misrepresentation or failure to fully disclose all relevant facts.

2. If, in the opinion of the director, the investigation discloses that a violation does exist, the director may, by conference, conciliation or persuasion, endeavor to eliminate the violation.

3. In case of the failure by conference, conciliation or persuasion to correct or remedy any claimed violation, or as required to immediately and effectively halt or eliminate any imminent or substantial endangerments to the health or welfare of persons resulting from the discharge of pollutants, the director [shall] **may** order abatement [or file an abatement complaint with the commission if no permit has been issued, or in addition may file a complaint to revoke a permit if such permit has been issued] **or request legal action by the attorney general.** When the director files a complaint, the commission shall order a hearing. The director shall cause to have issued and served upon the person complained against a written notice of the order or complaint, together with a copy of the order or complaint, which shall specify the provision of sections 644.006 to 644.141 or the standard, rule, limitation, or regulation adopted pursuant thereto, or the condition of the permit of which the person is alleged to be in violation, and a statement of the manner in which and the extent to which the person is alleged to violate sections 644.006 to 644.141 or the standard, rule, limitation, or regulation, or condition of the permit. In any case involving a complaint, the commission shall require the person complained against to answer the charges of the formal complaint at a hearing before the commission at a time not less than thirty days after the date of notice. Service may be made upon any person within or without the state by registered mail, return receipt requested. Any person against whom the director issues an order may appeal the order to the commission within thirty days and the appeal shall stay the enforcement of the order until final determination by the commission. The commission shall set appeals for a hearing at a time not less than thirty days after the date of the request. The commission may sustain, reverse, or modify the director's order or may make such other orders as the commission deems appropriate under the circumstances. If any order issued by the director is not appealed within the time provided in this section, the order becomes final and may be enforced as provided in section 644.076. **When the commission schedules a matter for hearing, the petitioner on appeal or the respondent to a formal complaint may appear at the hearing in person or by counsel, and may make oral argument, offer testimony and evidence, and cross-examine witnesses. After due consideration of the record, or upon default in appearance of the respondent on the return day specified in the**

notice given as provided in this subsection, the commission shall issue and enter such final order, or make such final determination as it deems appropriate under the circumstances, and it shall immediately notify the petitioner or respondent thereof in writing by certified or registered mail.

4. Permits may be **revoked**, terminated, or modified if obtained in violation of sections 644.006 to 644.141 or by misrepresentation or failing to fully disclose all relevant facts, or when required to prevent violations of any provision of sections 644.006 to 644.141, or to protect the waters of this state, when such action is required by a change in conditions or the existence of a condition which requires either a temporary or permanent reduction or elimination of the authorized discharge, subject to the right of appeal contained in [this section] **sections 621.250 and 640.013.**

5. [When the commission schedules a matter for hearing, the petitioner on appeal or the respondent to a formal complaint may appear at the hearing in person or by counsel, and may make oral argument, offer testimony and evidence, and cross-examine witnesses.

6. After due consideration of the record, or upon default in appearance of the respondent on the return day specified in the notice given as provided in subsection 3, the commission shall issue and enter such final order, or make such final determination as it deems appropriate under the circumstances, and it shall immediately notify the petitioner or respondent thereof in writing by certified or registered mail.] **Whenever a permit under this chapter is revoked, terminated, or modified by the department of natural resources, the applicant, by petition filed with the administrative hearing commission within thirty days of the decision, may appeal such decision as provided by sections 621.250 and 640.013. Once the administrative hearing commission has reviewed the appeal, the administrative hearing commission shall issue a recommended decision to the commission on permit revocation, termination, or modification. The commission shall issue its own decision, based on the appeal, for permit revocation, termination, or modification. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the point source is located or is to be located shall have original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.**"; and

Further amend the title and enacting clause accordingly.

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCS** for **HCR 49**.

HOUSE COMMITTEE SUBSTITUTE FOR
HOUSE CONCURRENT RESOLUTION NO. 49

WHEREAS, humans need a varied diet containing protein in order to be healthy; and

WHEREAS, eggs are an efficient, nutritious, and affordable form of animal protein on which millions of Americans rely; and

WHEREAS, Article I, Section 8, Clause 3 of the United States Constitution, also known as the Commerce Clause, was designed to ensure free trade between the states by preventing any state from imposing a tariff or other restriction on goods from another state; and

WHEREAS, California is one of the nation's largest producers and consumers of eggs for human consumption; and

WHEREAS, conventional chicken enclosures, also known as battery cages, have been proven to better protect egg-laying hens from bone breaks, cannibalism, disease, smothering, and predation than free range operations or operations using so-called "enriched cages"; and

WHEREAS, forcing egg producers to switch to "enriched cages" or nonconfinement operations drove up the cost of eggs in the European Union while also leading to food shortages and the closure of countless farms; and

WHEREAS, forcing egg farmers in America to abandon battery cages in favor of "enriched cages" or nonconfinement operations will lead to the same impacts on the U.S. economy and food supply; and

WHEREAS, the Humane Society of the United States, also known as HSUS, is America's largest animal rights group and has aggressively pursued an agenda intended to decrease and eventually eliminate the public's consumption of animal protein; and

WHEREAS, California voters adopted Proposition 2 to their state constitution in 2008, requiring the state's egg producers to switch to "enriched cages" or nonconfinement operations in a campaign led and funded by the Humane Society of the United States; and

WHEREAS, in 2010, at the behest of HSUS, the California legislature passed AB 1437, which was signed into law by Governor Arnold Schwarzenegger, prohibiting the sale of eggs from other states that do not meet the requirements of Proposition 2 of 2008; and

WHEREAS, together, California's Proposition 2 and AB 1437 violate the Commerce Clause of the U.S. Constitution by preventing free trade among the states; and

WHEREAS, together, California's Proposition 2 and AB 1437 have artificially increased egg prices and restricted the availability of affordable eggs and vital animal protein to Californians, especially low-income citizens:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, First Regular Session, the Senate concurring therein, hereby condemn California's anti-trade actions and call on the California legislature to repeal AB 1437 and urge the voters of California to reconsider and repeal Proposition 2.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCR 39**.

HOUSE CONCURRENT RESOLUTION NO. 39

WHEREAS, the 2015 Dietary Guidelines Advisory Committee (DGAC) submitted its advisory report to the Secretaries of the U.S. Department of Health and Human Services and the U.S. Department of Agriculture in February, 2015; and

WHEREAS, the purpose of the advisory report is to inform the federal government of current scientific evidence on topics related to diet, nutrition, and health; and

WHEREAS, the U.S. Department of Health and Human Services and the U.S. Department of Agriculture use the advisory report to develop national nutrition policies; and

WHEREAS, the advisory report stated that the U.S. population should be encouraged and guided to follow dietary patterns that are lower

in meats; and

WHEREAS, the advisory report stated that diets lower in animal-based foods are more health promoting; and

WHEREAS, the advisory report recommends a reduction in consumption of red meat, but then finds that red meat is an excellent source of iron, of which Americans should be encouraged to consume more in their diets; and

WHEREAS, the advisory report states that meat foods provide heme iron, which is especially important for young children and women who are pregnant, and which is more bioavailable than non-heme, plant-derived iron; and

WHEREAS, the advisory report concurred with the Nutrition Evidence Library (NEL) Dietary Patterns Systematic Review Project that dietary patterns that are lower in meats are associated with favorable outcomes related to healthy body weight and risk of obesity; and

WHEREAS, the DGAC stated that a “dietary pattern higher in plant-based foods, such as vegetables, fruits, whole grains, legumes, nuts and seeds, and lower in animal-based foods is more health promoting and is associated with lesser environmental impact than is the current average U.S. Diet”; and

WHEREAS, the DGAC’s suggestion that reducing animal-based foods in the American diet will improve health and have a positive environmental impact is not supported by scientific evidence; and

WHEREAS, the advisory report included red meat in its definition of “lean meat”, which is defined as any meat with less than 10% fat by weight including 95% lean ground beef; broiled beef steak; baked pork chops; roasted chicken breasts or legs; and smoked or cured ham; and

WHEREAS, the DGAC removes lean meats from the common characteristics of healthy dietary patterns, which is inconsistent with more than three decades of scientific evidence on the benefits of lean meat in healthy diets and is also in direct conflict with all previous editions of the Dietary Guidelines for Americans; and

WHEREAS, inconsistencies in its own recommendations and the astonishing lack of discernment in reviewing scientific evidence call into question the entirety of the DGAC’s recommendations and should not be used to form our nation’s nutritional policies:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, First Regular Session, the Senate concurring therein, hereby urge the Dietary Guidelines Advisory Committee to reevaluate its recommendations, especially regarding the consumption of meat as a component of a healthy diet; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the U.S. Department of Health and Human Services, the U.S. Department of Agriculture, and the 2015 Dietary Guidelines Advisory Committee.

In which the concurrence of the Senate is respectfully requested.

MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCS** for **SB 104**, entitled:

An Act to repeal sections 115.342, 115.348, 115.350, 116.190, 162.481, and 162.491, RSMo, and section 162.025 as enacted by house bill no. 63, ninety-eighth general assembly, first regular session, and to enact in lieu thereof six new sections relating to elections, with an emergency clause.

With House Amendment Nos. 1, 2 and 3.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Bill No. 104, Page 5, Section 162.491, Line 17, by inserting immediately after all of said section the following:

“178.820. 1. In the organization election, six trustees shall be elected at large throughout the entire proposed district. The two candidates receiving the greatest number of votes shall be elected for terms of six years each, the two receiving the next greatest number of votes for terms of four years each, the two receiving the next greatest number of votes for terms of two years each, and such terms shall be effective until the first Tuesday in April coinciding with or next following such period of years, or until the successors to such trustees have been duly elected and qualified. Thereafter, the trustees shall be elected for terms of six years each.

2. Following the initial election, the board of trustees may, at any duly called meeting, adopt a resolution calling for the formation of a redistricting committee to consider the formation of subdistricts within the community college district from which trustees are thereafter to be elected. Upon adoption of any such resolution, the secretary of the board of trustees shall forward a certified copy thereof to the coordinating board for higher education with the request that a redistricting committee be appointed in order to divide the community college districts into at least two and not more than six subdistricts for the purpose of electing trustees. The redistricting committee shall consist of three residents within the affected district, appointed by the board of trustees of the affected district, plus three additional persons residents within the affected district, appointed by the coordinating board for higher education. Thereafter, the redistricting

committee shall meet, organize itself with a chairman and secretary, and proceed with the adoption of a redistricting plan specifying at least two but not more than six subdistricts which are to the extent possible so apportioned on the basis of population that the population of any such subdistrict divided by the number of trustees to be selected therefrom substantially equals the population of any other subdistrict divided by the number of trustees to be selected therefrom. The redistricting plan referred to herein, in lieu of requiring all trustees to be elected from subdistricts, may provide for the election of one or more trustees at large and the remainder from subdistricts, or for the election of all the trustees at large with the requirement that each must reside in a certain subdistrict, so long as in any plan adopted, subdistricts are apportioned as provided above. Notwithstanding the above, the board of trustees of any community college district which contains more than four hundred fifty thousand residents shall, at the first duly called meeting following August 13, 1972, and thereafter within ninety days following the publication of the decennial census figures, adopt a resolution calling for the formation of a redistricting committee; and the redistricting committee shall adopt a redistricting plan specifying the establishment of not less than four nor more than six subdistricts compact and contiguous in territory and apportioned as provided above.

3. In any district which shall contain a city not within a county, if four subdistricts are established, then at least one subdistrict shall be within said city, and if five or six subdistricts are established, then at least two subdistricts shall be within said city.

4. Any person running for election as a trustee of a subdistrict shall be domiciled and a resident therein. Any plan proposed to be adopted must receive approval of a majority of the whole redistricting committee. Upon adoption the redistricting committee shall forward a copy of the plan certified by the secretary to the coordinating board for higher education for its approval or disapproval. The coordinating board for higher education shall approve any redistricting plan in which the population of any subdistrict divided by the number of trustees to be selected therefrom substantially equals the population of any other subdistrict divided by the number of trustees to be elected therefrom. Upon approval, the redistricting plan shall become effective and all trustees elected thereafter shall be required to be elected from subdistricts in which they are resident. If the plan is not approved, then it shall be returned to the redistricting committee for revision and resubmission. Until approval of a plan by the coordinating board for higher education, trustees of a district shall continue to run at large. Upon approval of any plan, the board of trustees shall determine by resolution the assignment of trustees to subdistricts. Any such assignment shall not affect the term of office of any such trustee. Once a district has been divided into subdistricts in accordance with the provisions hereof, it shall remain so divided until one year following the publication of the decennial census figures, by which date a new plan shall have been adopted or the trustees shall again be required to run in the district at large; provided, however, that if during the period between publications of decennial census figures the area of a district is increased or decreased, a new plan shall be adopted within one year thereafter or the trustees shall be required to run in the district at large. No member of the redistricting committee shall serve on the board of trustees for a period of six years following his service on the redistricting committee.

5. Candidates for the office of trustee shall be citizens of the United States, at least twenty-one years of age, who have been voters of the district for at least one whole year preceding the election, and if trustees are elected other than at large they shall be voters of the subdistricts for at least one whole year next preceding the election. All candidates for the first board of a district shall file their declaration of candidacy with the coordinating board for higher education.

6. Notwithstanding the provisions of this section or any other law to the contrary, the board of

trustees of the community college district in any district that contains a city not within a county shall be composed of seven members, six of whom shall each be elected to a six-year term, and one at-large member who shall be appointed to a six-year term, beginning with the board election occurring immediately after August 28, 2015. The first appointment shall be made by the mayor of a city not within a county and the second appointment shall be made by the county executive of a county with a charter form of government and with more than nine hundred fifty thousand inhabitants. All subsequent appointments shall be made on an alternating basis between such mayor and such county executive.

(1) The appointed member shall be a citizen of the United States, at least twenty-one years of age, and a registered voter of the district for at least one year preceding the appointment.

(2) No member, elected or appointed, shall be an employee or former employee of such community college district.

(3) Whenever a vacancy occurs in the appointed member's seat due to death, resignation, removal from the district, or by operation of law or otherwise, the appointing executive shall, in a like manner, appoint a competent person to fill such vacancy and shall communicate his or her action to the board secretary of the district. Such appointed member shall hold office for the remainder of the unexpired term.

(4) If a board member is found by unanimous vote of the other board members to have moved his or her residence to a district other than the district from which such board member was appointed or elected, or to have violated a duly promulgated bylaw of the district, then the office of such board member shall be vacant.

(5) The board shall have the power to make such bylaws or ordinances, rules, and regulations as they may judge most expedient for the accomplishment of the trust reposed in them, for the government of their officers and employees, to secure their accountability, and to delegate their authority as they may deem necessary to such officers and employees or to committees appointed by the board.

(6) Except as specifically provided in this section, the appointment or election and term of office for members of the board, and all other duties and responsibilities of the board, shall comply with the provisions of state law regarding trustees of community college districts.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

The network shall adequately monitor the ambient air quality for sulfur dioxide surrounding the entire electric generating source and shall operate for not less than twelve consecutive quarters. The owner of such electric generating source shall notify the department of the manner in which it intends to characterize by either modeling or monitoring the air quality around such source. The location of any monitoring network installed by the owner of such electric generating source within a one-hour sulfur dioxide National Ambient Air Quality Standards nonattainment area shall be approved by the department.

2. Affected sources located in undesignated areas that elect to use monitoring to evaluate ambient air quality shall be consulted by the department on the use of existing monitors as well as the location of any new monitors intended to comprise the sulfur dioxide monitoring network. The department shall not submit its recommendation to the Environmental Protection Agency on the manner in which data will be gathered for the designation process that is inconsistent with the elections made by affected sources under this section. Where affected sources have elected to monitor under this section, the department shall submit recommendations for the designation process by the date set by a final, effective, and applicable Environmental Protection Agency requirement relating to state attainment designations and not prior.

3. The department shall consider all ambient air quality monitoring network data collected under subsection 1 of this section and under any agreement authorized under this subsection prior to proposing to the commission any sulfur dioxide limitation, emission reduction requirement, or other requirement for purposes of the one-hour sulfur dioxide National Ambient Air Quality Standard for any electric generating source that has elected to install a monitoring network under this section, except:

(1) The department may propose to the commission any sulfur dioxide limitations or emission reduction requirements specifically agreed to in any voluntary agreement entered into between the department and any owner of an electric generating source that has elected to install a monitoring network under this section; and

(2) The department may propose to the commission any adjustments to the sulfur dioxide limitations or emission reduction requirements applicable to any electric generating source located in a sulfur dioxide nonattainment area and subject to an agreement under subdivision (1) of this subsection, as justified by an ambient air quality analysis relying on no fewer than two quarters of monitored data collected through the monitoring network allowable under subsection 1 of this section and consistent with such agreement.

4. Nothing in this section shall prohibit the department from entering into an agreement with an owner of an electric generating source to limit or reduce sulfur dioxide emissions at such affected source that is below the source's permitted sulfur dioxide emission rate.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 5, Page 1, Section A, Line 3, by inserting immediately after said line the following:

“302.341. 1. If a Missouri resident charged with a moving traffic violation of this state or any county or municipality of this state fails to dispose of the charges of which the resident is accused through authorized prepayment of fine and court costs and fails to appear on the return date or at any subsequent date to which the case has been continued, or without good cause fails to pay any fine or court costs assessed against the resident for any such violation within the period of time specified or in such installments as approved by the court or as otherwise provided by law, any court having jurisdiction over the charges shall within ten days of the failure to comply inform the defendant by ordinary mail at the last address shown on the court records that the court will order the director of revenue to suspend the defendant’s driving privileges if the charges are not disposed of and fully paid within thirty days from the date of mailing. Thereafter, if the defendant fails to timely act to dispose of the charges and fully pay any applicable fines and court costs, the court shall notify the director of revenue of such failure and of the pending charges against the defendant. Upon receipt of this notification, the director shall suspend the license of the driver, effective immediately, and provide notice of the suspension to the driver at the last address for the driver shown on the records of the department of revenue. Such suspension shall remain in effect until the court with the subject pending charge requests setting aside the noncompliance suspension pending final disposition, or satisfactory evidence of disposition of pending charges and payment of fine and court costs, if applicable, is furnished to the director by the individual. The filing of financial responsibility with the bureau of safety responsibility, department of revenue, shall not be required as a condition of reinstatement of a driver’s license suspended solely under the provisions of this section.

2. [If any city, town, village, or county receives more than thirty percent of its annual general operating revenue from fines and court costs for traffic violations, including amended charges from any traffic violation, occurring within the city, town, village, or county, all revenues from such violations in excess of thirty percent of the annual general operating revenue of the city, town, village, or county shall be sent to the director of the department of revenue and shall be distributed annually to the schools of the county in the same manner that proceeds of all penalties, forfeitures and fines collected for any breach of the penal laws of the state are distributed. The director of the department of revenue shall set forth by rule a procedure whereby excess revenues as set forth above shall be sent to the department of revenue. If any city, town, village, or county disputes a determination that it has received excess revenues required to be sent to the department of revenue, such city, town, village, or county may submit to an annual audit by the state auditor under the authority of Article IV, Section 13 of the Missouri Constitution. An accounting of the percent of annual general operating revenue from fines and court costs for traffic violations, including amended charges from any charged traffic violation, occurring within the city, town, village, or county and charged in the municipal court of that city, town, village, or county shall be included in the comprehensive annual financial report submitted to the state auditor by the city, town, village, or county under section 105.145. Any city, town, village, or county which fails to make an accurate or timely report, or to send excess revenues from such violations to the director of the department of revenue by the date on which the report is due to the state auditor shall suffer an immediate loss of jurisdiction of the municipal court of said city,

town, village, or county on all traffic-related charges until all requirements of this section are satisfied. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.] **The provisions of subsection 1 of this section shall not apply to minor traffic offenses as defined in section 479.350.”**; and

(14) Information published annually on the website of the municipality indicating how the municipality met the standards in this subsection. If there is no municipal website, the information shall be submitted to the county for publication on its website, if it has a website.

3. If any person has belief or knowledge that any municipality has failed to ensure that the standards listed in subsection 2 of this section are regularly provided and are likely to continue to be provided, he or she may make an affidavit before any person authorized to administer oaths setting forth the facts alleging the failure to meet the required standards and file the affidavit with the attorney general. It shall be the duty of the attorney general, if, in his or her opinion, the facts stated in the affidavit justify, to declare whether the municipality is operating below minimum standards,

and if it is, the municipality shall have sixty days to rectify the deficiencies in services noted by the attorney general. If after sixty days the municipality is still deemed by the attorney general to have failed to rectify sufficient minimum standards to be in compliance with those specified by subsection 2 of this section, the attorney general may file suit in the circuit court of the county. If the court finds that the municipality is not in compliance with the minimum standards specified in subsection 2 of this section, the circuit court of the county shall order the following remedies in the order listed:

The court shall enter an order directing all financial and other institutions holding funds of the municipality, as identified by the attorney general, to honor the directives of the administrative authority. Any salaries and benefits paid to the members of the governing body shall cease from the time of the appointment of the administrative authority until such time as the court determines that the governing body is entitled to resume receipt of income and enters an order to that effect;

(2) Remove from office all elected officials of the municipality the court finds are responsible for the municipality not coming into compliance with the minimum standards specified in subsection 2 of this section within ninety days from the date the court enters its order finding the municipality is not in compliance with the minimum standards specified in subsection 2 of this section. The court shall appoint new officials to fill the remainder of the terms of those removed from office in a manner to create a logical transition;

(3) If the court finds that the minimum standards specified in subsection 2 still are not established at the end of ninety days from the time of the appointment of new officials, the court may either enter an order disincorporating the municipality or order placed on the ballot the question of whether to disincorporate the municipality as provided in subsection 2 of section 479.368. The court also shall place the question of disincorporation on the ballot as provided by subsection 2 of section 479.368 if at least twenty percent of the registered voters residing in the subject municipality or forty percent of the number of voters who voted in the last municipal election, whichever is lesser, submit a petition to the court while the matter is pending, seeking disincorporation. Infinite God, You have brought us safely here to continue the work that is before us and necessary for those we serve. Curb our pride and protect us from those things that lead us away from Your teachings, while setting our minds on the things that bring about good decisions that are helpful and needed. SENATE AMENDMENT NO. 1

Amend House Bill No. 515, Page 1, In the Title, Line 3, by striking the word “police” and inserting in lieu thereof the following: “local government”; and

Further amend said bill, page 4, section 86.200, line 114, by inserting immediately after said line the following:

“86.207. 1. **Except as provided herein**, all persons who become policemen and all policemen who enter or reenter the service of [the] **any city not within a county** after the first day of October, 1957, become members as a condition of their employment and shall receive no pensions or retirement allowance from any other pension or retirement system supported wholly or in part by the city **not within a county** or the state of Missouri, nor shall they be required to make contributions under any other pension or retirement system of the city **not within a county** or the state of Missouri **for the same period of service**, anything to the contrary notwithstanding. **Any employee of a city not within a county who is earning creditable service in a retirement plan established by said city under section 95.540 and subsequently becomes a policeman may elect to remain a member of said retirement plan and shall not be required to become a member of a police retirement system established under section 86.200. However, an employee of a city not within a county who is earning creditable service in a retirement plan established by said city under section 95.540 and who subsequently becomes a policeman may elect to transfer membership and creditable service to the police retirement system created under section 86.200. Such transfers are subject to the conditions and requirements contained in section 105.691 and are also subject to any existing agreements between the said retirement plans; provided however, transfers completed prior to January 1, 2016, shall occur without regard to the vesting requirements of the receiving plan contained in section 105.691. 2. If any member ceases to be in service for more than one year unless the member has attained the age of fifty-five or has twenty years or more of creditable service, or if the member withdraws the member’s accumulated contributions or if the member receives benefits under the retirement system or dies, the member thereupon ceases to be a member; except in the case of a member who has served in the Armed Forces of the United States and has subsequently been reinstated as a policeman. A member who has terminated employment as a police officer, has actually retired and is receiving retirement benefits under the system shall be considered a retired member.

3. A reserve officer shall not be considered a member of the system for the purpose of determining

creditable service, nor shall any contributions be due. A reserve officer shall not be entitled to any benefits from the system other than those awarded when the reserve officer originally retired under section 86.250, nor shall service as a reserve officer prohibit distribution of those benefits.”; and

Further amend the title and enacting clause accordingly.

Senator Keaveny moved that the above amendment be adopted, which motion prevailed.

2. Except as provided in subsection 3 of this section, a member who served on active duty in the Armed Forces of the United States and who became a member, or returned to membership, after discharge under honorable conditions, may elect prior to retirement to purchase creditable service equivalent to such service in the Armed Forces, not to exceed two years, provided the member is not receiving and is not eligible to receive retirement credits or benefits from any other public or private retirement plan for the service to be purchased, other than a United States military service retirement system or United States Social Security benefits attributable to such military service, and an affidavit so stating is filed by the member with the retirement system. A member electing to make such purchase shall pay to the retirement system an amount equal to the actuarial cost of the additional benefits attributable to the additional service credit to be purchased, as of the date the member elects to make such purchase. Payment in full of the amount due from a member electing to purchase creditable service under this subsection shall be made over a period not to exceed five years, measured from the date of election, or prior to the commencement date for payment of benefits to the member from the retirement system, whichever is earlier, including interest on unpaid balances compounded annually at the interest rate assumed from time to time for actuarial valuations of the retirement system. If payment in full including interest is not made within the prescribed period, any partial payments made by the member shall be refunded, and no creditable service attributable to such election, or as a result of any such partial payments, shall be allowed; provided that if a benefit commencement date occurs because of the death or disability of a member who has made an election under this subsection and if the member is current in payments under an approved installment plan at the time of the death or disability, such election shall be valid if the member, the surviving spouse, or other person entitled to benefit payments pays the entire balance of the remaining amount due, including interest to the date of such payment, within sixty days after the member’s death or disability. The time of a disability shall be deemed to be the time when such member is retired by the board of police commissioners for reason of disability as provided in sections 86.900 to 86.1280.

3. Notwithstanding any other provision of sections 86.900 to 86.1280, **on or after August 28, 2015**, a member who [is on leave of absence for military service during any portion of which leave the United States is in a state of declared war, or a compulsory draft is in effect for any of the military branches of the United States, or any units of the military reserves of the United States, including the National Guard, are mobilized for combat military operations,] **returns to service from a leave of absence for active duty military**

service and who becomes entitled to reemployment rights and other employment benefits under Title 38, Chapter 43 of the U.S. Code, relating to employment and reemployment rights of members of the uniformed services by meeting the requirements for such rights and benefits under Section 4312 of said chapter, or the corresponding provisions of any subsequent applicable federal statute, shall be entitled to service credit for the time spent in such military service for all purposes of sections 86.900 to 86.1280 [and such member shall not be required to pay any member contributions for such time. If it becomes necessary for the years of such service to be included in the calculation of such member's compensation for any purpose, such member shall be deemed to have received the same compensation throughout such period of service as the member's base annual salary immediately prior to the commencement of such leave of absence; provided, however, that the foregoing provisions of this subsection shall apply only to such portion of such leave with respect to which the cumulative length of the absence and of all previous absences from a position of employment with the employer by reason of service in the uniformed services does not exceed five years except for such period of any such excess as meets the requirements for exceptions to such five-year limitation set forth in the aforesaid Section 4312] **only to the extent such member pays any required member contributions for such time. The amount of required member contributions shall be calculated on the base compensation the member would have received during such leave period. The total amount of service credit that will be granted at the member contribution rate is limited to a maximum of five years. The retirement board may waive the required contributions for military leave of absence, not to exceed three years of creditable service, if the member provides duty orders under Title 10 or Title 32 U.S.C. and discharge from active duty documentation in the form of a DD214 or NGB23.**

86.1270. 1. A retirement plan under sections 86.900 to 86.1280 is a qualified plan under the provisions of applicable federal law. The benefits and conditions of a retirement plan under sections 86.900 to 86.1280 shall always be adjusted to ensure that the tax-exempt status is maintained.

2. The retirement board shall administer the retirement system in a manner as to retain at all times qualified status under Section 401(a) of the Internal Revenue Code.

3. The retirement board shall hold in trust the assets of the retirement system for the exclusive benefit of the members and their beneficiaries and for defraying reasonable administrative expenses of the system. No part of such assets shall, at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries, be used for or diverted to any purpose other than such exclusive benefit or to any purpose inconsistent with sections 86.900 to 86.1280.

4. A member's benefit shall be one hundred percent vested and nonforfeitable upon the member's attainment of normal retirement age, which shall be the earlier of:

(1) Completion of twenty-five years of service for Tier I members and twenty-seven years of service for Tier II members;

(2) Age sixty for any Tier I member who has completed at least ten years of creditable service or age sixty for any Tier II member who has completed at least fifteen years of creditable service;

(3) Age seventy without regard to years of service; or

(4) To the extent funded, upon the termination of the system established under sections 86.900 to 86.1280 or any partial termination which affects the members or any complete discontinuance of contributions by the city to the system. Amounts representing forfeited nonvested benefits of terminated members shall not be used to increase benefits payable from the system but may be used to reduce

contributions for future plan years.

5. Distribution of benefits shall begin not later than April first of the year following the later of the calendar year during which the member becomes seventy and one-half years of age or the calendar year in which the member retires, and shall otherwise conform to Section 401(a)(9) of the Internal Revenue Code.

6. A member or beneficiary of a member shall not accrue a service retirement annuity, disability retirement annuity, death benefit, whether death occurs in the line of duty or otherwise, or any other benefit under sections 86.900 to 86.1280 in excess of the benefit limits applicable to the fund under Section 415 of the Internal Revenue Code. The retirement board shall reduce the amount of any benefit that exceeds those limits by the amount of the excess. If the total benefits under the retirement system and the benefits and contributions to which any member is entitled under any other qualified plan or plans maintained by the board of police commissioners that employs the member would otherwise exceed the applicable limits under Section 415 of the Internal Revenue Code, the benefits the member would otherwise receive from the retirement system shall be reduced to the extent necessary to enable the benefits to comply with Section 415 of the Internal Revenue Code.

7. The total salary taken into account for any purpose for any member of the retirement system shall not exceed two hundred thousand dollars per year, subject to periodic adjustments in accordance with guidelines provided by the United States Secretary of the Treasury, and shall not exceed such other limits as may be applicable at any given time under Section 401(a)(17) of the Internal Revenue Code.

8. If the amount of any benefit is to be determined on the basis of actuarial assumptions that are not otherwise specifically set forth for that purpose in sections 86.900 to 86.1280, the actuarial assumptions to be used are those earnings and mortality assumptions being used on the date of the determination by the retirement system's actuary and approved by the retirement board. The actuarial assumptions being used at any particular time shall be attached as an addendum to a copy of the retirement system's statute that is maintained by the retirement board and shall be treated for all purposes as a part of sections 86.900 to 86.1280. The actuarial assumptions may be changed by the retirement system's actuary annually if approved by the retirement board, but a change in actuarial assumptions shall not result in any decrease in benefits accrued as of the effective date of the change.

9. Any member or beneficiary who is entitled to receive any distribution that is an eligible rollover distribution, as defined by Section 402(c)(4) of the Internal Revenue Code, is entitled to have that distribution transferred directly to another eligible retirement plan of the member's or beneficiary's choice upon providing direction to the secretary of this retirement system regarding the transfer in accordance with procedures established by the retirement board. **Effective for distributions made on or after January 1, 2010, a nonspouse beneficiary may elect to directly rollover an eligible rollover distribution to an individual retirement account under Section 408(a) of the Internal Revenue Code of 1986, as amended; to an individual retirement annuity under Section 408(b) of the Internal Revenue Code of 1986, as amended; or if the participant satisfies the requirements for making a Roth contribution under Section 408(A)(c)(3)(B) of the Internal Revenue Code of 1986, as amended, to a Roth individual retirement account.**

10. For all distributions made after December 31, 2001:

(1) For the purposes of subsection 9 of this section, an eligible retirement plan shall also mean an annuity contract described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by the state, political subdivision of a

state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from the retirement system. The definition of eligible retirement plan shall also apply in the case of a distribution to a surviving spouse or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code; and

(2) For purposes of subsection 9 of this section, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, such portion may be paid only to an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Internal Revenue Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution that is includable in gross income and the portion of such distribution that is not so includable.

86.1500. 1. Whenever a member is given a leave of absence for military service and returns to employment after discharge from the service, such member shall be entitled to creditable service for the years of employment prior to the leave of absence.

2. Except as provided in subsection 3 of this section, a member who served on active duty in the Armed Forces of the United States and who became a member, or returned to membership, after discharge under honorable conditions, may elect prior to retirement to purchase creditable service equivalent to such service in the Armed Forces, not to exceed two years, provided the member is not receiving and is not eligible to receive retirement credits or benefits from any other public or private retirement plan for the service to be purchased, other than a United States military service retirement system or United States Social Security benefits attributable to such military service, and an affidavit so stating is filed by the member with the retirement system. A member electing to make such purchase shall pay to the retirement system an amount equal to the actuarial cost of the additional benefits attributable to the additional service credit to be purchased, as of the date the member elects to make such purchase. Payment in full of the amount due from a member electing to purchase creditable service under this subsection shall be made over a period not to exceed five years, measured from the date of election, or prior to the commencement date for payment of benefits to the member from the retirement system, whichever is earlier, including interest on unpaid balances compounded annually at the interest rate assumed from time to time for actuarial valuations of the retirement system. If payment in full including interest is not made within the prescribed period, any partial payments made by the member shall be refunded, and no creditable service attributable to such election, or as a result of any such partial payments, shall be allowed; provided that if a benefit commencement date occurs because of the death or disability of a member who has made an election under this subsection and if the member is current in payments under an approved installment plan at the time of the death or disability, such election shall be valid if the member, the surviving spouse or other person entitled to benefit payments pays the entire balance of the remaining amount due, including interest to the date of such payment, within sixty days after the member's death or disability. The time of a disability shall be deemed to be the time when such member is determined by the retirement board to be totally and permanently disabled as provided in section 86.1560.

3. Notwithstanding any other provision of sections 86.1310 to 86.1640, **on or after August 28, 2015**, a member who [is on leave of absence for military service during any portion of which leave the United States is in a state of declared war, or a compulsory draft is in effect for any of the military branches of the United States, or any units of the military reserves of the United States, including the National Guard, are

mobilized for combat military operations,] **returns to service from a leave of absence for active duty military service** and who becomes entitled to reemployment rights and other employment benefits under Title 38, Chapter 43 of the U.S. Code, relating to employment and reemployment rights of members of the uniformed services by meeting the requirements for such rights and benefits under Section 4312 of said chapter, or the corresponding provisions of any subsequent applicable federal statute, shall be entitled to service credit for the time spent in such military service for all purposes of sections 86.1310 to 86.1640 [and such member shall not be required to pay any member contributions for such time. If it becomes necessary for the years of such service to be included in the calculation of such member's compensation for any purpose, such member shall be deemed to have received the same compensation throughout such period of service as the member's base annual salary immediately prior to the commencement of such leave of absence; provided, however, that the foregoing provisions of this subsection shall apply only to such portion of such leave with respect to which the cumulative length of the absence and of all previous absences from a position of employment with the employer by reason of service in the uniformed services does not exceed five years except for such period of any such excess as meets the requirements for exceptions to such five-year limitation set forth in the aforesaid Section 4312] **only to the extent such member pays any required member contributions for such time. The amount of required member contributions shall be calculated on the base compensation the member would have received during such leave period. The total amount of service credit that will be granted at the member contribution rate is limited to a maximum of five years. The retirement board may waive the required contributions for military leave of absence, not to exceed three years of creditable service, if the member provides duty orders under Title 10 or Title 32 U.S.C. and discharge from active duty documentation in the form of a DD214 or NGB23.**

86.1630. 1. A retirement plan under sections 86.1310 to 86.1640 is a qualified plan under the provisions of applicable federal law. The benefits and conditions of a retirement plan under sections 86.1310 to 86.1640 shall always be adjusted to ensure that the tax-exempt status is maintained.

2. The retirement board shall administer this retirement system in such manner as to retain at all times qualified status under Section 401(a) of the Internal Revenue Code.

3. The retirement board shall hold in trust the assets of the retirement system for the exclusive benefit of the members and their beneficiaries and for defraying reasonable administrative expenses of the system. No part of such assets shall, at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries, be used for or diverted to any purpose other than such exclusive benefit or to any purpose inconsistent with sections 86.1310 to 86.1640.

4. A member's benefit shall be one hundred percent vested and nonforfeitable upon the member's attainment of normal retirement age, which shall be the earlier of:

(1) The attaining of the age of sixty-five or the member's tenth anniversary of employment, whichever is later for any Tier I member, or the attaining of the age of sixty-seven or the member's twentieth anniversary of employment, whichever is later for any Tier II member;

(2) For any Tier I member when the total sum of age and years of creditable service equals or exceeds eighty, or for any Tier II member when the total sum of age and years of creditable service equals or exceeds eighty-five; or

(3) To the extent funded, upon the termination of the system established under sections 86.1310 to 86.1640 or any partial termination which affects the member or any complete discontinuance of

contributions by the city to the system. Amounts representing forfeited nonvested benefits of terminated members shall not be used to increase benefits payable from the system but may be used to reduce contributions for future plan years.

5. Distribution of benefits shall begin not later than April first of the year following the later of the calendar year during which the member becomes seventy and one-half years of age or the calendar year in which the member retires, and shall otherwise conform to Section 401(a)(9) of the Internal Revenue Code.

6. A member or beneficiary of a member shall not accrue a service retirement annuity, disability retirement annuity, death benefit, whether death occurs in the line of duty or otherwise, or any other benefit under sections 86.1310 to 86.1640 in excess of the benefit limits applicable to the fund under Section 415 of the Internal Revenue Code. The retirement board shall reduce the amount of any benefit that exceeds the limits of this section by the amount of the excess. If the total benefits under the retirement system and the benefits and contributions to which any member is entitled under any other qualified plan or plans maintained by the board of police commissioners that employs the member would otherwise exceed the applicable limits under Section 415 of the Internal Revenue Code, the benefits the member would otherwise receive from the retirement system are reduced to the extent necessary to enable the benefits to comply with Section 415 of the Internal Revenue Code.

7. The total salary taken into account for any purpose for any member of the retirement system shall not exceed two hundred thousand dollars per year, subject to periodic adjustments in accordance with guidelines provided by the United States Secretary of the Treasury and may not exceed such other limits as may be applicable at any given time under Section 401(a)(17) of the Internal Revenue Code.

8. If the amount of any benefit is determined on the basis of actuarial assumptions that are not specifically set forth for that purpose in sections 86.1310 to 86.1640, the actuarial assumptions to be used are those earnings and mortality assumptions used on the date of the determination by the retirement system's actuary and approved by the retirement board. The actuarial assumptions used at any particular time shall be attached as an addendum to a copy of the retirement system's statute maintained by the retirement board and shall be treated for all purposes as part of sections 86.1310 to 86.1640. The actuarial assumptions may be changed by the retirement system's actuary annually if approved by the retirement board, but a change in actuarial assumptions shall not result in any decrease in benefits accrued as of the effective date of the change.

9. Any member or beneficiary who is entitled to receive any distribution that is an eligible rollover distribution, as defined by Section 402(c)(4) of the Internal Revenue Code, is entitled to have that distribution transferred directly to another eligible retirement plan of the member's or beneficiary's choice upon providing direction to the secretary of the retirement system regarding the transfer in accordance with procedures established by the retirement board. **Effective for distributions made on or after January 1, 2010, a nonspouse beneficiary may elect to directly rollover an eligible rollover distribution to an individual retirement account under Section 408(a) of the Internal Revenue Code of 1986, as amended; to an individual retirement annuity under Section 408(b) of the Internal Revenue Code of 1986, as amended; or if the participant satisfies the requirements for making a Roth contribution under Section 408(A)(c)(3)(B) of the Internal Revenue Code of 1986, as amended, to a Roth individual retirement account.**

10. For all distributions made after December 31, 2001:

(1) For the purposes of subsection 9 of this section, an eligible retirement plan shall also mean an annuity described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from the retirement system. The definition for eligible retirement plan shall also apply in the case of a distribution to a surviving spouse or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code; and

SENATE AMENDMENT NO. 2

Amend Senate Bill No. 497, Page 4, Section 67.955, Line 11, by inserting immediately after all of said line the following:

“644.145. 1. When issuing permits under this chapter that incorporate a new requirement for discharges from publicly owned combined or separate sanitary or storm sewer systems or **water or sewer** treatment works, or when enforcing provisions of this chapter or the Federal Water Pollution Control Act, 33 U.S.C. Section 1251, et seq., pertaining to any portion of a publicly owned combined or separate sanitary or storm sewer system or **water or sewer** treatment works, the department of natural resources shall make a finding of affordability on the costs to be incurred and the impact of any rate changes on ratepayers upon which to base such permits and decisions, to the extent allowable under this chapter and the Federal Water Pollution Control Act.

2. (1) The department of natural resources shall not be required under this section to make a finding of affordability when:

(a) Issuing collection system extension permits;

(b) Issuing National Pollution Discharge Elimination System operating permit renewals which include no new environmental requirements; or

(c) The permit applicant certifies that the applicable requirements are affordable to implement or otherwise waives the requirement for an affordability finding; however, at no time shall the department require that any applicant certify, as a condition to approving any permit, administrative or civil action, that a requirement, condition, or penalty is affordable.

(2) The exceptions provided under paragraph (c) of subdivision (1) of this subsection do not apply when the community being served has less than three thousand three hundred residents.

3. When used in this chapter and in standards, rules and regulations promulgated pursuant to this chapter, the following words and phrases mean:

(1) “Affordability”, with respect to payment of a utility bill, a measure of whether an individual customer or household with an income equal to [the] **or** lower [of] **than** the median household income for their community [or the state of Missouri] can pay the bill without undue hardship or unreasonable sacrifice in the essential lifestyle or spending patterns of the individual or household, taking into consideration the criteria described in subsection 4 of this section;

(2) “Financial capability”, the financial capability of a community to make investments necessary to make water quality-related improvements;

(3) “Finding of affordability”, a department statement as to whether an individual or a household

receiving as income an amount equal to [the] **or** lower [of] **than** the median household income for the applicant community [or the state of Missouri] would be required to make unreasonable sacrifices in [their] **the individual's or the household's** essential lifestyle or spending patterns or undergo hardships in order to make the projected monthly payments for sewer services. The department shall make a statement that the proposed changes meet the definition of affordable, or fail to meet the definition of affordable, or are implemented as a federal mandate regardless of affordability.

4. The department of natural resources shall adopt procedures by which it will make affordability findings that evaluate the affordability of permit requirements and enforcement actions described in subsection 1 of this section, and may begin implementing such procedures prior to promulgating implementing regulations. The commission shall have the authority to promulgate rules to implement this section pursuant to chapters 536 and 644, and shall promulgate such rules as soon as practicable. Affordability findings shall be based upon reasonably verifiable data and shall include an assessment of affordability with respect to persons or entities affected. The department shall offer the permittee an opportunity to review a draft affordability finding, and the permittee may suggest changes and provide additional supporting information, subject to subsection 6 of this section. The finding shall be based upon the following criteria:

- (1) A community's financial capability and ability to raise or secure necessary funding;
- (2) Affordability of pollution control options for the individuals or households at or below the median household income level of the community;
- (3) An evaluation of the overall costs and environmental benefits of the control technologies;
- (4) Inclusion of ongoing costs of operating and maintaining the existing wastewater collection and treatment system, including payments on outstanding debts for wastewater collection and treatment systems when calculating projected rates;
- (5) An inclusion of ways to reduce economic impacts on distressed populations in the community, including but not limited to low- and fixed-income populations. This requirement includes but is not limited to:
 - (a) Allowing adequate time in implementation schedules to mitigate potential adverse impacts on distressed populations resulting from the costs of the improvements and taking into consideration local community economic considerations; and
 - (b) Allowing for reasonable accommodations for regulated entities when inflexible standards and fines would impose a disproportionate financial hardship in light of the environmental benefits to be gained;
- (6) An assessment of other community investments and operating costs relating to environmental improvements and public health protection;
- (7) An assessment of factors set forth in the United States Environmental Protection Agency's guidance, including but not limited to the "Combined Sewer Overflow Guidance for Financial Capability Assessment and Schedule Development" that may ease the cost burdens of implementing wet weather control plans, including but not limited to small system considerations, the attainability of water quality standards, and the development of wet weather standards; and
- (8) An assessment of any other relevant local community economic condition.

5. Prescriptive formulas and measures used in determining financial capability, affordability, and

thresholds for expenditure, such as median household income, should not be considered to be the only indicator of a community's ability to implement control technology and shall be viewed in the context of other economic conditions rather than as a threshold to be achieved.

6. Reasonable time spent preparing draft affordability findings, allowing permittees to review draft affordability findings or draft permits, or revising draft affordability findings, shall be allowed in addition to the department's deadlines for making permitting decisions pursuant to section 644.051.

7. If the department of natural resources fails to make a finding of affordability where required by this section, then the resulting permit or decision shall be null, void and unenforceable.

8. The department of natural resources' findings under this section may be appealed to the commission pursuant to subsection 6 of section 644.051.

9. The department shall file an annual report by the beginning of the fiscal year with the governor, the speaker of the house of representatives, the president pro tempore of the senate, and the chairs of the committees in both houses having primary jurisdiction over natural resource issues showing at least the following information on the findings of affordability completed in the previous calendar year:

(1) The total number of findings of affordability issued by the department, those categorized as affordable, those categorized as not meeting the definition of affordable, and those implemented as a federal mandate regardless of affordability;

(2) The average increase in sewer rates both in dollars and percentage for all findings found to be affordable;

(3) The average increase in sewer rates as a percentage of median house income in the communities for those findings determined to be affordable and a separate calculation of average increases in sewer rates for those found not to meet the definition of affordable;

(4) A list of all the permit holders receiving findings, and for each permittee the following data taken from the finding of affordability shall be listed:

(a) Current and projected monthly residential sewer rates in dollars;

(b) Projected monthly residential sewer rates as a percentage of median [house] **household** income;

(c) Percentage of households at or below the state poverty rate.”; and

(3) The twenty most common outpatient surgical procedures and the twenty most common imaging procedures, by volume, performed in a hospital outpatient setting required under subsection 10 of this section.

Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.”; and

Journal of the Senate

FIRST REGULAR SESSION

FIFTY-NINTH DAY—TUESDAY, APRIL 28, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Train yourself in godliness, for while physical training is of some value, godliness is valuable in every way...” (I Timothy 4:8)

Almighty God, Your words are an abrupt call to us as a reminder of what is required for a disciplined, godly life. We would ask that You nurture our souls in faith and give us hearts that long for the things that You will bless. And, may we do what we can to alleviate suffering, and provide justice and peace for the people of Baltimore and Ferguson, making You the center of all our actions. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

If the court finds that the petitioner has not been found guilty of, and has no pending charges for any offense related to alcohol, controlled substances, or drugs and has no other alcohol-related enforcement contacts as defined in section 302.525 during the preceding five years, and that the petitioner's habits and conduct show such petitioner to no longer pose a threat to the public safety of this state, the court shall order the director to issue a license to the petitioner if the petitioner is otherwise qualified pursuant to the provisions of sections 302.010 to 302.540;

(11) To any person who is otherwise disqualified pursuant to the provisions of chapter 302, chapter 303, or section 544.046;

(12) To any person who is under the age of eighteen years, if such person's parents or legal guardians

file a certified document with the department of revenue stating that the director shall not issue such person a driver's license. Each document filed by the person's parents or legal guardians shall be made upon a form furnished by the director and shall include identifying information of the person for whom the parents or legal guardians are denying the driver's license. The document shall also contain identifying information of the person's parents or legal guardians. The document shall be certified by the parents or legal guardians to be true and correct. This provision shall not apply to any person who is legally emancipated. The parents or legal guardians may later file an additional document with the department of revenue which reinstates the person's ability to receive a driver's license.

2. Any person whose license is reinstated under the provisions of subdivision (9) or (10) of subsection 1 of this section shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device required for reinstatement under this subsection and for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of subsection 3 of section 302.309 shall have a photo identification technology feature, and a court may require a global positioning system feature for such device. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended [for an additional six months] **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be suspended [for the remainder of the six-month period or] until proof as required by this section is filed with the director. [Upon the completion of the six-month period, the license shall be shown as reinstated, if the person is otherwise eligible.]

3. Any person who petitions the court for reinstatement of his or her license pursuant to subdivision (9) or (10) of subsection 1 of this section shall make application with the Missouri state highway patrol as provided in section 43.540, and shall submit two sets of fingerprints collected pursuant to standards as determined by the highway patrol. One set of fingerprints shall be used by the highway patrol to search the criminal history repository and the second set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files. At the time of application, the applicant shall supply to the highway patrol the court name and case number for the court where he or she has filed his or her petition for reinstatement. The applicant shall pay the fee for the state criminal history check pursuant to section 43.530 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal criminal history record. The Missouri highway patrol, upon receipt of the results of the criminal history check, shall forward a copy of the results to the circuit court designated by the applicant and to the department. Notwithstanding the provisions of section 610.120, all records related to any criminal history check shall be accessible and available to the director and the court.

302.304. 1. The director shall notify by ordinary mail any operator of the point value charged against the operator's record when the record shows four or more points have been accumulated in a twelve-month period.

2. In an action to suspend or revoke a license or driving privilege under this section points shall be accumulated on the date of conviction. No case file of any conviction for a driving violation for which points may be assessed pursuant to section 302.302 may be closed until such time as a copy of the record of such conviction is forwarded to the department of revenue.

3. The director shall suspend the license and driving privileges of any person whose driving record shows the driver has accumulated eight points in eighteen months.

4. The license and driving privilege of any person whose license and driving privilege have been suspended under the provisions of sections 302.010 to 302.540 except those persons whose license and driving privilege have been suspended under the provisions of subdivision (8) of subsection 1 of section 302.302 or has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 and who has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible, shall be reinstated as follows:

(1) In the case of an initial suspension, thirty days after the effective date of the suspension;

(2) In the case of a second suspension, sixty days after the effective date of the suspension;

(3) In the case of the third and subsequent suspensions, ninety days after the effective date of the suspension.

Unless proof of financial responsibility is filed with the department of revenue, a suspension shall continue in effect for two years from its effective date.

5. The period of suspension of the driver's license and driving privilege of any person under the provisions of subdivision (8) of subsection 1 of section 302.302 or who has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 shall be thirty days, followed by a sixty-day period of restricted driving privilege as defined in section 302.010. Upon completion of such period of restricted driving privilege, upon compliance with other requirements of law and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. If a person, otherwise subject to the provisions of this subsection, files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated. Upon completion of such ninety-day period of restricted driving privilege, upon compliance with other requirements of law, and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege.

6. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, or, if applicable, if the person fails to maintain proof that any vehicle operated is equipped with a functioning,

certified ignition interlock device installed pursuant to subsection 5 of this section, the person's driving privilege and license shall be resuspended.

7. The director shall revoke the license and driving privilege of any person when the person's driving record shows such person has accumulated twelve points in twelve months or eighteen points in twenty-four months or twenty-four points in thirty-six months. The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the Armed Forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the Armed Forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a limited driving privilege granted by a court or the director of revenue.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, except any suspension or revocation issued under

section 302.410, 302.462, or 302.574, the person or nonresident has not paid the reinstatement fee of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this state. Any person who has had his or her license suspended or revoked under section 302.410, 302.462, or 302.574, shall be required to pay the reinstatement fee.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee in an amount to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010 or a program determined to be comparable by the department of mental health. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053.

16. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the

division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program.

17. Any person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a conviction for an intoxication-related traffic offense as defined under section 577.001, and who has a prior alcohol-related enforcement contact as defined under section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement of the license. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended [for an additional six months] **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be resuspended or revoked and the person shall be guilty of a class A misdemeanor.

302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges, except as provided under subdivision (8) of this subsection. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

(a) A business, occupation, or employment;

(b) Seeking medical treatment for such operator;

(c) Attending school or other institution of higher education;

(d) Attending alcohol or drug treatment programs;

(e) Seeking the required services of a certified ignition interlock device provider; or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator, the court or director may grant such limited driving privilege as the circumstances of the case justify if the

court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of [paragraph (a) of] subdivision (6) of this subsection [on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or] **if such person has a license denial under paragraph (a) or (b) of subdivision (8) of this subsection[, or a license revocation under paragraph (g) of subdivision (6) of this subsection,] or on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license revocation under subdivision (2) of subsection 2 of section 302.525, or sections 302.574 or 577.041,** until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege. The ignition interlock device required for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of this subsection shall have a photo identification technology feature, and a court may require a global positioning system feature for such device.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. The court order or the director's grant of the limited or restricted driving privilege shall also indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle with the limited driving privilege. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation

of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege whose license at the time of application has been suspended or revoked for the following reasons:

(a) [A conviction of violating the provisions of section 577.010 or 577.012, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b)] A conviction of any felony in the commission of which a motor vehicle was used **and such conviction occurred within the five year period prior to the date of application. However, any felony conviction for leaving the scene of an accident under section 577.060 shall not render the applicant ineligible for a limited driving privilege under this section;**

[(c)] **(b)** Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), **or** (10) [or (11)] of subsection 1 of section 302.060; **or**

[(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, or having left the scene of an accident as provided in section 577.060];

[(e) Due to a revocation for failure to submit to a chemical test pursuant to section 302.574 or due to a refusal to submit to a chemical test in any other state, unless such person has completed the first ninety days of such revocation and files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, provided the person is not otherwise ineligible for a limited driving privilege;

[(f)] **(c)** Due to a suspension pursuant to **subdivision (8) or (10) of subsection 1 of section 302.302 or** subsection 2 of section 302.525 [and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or

(g) Due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed the first forty-five days of such revocation, provided the person is not otherwise ineligible for a limited driving privilege].

(7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, cancelled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose of operating a noncommercial motor vehicle provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege.

(8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall

present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of acting with criminal negligence while driving while intoxicated to cause the death of another person, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(9) A DWI docket or court established under section 478.007 may grant a limited driving privilege to a participant in or graduate of the program who would otherwise be ineligible for such privilege under another provision of law. [The DWI docket or court shall not grant a limited driving privilege to a participant during his or her initial forty-five days of participation.]

4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

302.525. 1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed to have received the notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is received by or postmarked to the department within that fifteen-day period, the effective date

of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay.

2. The period of license suspension or revocation under this section shall be as follows:

(1) If the person's driving record shows no prior alcohol-related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege as defined in section 302.010 and issued by the director of revenue. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible. The restricted driving privilege shall indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle. A copy of the restricted driving privilege shall be given to the person and such person shall carry a copy of the restricted driving privilege while operating a motor vehicle. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section. If a person otherwise subject to the provisions of this subdivision files proof of installation with the department of revenue that any vehicle that he or she operates is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. Upon completion of such ninety-day period of restricted driving privilege, compliance with other requirements of law, and filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated;

(2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol-related enforcement contacts during the immediately preceding five years;

(3) In no case shall restricted driving privileges be issued under this section to any person whose driving record shows one or more prior alcohol-related enforcement contacts until the person has [completed the first thirty days of a suspension under this section and has] filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of the restricted driving privilege. If the person fails to maintain such proof the restricted driving privilege shall be terminated.

3. For purposes of this section, "alcohol-related enforcement contacts" shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving while intoxicated, driving while under the influence of drugs or alcohol, or driving a vehicle while having an unlawful alcohol concentration.

4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012 or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol-related traffic offense, both the suspension or revocation under this section and any other suspension or revocation arising from such convictions shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation arising from such convictions, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

5. Any person who has had a license to operate a motor vehicle revoked under this section or suspended under this section with one or more prior alcohol-related enforcement contacts showing on their driver record shall be required to file proof with the director of revenue that any motor vehicle operated by that person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended [for an additional six months] **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be suspended or revoked, [as applicable] **until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor**.

302.574. 1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation.

2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following:

(1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

- (2) That the person refused to submit to a chemical test;
- (3) Whether the officer secured the license to operate a motor vehicle of the person;
- (4) Whether the officer issued a fifteen-day temporary permit;
- (5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and
- (6) Any license, which the officer has taken into possession, to operate a motor vehicle.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the county in which the arrest or stop occurred. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

- (1) Whether the person was arrested or stopped;
- (2) Whether the officer had:
 - (a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or
 - (b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or
 - (c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and
- (3) Whether the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of alcohol and drug abuse of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of alcohol and drug abuse under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053.

9. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program.

10. Any person who has had a license to operate a motor vehicle revoked under this section and who has a prior alcohol-related enforcement contact, as defined in section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning,

certified ignition interlock device as a required condition of license reinstatement. Such ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended [for an additional six months] **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director as required by this section, the license shall be rerevoked **until proof as required by this section is filed with the director**, and the person shall be guilty of a class A misdemeanor.

11. The revocation period of any person whose license and driving privilege has been revoked under this section and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked.

12. A person commits the offense of failure to maintain proof with the Missouri department of revenue if, when required to do so, he or she fails to file proof with the director of revenue that any vehicle operated by the person is equipped with a functioning, certified ignition interlock device or fails to file proof of financial responsibility with the department of revenue in accordance with chapter 303. The offense of failure to maintain proof with the Missouri department of revenue is a class A misdemeanor.

478.007. 1. Any circuit court, or any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants with a county municipal court established under section 66.010, may establish a docket or court to provide an alternative for the judicial system to dispose of cases in which a person has pleaded guilty to driving while intoxicated or driving with excessive blood alcohol content and:

(1) The person was operating a motor vehicle with at least fifteen-hundredths of one percent or more by weight of alcohol in such person's blood; or

(2) The person has previously pleaded guilty to or has been found guilty of one or more intoxication-related traffic offenses as defined by section 577.023; or

(3) The person has two or more previous alcohol-related enforcement contacts as defined in section 302.525.

2. This docket or court shall combine judicial supervision, drug testing, continuous alcohol monitoring, **as defined in section 577.001**, substance abuse traffic offender program compliance, and treatment of DWI court participants. The court may assess any and all necessary costs for participation in DWI court against the participant. Any money received from such assessed costs by a court from a defendant shall not be considered court costs, charges, or fines. This docket or court may operate in conjunction with a drug court established pursuant to sections 478.001 to 478.006.

3. If the division of probation and parole is otherwise unavailable to assist in the judicial supervision of any person who wishes to enter a DWI court, a court-approved private probation service may be utilized by the DWI court to fill the division's role. In such case, any and all necessary additional costs may be assessed against the participant. No person shall be rejected from participating in DWI court solely for the reason that the person does not reside in the city or county where the applicable DWI court is located but the DWI court can base acceptance into a treatment court program on its ability to adequately provide services for the person or handle the additional caseload.

The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. (6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for eighteen thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030.

9. No later than January 1, 2009, the director of revenue shall commence the reissuance of new license plates of such design as directed by the director consistent with the terms, conditions, and provisions of this section and this chapter. As part of the transfer process described herein, the respective retirement plans may require the employee to acknowledge and agree as a condition of transfer that any election made under this section is irrevocable, constitutes a waiver of any right to receive retirement and disability benefits except as provided by the police retirement system, and that plan terms may be modified in the future.**

Journal of the Senate

FIRST REGULAR SESSION

SIXTIETH DAY—WEDNESDAY, APRIL 29, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“My flesh and my heart may fail, but God is the strength of my heart and my portion forever.” (Psalm 73:26)

Loving God, You bless us with Your loving care and offer us refuge as the stress of these days grows more intent. So, we desire to draw closer to You so our lives experience Your calming presence, which quiets our hearts and minds so we may reflect Your mercy and goodness in what we do here. And, may gentleness abound in our work with our staff and our appreciation of them be known. In Your Holy Name we pray. Amen.

(2) **Until the election in 2016**, four trustees to be elected for terms of four years by and from the members of the retirement system; provided, however, that the terms of office of the first four trustees so elected shall begin immediately upon their election and shall expire one, two, three, and four years from the date the retirement system becomes operative, respectively, **but beginning at the election in 2016, three trustees;**

(3) **Beginning at the election in 2016, one trustee shall be a person employed as a teacher or administrator at a charter school, as “charter school” is defined in section 169.270, elected for a term of four years by and from the members of the retirement system;**

(4) The ninth trustee shall be the superintendent of schools of the school district;

[(4)] (5) The tenth trustee shall be one retirant of the retirement system elected for a term of four years beginning the first day of January immediately following August 13, 1986, by the retirants of the retirement system;

[(6)] (7) The twelfth trustee shall be a retirant of the retirement system elected for a term of four years beginning the first day of January immediately following August 28, 1992, by the retirants of the retirement system.

2. If a vacancy occurs in the office of a trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled, except that the board of trustees may appoint a qualified person to fill the vacancy in the office of an elected member until the next regular election at which time a member shall be elected for the unexpired term. No vacancy or vacancies on the board of trustees shall impair the power of the remaining trustees to administer the retirement system pending the filling of such vacancy or vacancies.

3. In the event of a lapse of the school district’s corporate organization as described in subsections 1 and 4 of section 162.081, the general administration and responsibility for the proper operation of the retirement system shall continue to be vested in a twelve-person board of trustees, all of whom shall be resident taxpayers of a city, other than a city not within a county, of four hundred thousand or more. In such event, if vacancies occur in the offices of the four trustees appointed, prior to the lapse, by the board of education, or in the offices of the four trustees elected, prior to the lapse, by the members of the retirement system, or in the office of trustee held, prior to the lapse, by the superintendent of schools in the school district, as provided in subdivisions (1), (2) and (3) of subsection 1 of this section, the board of trustees shall appoint a qualified person to fill each vacancy and subsequent vacancies in the office of trustee for terms of up to four years, as determined by the board of trustees.

4. Each trustee shall, before assuming the duties of a trustee, take the oath of office before the court of the judicial circuit or one of the courts of the judicial circuit in which the school district is located that so

far as it devolves upon the trustee, such trustee shall diligently and honestly administer the affairs of the board of trustees and that the trustee will not knowingly violate or willingly permit to be violated any of the provisions of the law applicable to the retirement system. Such oath shall be subscribed to by the trustee making it and filed in the office of the clerk of the circuit court.

5. Each trustee shall be entitled to one vote in the board of trustees. Seven trustees shall constitute a quorum at any meeting of the board of trustees. At any meeting of the board of trustees where a quorum is present, the vote of at least seven of the trustees in support of a motion, resolution or other matter is necessary to be the decision of the board; provided, however, that in the event of a lapse in the school district's corporate organization as described in subsections 1 and 4 of section 162.081, a majority of the trustees then in office shall constitute a quorum at any meeting of the board of trustees, and the vote of a majority of the trustees then in office in support of a motion, resolution or other matter shall be necessary to be the decision of the board.

6. The board of trustees shall have exclusive original jurisdiction in all matters relating to or affecting the funds herein provided for, including, in addition to all other matters, all claims for benefits or refunds, and its action, decision or determination in any matter shall be reviewable in accordance with chapter 536 or chapter 621. Subject to the limitations of sections 169.270 to 169.400, the board of trustees shall, from time to time, establish rules and regulations for the administration of funds of the retirement system, for the transaction of its business, and for the limitation of the time within which claims may be filed.

7. The trustees shall serve without compensation. The board of trustees shall elect from its membership a chairman and a vice chairman. The board of trustees shall appoint an executive director who shall serve as the administrative officer of the retirement system and as secretary to the board of trustees. It shall employ one or more persons, firms or corporations experienced in the investment of moneys to serve as investment counsel to the board of trustees. The compensation of all persons engaged by the board of trustees and all other expenses of the board necessary for the operation of the retirement system shall be paid at such rates and in such amounts as the board of trustees shall approve, and shall be paid from the investment income.

8. The board of trustees shall keep in convenient form such data as shall be necessary for actuarial valuations of the various funds of the retirement system and for checking the experience of the system.

9. The board of trustees shall keep a record of all its proceedings which shall be open to public inspection. It shall prepare annually and furnish to the board of education and to each member of the retirement system who so requests a report showing the fiscal transactions of the retirement system for the preceding fiscal year, the amount of accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system.

10. The board of trustees shall have, in its own name, power to sue and to be sued, to enter into contracts, to own property, real and personal, and to convey the same; but the members of such board of trustees shall not be personally liable for obligations or liabilities of the board of trustees or of the retirement system.

11. The board of trustees shall arrange for necessary legal advice for the operation of the retirement system.

12. The board of trustees shall designate a medical board to be composed of three or more physicians who shall not be eligible for membership in the system and who shall pass upon all medical examinations

required under the provisions of sections 169.270 to 169.400, shall investigate all essential statements and certificates made by or on behalf of a member in connection with an application for disability retirement and shall report in writing to the board of trustees its conclusions and recommendations upon all matters referred to it.

13. The board of trustees shall designate an actuary who shall be the technical advisor of the board of trustees on matters regarding the operation of the retirement system and shall perform such other duties as are required in connection therewith. Such person shall be qualified as an actuary by membership as a Fellow of the Society of Actuaries or by similar objective standards.

14. At least once in each five-year period the actuary shall make an investigation into the actuarial experience of the members, retirants and beneficiaries of the retirement system and, taking into account the results of such investigation, the board of trustees shall adopt for the retirement system such actuarial assumptions as the board of trustees deems necessary for the financial soundness of the retirement system.

15. On the basis of such actuarial assumptions as the board of trustees adopts, the actuary shall make annual valuations of the assets and liabilities of the funds of the retirement system.

16. The rate of contribution payable by the employers shall equal one and ninety-nine one-hundredths percent, effective July 1, 1993; three and ninety-nine one-hundredths percent, effective July 1, 1995; five and ninety-nine one-hundredths percent, effective July 1, 1996; seven and one-half percent effective January 1, 1999, and for subsequent calendar years through 2013. For calendar year 2014 and each subsequent year, the rate of contribution payable by the employers for each year shall be determined by the actuary for the retirement system in the manner provided in subsection 4 of section 169.350 and shall be certified by the board of trustees to the employers at least six months prior to the date such rate is to be effective.

17. In the event of a lapse of a school district's corporate organization as described in subsections 1 and 4 of section 162.081, no retirement system, nor any of the assets of any retirement system, shall be transferred to or merged with another retirement system without prior approval of such transfer or merge by the board of trustees of the retirement system.

169.450. 1. The general administration and responsibility for the proper operation of the retirement system and for making effective the provisions of sections 169.410 to 169.540 are hereby vested in a board of trustees of eleven persons, as follows:

(1) Four trustees to be appointed for terms of four years by the board of education; provided, however, that their terms shall be fixed so the terms of one of the trustees so appointed shall expire each year. The members of such board of trustees appointed by the board of education may be members of the board of education or other individuals deemed qualified to hold such positions by the board of education;

(2) Four trustees to be elected for terms of four years by and from the active members of the retirement system who shall hold office as trustees only while active members; provided, however, that their terms shall be fixed so that the terms of one of the trustees so elected shall expire each year; and provided further, that [not more than] **at least** two of such persons shall be teachers and [two] **not more than one** shall be [nonteachers] **a nonteacher, and beginning in 2016, one shall be a person employed as a teacher or administrator at a charter school, as "charter school" is defined in section 169.270, and elected for a term of four years by the members of the retirement system.** For the purposes of this subsection, a school administrator shall not be eligible for the positions established pursuant to this subdivision and shall be eligible for the position established pursuant to subdivision (4) of this subsection;

(3) Two trustees, who shall be retired members, to be elected for terms of four years by and from the retired members of the retirement system; provided, however, that the terms of office of the first two trustees so elected shall begin immediately upon their election and shall expire two and four years from the date of their election, respectively; and provided further, that not more than one of such persons shall be a teacher and one shall be a nonteacher;

(4) One member, who shall be a school administrator, to be elected for a term of four years by and from the active members of the retirement system who shall hold office as a trustee only while an active member; except that, the initial term of office of such trustee shall expire on December 31, 1999.

2. If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled. No vacancy or vacancies on the board of trustees shall impair the power of the remaining trustees to administer the retirement system pending the filling of such vacancies.

3. In the event of a lapse of a school district's corporate organization as described in subsections 1 and 4 of section 162.081, or for any other reason, the general administration and the responsibility for the proper operation of the retirement system shall continue to be fully vested in the trustees then currently serving and such trustees shall continue to serve and be elected in the same manner as set forth in this statute as if no lapse had occurred, except that in the event of vacancies occurring in the office of trustees appointed by the board of education prior to the lapse, the board of trustees shall appoint a qualified person or persons to fill such vacancy or vacancies for terms of up to four years.

4. Trustees shall serve without compensation, and any trustee shall be reimbursed from the expense fund for all necessary expenses which the trustee may incur through service on the board of trustees.

5. Each trustee shall, within ten days after such trustee's appointment or election, take an oath of office before the clerk of the circuit court of the judicial circuit in which the school district is located that, so far as it devolves upon the trustee, the trustee will diligently and honestly administer the affairs of the board of trustees and that the trustee will not knowingly violate or willingly permit to be violated any of the provisions of the law applicable to the retirement system. Such oath shall be subscribed to by the trustee making it and filed in the office of the clerk of the circuit court.

6. The circuit court of the judicial circuit in which the school district is located shall have jurisdiction over the members of the board of trustees to require them to account for their official conduct in the management and disposition of the funds and property committed to their charge; to order, decree and compel payment by them to the public school retirement system of their school district of all sums of money, and of the value of all property which may have been improperly retained by them, or transferred to others, or which may have been lost or wasted by any violation of their duties or abuse of their powers as such members of such board; to remove any such member upon proof that the trustee has abused the trustee's trust or has violated the duties of the trustee's office; to restrain and prevent any alienation or disposition of property of such public school retirement system by the members, in cases where it may be threatened, or there is good reason to apprehend that it is intended to be made in fraud of the rights and interests of such public school retirement system. The jurisdiction conferred by sections 169.410 to 169.540 shall be exercised as in ordinary cases upon petition, filed by the board of education of such school district, or by any two members of the board of trustees. Such petition shall be heard in a summary manner after ten days' notice in writing to the member complained of, and an appeal shall lie from the judgment of the circuit court as in other causes and be speedily determined, but such appeal shall not operate under any condition

as a supersedeas of a judgment of removal from office.

It shall engage such actuarial and other services as shall be required to transact the business of the retirement system. It shall also engage an investment counselor who shall be experienced in the investment of moneys to advise the trustees on investments of the retirement system. The compensation of all persons engaged by the board of trustees and all other expenses of the board necessary for the operation of the retirement system shall be paid at such rates and in such amounts as the board of trustees shall approve.

10. The board of trustees shall keep in convenient form such data as shall be necessary for actuarial valuations of the assets of the retirement system and for checking the experience of the system.

11. The board of trustees shall keep a record of all its proceedings which shall be open to public inspection. It shall prepare annually and send to the board of education and to each member of the retirement system a report showing the fiscal transactions of the retirement system for the preceding fiscal year, a detailed listing of all salaries and expenditures incurred by the trustees for its operation, the amount of the accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system. The board of trustees shall also prepare or cause to be prepared an annual report concerning the operation of the retirement system herein provided for, which report shall be sent by the chairman of the board of trustees to the board of education.

12. The board of trustees shall arrange for necessary legal advice for the operation of the retirement system.

13. The board of trustees shall designate a medical board to be composed of three physicians, none of whom shall be eligible for benefits pursuant to sections 169.410 to 169.540, who shall arrange for and pass upon all medical examinations required pursuant to the provisions of sections 169.410 to 169.540, shall investigate all essential statements and certificates made by or on behalf of a member in connection with an application for disability retirement and shall report in writing to the board of trustees its conclusions and recommendations upon all matters referred to it.

14. The actuary shall be the technical adviser of the board of trustees on matters regarding the operation of the system created by sections 169.410 to 169.540 and shall perform such other duties as are required in connection therewith. Such person shall be qualified as an actuary by membership as a fellow in the Society of Actuaries or by objective standards which are no less stringent than those established by the Society of Actuaries.

15. At least once in each five-year period the actuary shall make an investigation into the actuarial experience of the retirement system, and taking into account the results of such investigation of the experience, the board of trustees shall adopt for the retirement system such actuarial assumptions as shall

be deemed necessary.

16. On the basis of such actuarial assumptions as the board of trustees shall adopt, the actuary shall make an annual valuation of the assets and liabilities of the funds of the retirement system.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bills Nos. 517 and 754, Page 1, Section A, Line 4, by inserting after all of said line the following:

“94.579. 1. The governing body of any home rule city with more than one hundred fifty-one thousand five hundred but fewer than one hundred fifty-one thousand six hundred inhabitants is hereby authorized to impose, by order or ordinance, a sales tax on all retail sales made within the city which are subject to sales tax under chapter 144. The tax authorized in this section shall not exceed one percent, and shall be imposed solely for the purpose of providing revenues for the operation of public safety departments, including police and fire departments, and for pension programs, and health care for employees and pensioners of the public safety departments. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance shall not become effective unless the governing body of the city submits to the voters residing within the city at a state general, primary, or special election a proposal to authorize the governing body of the city to impose a tax under this section. If the tax authorized in this section is not approved by the voters, then the city shall have an additional year during which to meet its required contribution payment beyond the time period described in section 105.683. If the city meets its required contribution payment in this time, then, notwithstanding the provisions of section 105.683 to the contrary, the delinquency shall not constitute a lien on the funds of the political subdivision, the board of such plan shall not be authorized to compel payment by application for writ of mandamus, and the state treasurer and the director of the department of revenue shall not withhold twenty-five percent of the certified contribution deficiency from the total moneys due the political subdivision from the state. The one-year extension shall only be available to the city on a one-time basis.

2. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall (insert the name of the city) impose a sales tax at a rate of (up to one) percent, solely for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES

☐ NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter immediately following notification to the department of revenue. If a majority of the votes cast on the question by the

qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of any city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Public Safety Protection Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. The director shall keep accurate records of the amounts in the fund, and such records shall be open to the inspection of the officers of such city and to the public. Not later than the tenth day of each month, the director shall distribute all moneys deposited in the fund during the preceding month to the city. Such funds shall be deposited with the treasurer of the city, and all expenditures of moneys from the fund shall be by an appropriation ordinance enacted by the governing body of the city.

4. On or after the effective date of the tax, the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the city may authorize the use of a bracket system similar to that authorized in section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions in sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for the tax and penalties under this section, the limitation for bringing suit for the collection of the delinquent tax and penalties shall be the same as that provided in sections 144.010 to 144.525.

6. The governing body of any city that has adopted the sales tax authorized in this section may submit

the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the city) repeal the sales tax imposed at a rate of (up to one) percent for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES

☐ NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved.

If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. The governing body of any city that has adopted the sales tax authorized in this section shall submit the question of [repeal] **continuation** of the tax to the voters every five years from the date of its inception on a date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the city) [repeal the] **continue collecting a** sales tax imposed at a rate of (up to one) percent for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES

☐ NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the question by the qualified voters voting thereon are [in favor of repeal, that] **opposed to continuation**, repeal shall become effective on December thirty-first of the calendar year in which such [repeal was] **continuation was failed to be** approved. If a majority of the votes cast on the question by the qualified voters voting thereon are [opposed to the repeal] **in favor of continuation**, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and [the repeal is] **continuation fails to be** approved by a majority of the qualified voters voting on the question.

8. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the city equal to at least two percent of the number of registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified

voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

9. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the city shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.”; and

Further amend the title and enacting clause accordingly.

Senator Dixon moved that the above amendment be adopted, which motion prevailed.

Benefits paid under subsection 3 of section 104.374 are not applicable to any additional annuity paid under this section.

2. If a retired member of the Missouri department of transportation and highway patrol employees' retirement system or the Missouri state employees' retirement system is elected to any state office, appointed to any state office, or is reemployed by a department and such member reimburses the retirement system for any amount received as retirement benefits, increased by an additional amount to account for interest which would have accrued should the retirement benefits not have been paid, such member shall be considered an active member of the retirement system, and upon retirement, the member's creditable service shall be calculated as if the member had never retired and received any retirement benefits.

terminates. Cost-of-living adjustments paid under section 104.1045 shall not accrue while a retiree is employed as described in this section. Any future cost-of-living adjustments paid after the retiree terminates such employment will be paid in the same month as the retiree's original annual benefit increases were paid.

2. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no

beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made

to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

- (1) Thirty or more years of service, one thousand two hundred dollars;
- (2) At least twenty-five years but less than thirty years, one thousand dollars;
- (3) At least twenty years but less than twenty-five years, eight hundred dollars;
- (4) At least fifteen years but less than twenty years, six hundred dollars.

19. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response

to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

20. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

21. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

24. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be

added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received."; and

HOUSE BILLS ON THIRD READING

HB 514, introduced by Representative Leara, entitled:

An Act to repeal section 99.845, RSMo, and to enact in lieu thereof one new section relating to tax increment financing.

Was called from the Informal Calendar and taken up by Senator Schmitt.

Senator Richard offered **SA 1**:

SENATE AMENDMENT NO. 1

Amend House Bill No. 514, Pages 1-10, Section 99.845, by striking all of said section and inserting in lieu thereof the following:

“99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the “Special Allocation Fund” of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district’s levy rate for ad valorem tax on real property, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district’s levy rate shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing district. Revenues will be considered directly attributable to the newly voter-approved incremental increase to the extent that they are generated from the difference between the taxing district’s actual levy rate currently imposed and the maximum voter-approved levy rate at the time that the redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850.

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to Article VI, Section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes.

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of Article III, Section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and maintaining a metropolitan park and recreation district, licenses, fees or special assessments other than

payments in lieu of taxes and penalties and interest thereon, any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency communication systems, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered economic activity taxes subject to deposit into a special allocation fund without the consent of such taxing district.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's

adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars; **provided, however, that such thirty-two million dollar cap shall not apply to redevelopment plans or projects initially listed by name in the applicable appropriations bill after August 28, 2015, which involve either:**

(a) A former automobile manufacturing plant; or

(b) The retention of a federal employer employing over two thousand geospatial intelligence jobs.

At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (a) of this subdivision exceed four million dollars in the aggregate. At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To the extent a redevelopment plan or project independently meets the eligibility criteria set forth in both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new state revenues for disbursements from the Missouri supplemental tax increment financing fund for such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of [subsections 4 and 5] **subsection 4** of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

99.866. The state of Missouri, acting through the department of economic development and the office of administration, and any city not within a county, acting directly, through an affiliated entity or through such city's land clearance for redevelopment authority, may enter into a financing agreement relating to the redevelopment of an area contiguous with a former public housing site that has been declared blighted under Missouri law and which may lead to the retention within such city of, and relocation to such blighted area within such city by, a federal employer employing over two thousand geospatial intelligence jobs. Such financing agreement may provide for the appropriation and disbursement of state withholding tax revenues and city tax revenues generated from such employer for up to thirty years to fund costs associated with the retention of such employer; provided, however, that the annual amount of the state appropriation contemplated by this section plus any appropriation of state withholding tax revenues related to such employer from the Missouri supplemental tax increment financing fund pursuant to section 99.845 shall not exceed twelve million dollars per year and shall maintain a positive net fiscal impact for the state over the term. If the state of Missouri income tax rates are reduced or replaced after August 28, 2015, the department of economic development shall request an appropriation from the general assembly of an amount sufficient to offset any reduction in available withholding tax revenues resulting directly from such tax rate reduction or replacement, which in no event shall exceed the amounts that would have been received had the state income tax rates not been reduced or replaced.”; and

The term "school bus operator" shall not include any person who transports schoolchildren as an incident to employment with a school or school district, such as a teacher, coach, administrator, secretary, school nurse, or janitor unless such person is under contract with or employed by a school or school district as a school bus operator;

(23) "Signature", any method determined by the director of revenue for the signing, subscribing or verifying of a record, report, application, driver's license, or other related document that shall have the same validity and consequences as the actual signing by the person providing the record, report, application, driver's license or related document;

(24) "Substance abuse traffic offender program", a program certified by the division of alcohol and drug abuse of the department of mental health to provide education or rehabilitation services pursuant to a professional assessment screening to identify the individual needs of the person who has been referred to the program as the result of an alcohol- or drug-related traffic offense. Successful completion of such a program includes participation in any education or rehabilitation program required to meet the needs identified in the assessment screening. The assignment recommendations based upon such assessment shall be subject to judicial review as provided in subsection 14 of section 302.304 and subsections 1 and 5 of section 302.540;

(25) "Vehicle", any mechanical device on wheels, designed primarily for use, or used on highways, except motorized bicycles, vehicles propelled or drawn by horses or human power, or vehicles used exclusively on fixed rails or tracks, or cotton trailers or motorized wheelchairs operated by handicapped persons.

302.060. 1. The director shall not issue any license and shall immediately deny any driving privilege:

(1) To any person who is under the age of eighteen years, if such person operates a motor vehicle in the transportation of persons or property as classified in section 302.015;

(2) To any person who is under the age of sixteen years, except as hereinafter provided;

(3) To any person whose license has been suspended, during such suspension, or to any person whose license has been revoked, until the expiration of one year after such license was revoked;

(4) To any person who is an habitual drunkard or is addicted to the use of narcotic drugs;

(5) To any person who has previously been adjudged to be incapacitated and who at the time of application has not been restored to partial capacity;

(6) To any person who, when required by this law to take an examination, has failed to pass such examination;

(7) To any person who has an unsatisfied judgment against such person, as defined in chapter 303, until such judgment has been satisfied or the financial responsibility of such person, as described in section 303.120, has been established;

(8) To any person whose application shows that the person has been convicted within one year prior to such application of violating the laws of this state relating to failure to stop after an accident and to disclose the person's identity or driving a motor vehicle without the owner's consent;

(9) To any person who has been convicted more than twice of violating state law, or a county or municipal ordinance where the defendant was represented by or waived the right to an attorney in writing, relating to driving while intoxicated; except that, after the expiration of ten years from the date of conviction of the last offense of violating such law or ordinance relating to driving while intoxicated, a person who was so convicted may petition the circuit court of the county in which such last conviction was rendered and the court shall review the person's habits and conduct since such conviction, including the results of a criminal history check as defined in section 302.010. If the court finds that the petitioner has not been found guilty of, and has no pending charges for any offense related to alcohol, controlled substances or drugs and has no other alcohol-related enforcement contacts as defined in section 302.525 during the preceding ten years and that the petitioner's habits and conduct show such petitioner to no longer pose a threat to the public safety of this state, the court shall order the director to issue a license to the petitioner if the petitioner is otherwise qualified pursuant to the provisions of sections 302.010 to 302.540. No person may obtain a license pursuant to the provisions of this subdivision through court action more than one time;

(10) To any person who has been found guilty of acting with criminal negligence while driving while intoxicated to cause the death of another person, or to any person who has been convicted twice within a five-year period of violating state law, county or municipal ordinance of driving while intoxicated, or any other intoxication-related traffic offense as defined in section 577.001, except that, after the expiration of five years from the date of conviction of the last offense of violating such law or ordinance, a person who was so convicted may petition the circuit court of the county in which such last conviction was rendered and the court shall review the person's habits and conduct since such conviction, including the results of a criminal history check as defined in section 302.010. If the court finds that the petitioner has not been found guilty of, and has no pending charges for any offense related to alcohol, controlled substances, or

drugs and has no other alcohol-related enforcement contacts as defined in section 302.525 during the preceding five years, and that the petitioner's habits and conduct show such petitioner to no longer pose a threat to the public safety of this state, the court shall order the director to issue a license to the petitioner if the petitioner is otherwise qualified pursuant to the provisions of sections 302.010 to 302.540;

(11) To any person who is otherwise disqualified pursuant to the provisions of chapter 302, chapter 303, or section 544.046;

(12) To any person who is under the age of eighteen years, if such person's parents or legal guardians file a certified document with the department of revenue stating that the director shall not issue such person a driver's license. Each document filed by the person's parents or legal guardians shall be made upon a form furnished by the director and shall include identifying information of the person for whom the parents or legal guardians are denying the driver's license. The document shall also contain identifying information of the person's parents or legal guardians. The document shall be certified by the parents or legal guardians to be true and correct. This provision shall not apply to any person who is legally emancipated. The parents or legal guardians may later file an additional document with the department of revenue which reinstates the person's ability to receive a driver's license.

2. Any person whose license is reinstated under the provisions of subdivision (9) or (10) of subsection 1 of this section shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device required for reinstatement under this subsection and for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of subsection 3 of section 302.309 shall have a photo identification technology feature, and a court may require a global positioning system feature for such device. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended [for an additional six months] **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be suspended [for the remainder of the six-month period or] until proof as required by this section is filed with the director. [Upon the completion of the six-month period, the license shall be shown as reinstated, if the person is otherwise eligible.]

3. Any person who petitions the court for reinstatement of his or her license pursuant to subdivision (9) or (10) of subsection 1 of this section shall make application with the Missouri state highway patrol as provided in section 43.540, and shall submit two sets of fingerprints collected pursuant to standards as determined by the highway patrol. One set of fingerprints shall be used by the highway patrol to search the criminal history repository and the second set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files. At the time of application, the applicant shall supply to the highway patrol the court name and case number for the court where he or she has filed his or her petition for reinstatement. The applicant shall pay the fee for the state criminal history check pursuant to section 43.530 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal

criminal history record. The Missouri highway patrol, upon receipt of the results of the criminal history check, shall forward a copy of the results to the circuit court designated by the applicant and to the department. Notwithstanding the provisions of section 610.120, all records related to any criminal history check shall be accessible and available to the director and the court.

302.304. 1. The director shall notify by ordinary mail any operator of the point value charged against the operator's record when the record shows four or more points have been accumulated in a twelve-month period.

2. In an action to suspend or revoke a license or driving privilege under this section points shall be accumulated on the date of conviction. No case file of any conviction for a driving violation for which points may be assessed pursuant to section 302.302 may be closed until such time as a copy of the record of such conviction is forwarded to the department of revenue.

3. The director shall suspend the license and driving privileges of any person whose driving record shows the driver has accumulated eight points in eighteen months.

4. The license and driving privilege of any person whose license and driving privilege have been suspended under the provisions of sections 302.010 to 302.540 except those persons whose license and driving privilege have been suspended under the provisions of subdivision (8) of subsection 1 of section 302.302 or has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 and who has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible, shall be reinstated as follows:

(1) In the case of an initial suspension, thirty days after the effective date of the suspension;

(2) In the case of a second suspension, sixty days after the effective date of the suspension;

(3) In the case of the third and subsequent suspensions, ninety days after the effective date of the suspension.

Unless proof of financial responsibility is filed with the department of revenue, a suspension shall continue in effect for two years from its effective date.

5. The period of suspension of the driver's license and driving privilege of any person under the provisions of subdivision (8) of subsection 1 of section 302.302 or who has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 shall be thirty days, followed by a sixty-day period of restricted driving privilege as defined in section 302.010. Upon completion of such period of restricted driving privilege, upon compliance with other requirements of law and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. If a person, otherwise subject to the provisions of this subsection, files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated. Upon completion of such ninety-day period of restricted driving privilege, upon compliance with other requirements of law, and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such

ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege.

6. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, or, if applicable, if the person fails to maintain proof that any vehicle operated is equipped with a functioning, certified ignition interlock device installed pursuant to subsection 5 of this section, the person's driving privilege and license shall be resuspended.

7. The director shall revoke the license and driving privilege of any person when the person's driving record shows such person has accumulated twelve points in twelve months or eighteen points in twenty-four months or twenty-four points in thirty-six months. The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the Armed Forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the Armed Forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or

any period of driving under a limited driving privilege granted by a court or the director of revenue.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, except any suspension or revocation issued under section 302.410, 302.462, or 302.574, the person or nonresident has not paid the reinstatement fee of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this state. Any person who has had his or her license suspended or revoked under section 302.410, 302.462, or 302.574, shall be required to pay the reinstatement fee.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee in an amount to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010 or a program determined to be comparable by the department of mental health. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol

and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053.

16. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program.

17. Any person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a conviction for an intoxication-related traffic offense as defined under section 577.001, and who has a prior alcohol-related enforcement contact as defined under section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement of the license. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended [for an additional six months] **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be resuspended or revoked and the person shall be guilty of a class A misdemeanor.

302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges, except as provided under subdivision (8) of this subsection. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

(a) A business, occupation, or employment;

- (b) Seeking medical treatment for such operator;
- (c) Attending school or other institution of higher education;
- (d) Attending alcohol or drug treatment programs;
- (e) Seeking the required services of a certified ignition interlock device provider; or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator, the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of [paragraph (a) of] subdivision (6) of this subsection [on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or] **if such person has a license denial under paragraph (a) or (b) of subdivision (8) of this subsection[, or a license revocation under paragraph (g) of subdivision (6) of this subsection.] or on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license revocation under subdivision (2) of subsection 2 of section 302.525, or sections 302.574 or 577.041,** until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege. The ignition interlock device required for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of this subsection shall have a photo identification technology feature, and a court may require a global positioning system feature for such device.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. The court order or the director's grant of the limited or restricted driving privilege shall also indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle with the limited driving privilege. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever

such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege whose license at the time of application has been suspended or revoked for the following reasons:

(a) [A conviction of violating the provisions of section 577.010 or 577.012, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b)] A conviction of any felony in the commission of which a motor vehicle was used **and such conviction occurred within the five year period prior to the date of application. However, any felony conviction for leaving the scene of an accident under section 577.060 shall not render the applicant ineligible for a limited driving privilege under this section;**

[(c)] **(b)** Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), **or** (10) [or (11)] of subsection 1 of section 302.060; **or**

[(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, or having left the scene of an accident as provided in section 577.060;

(e) Due to a revocation for failure to submit to a chemical test pursuant to section 302.574 or due to a refusal to submit to a chemical test in any other state, unless such person has completed the first ninety days of such revocation and files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, provided the person is not otherwise ineligible for a limited driving privilege;

(f)] **(c)** Due to a suspension pursuant to **subdivision (8) or (10) of subsection 1 of section 302.302 or** subsection 2 of section 302.525 [and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or

(g) Due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed the first forty-five days of such revocation, provided the person is not otherwise ineligible for a limited driving privilege].

(7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, cancelled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose of operating a noncommercial motor vehicle provided that

pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege.

(8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of acting with criminal negligence while driving while intoxicated to cause the death of another person, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(9) A DWI docket or court established under section 478.007 may grant a limited driving privilege to a participant in or graduate of the program who would otherwise be ineligible for such privilege under another provision of law. [The DWI docket or court shall not grant a limited driving privilege to a participant during his or her initial forty-five days of participation.]

4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review,

to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

302.525. 1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed to have received the notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is received by or postmarked to the department within that fifteen-day period, the effective date of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay.

2. The period of license suspension or revocation under this section shall be as follows:

(1) If the person's driving record shows no prior alcohol-related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege as defined in section 302.010 and issued by the director of revenue. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible. The restricted driving privilege shall indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle. A copy of the restricted driving privilege shall be given to the person and such person shall carry a copy of the restricted driving privilege while operating a motor vehicle. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section. If a person otherwise subject to the provisions of this subdivision files proof of installation with the department of revenue that any vehicle that he or she operates is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. Upon completion of such ninety-day period of restricted driving privilege, compliance with other requirements of law, and filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated;

(2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol-related enforcement contacts during the immediately preceding five years;

(3) In no case shall restricted driving privileges be issued under this section to any person whose driving record shows one or more prior alcohol-related enforcement contacts until the person has [completed the first thirty days of a suspension under this section and has] filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of the restricted driving privilege. If the person fails to maintain such proof the

restricted driving privilege shall be terminated.

3. For purposes of this section, “alcohol-related enforcement contacts” shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving while intoxicated, driving while under the influence of drugs or alcohol, or driving a vehicle while having an unlawful alcohol concentration.

4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012 or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol-related traffic offense, both the suspension or revocation under this section and any other suspension or revocation arising from such convictions shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation arising from such convictions, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

5. Any person who has had a license to operate a motor vehicle revoked under this section or suspended under this section with one or more prior alcohol-related enforcement contacts showing on their driver record shall be required to file proof with the director of revenue that any motor vehicle operated by that person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended [for an additional six months] **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be suspended or revoked, [as applicable] **until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor**.

302.574. 1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation.

2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following:

(1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

(2) That the person refused to submit to a chemical test;

(3) Whether the officer secured the license to operate a motor vehicle of the person;

(4) Whether the officer issued a fifteen-day temporary permit;

(5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and

(6) Any license, which the officer has taken into possession, to operate a motor vehicle.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the county in which the arrest or stop occurred. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

(1) Whether the person was arrested or stopped;

(2) Whether the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of

two-hundredths of one percent or greater; and

(3) Whether the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of alcohol and drug abuse of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of alcohol and drug abuse under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053.

9. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section

shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program.

10. Any person who has had a license to operate a motor vehicle revoked under this section and who has a prior alcohol-related enforcement contact, as defined in section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of license reinstatement. Such ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended [for an additional six months] **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director as required by this section, the license shall be rerevoked **until proof as required by this section is filed with the director**, and the person shall be guilty of a class A misdemeanor.

11. The revocation period of any person whose license and driving privilege has been revoked under this section and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked.

12. A person commits the offense of failure to maintain proof with the Missouri department of revenue if, when required to do so, he or she fails to file proof with the director of revenue that any vehicle operated by the person is equipped with a functioning, certified ignition interlock device or fails to file proof of financial responsibility with the department of revenue in accordance with chapter 303. The offense of failure to maintain proof with the Missouri department of revenue is a class A misdemeanor.

478.007. 1. Any circuit court, or any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants with a county municipal court established under section 66.010, may establish a docket or court to provide an alternative for the judicial system to dispose of cases in which a person has pleaded guilty to driving while intoxicated or driving with excessive blood alcohol content and:

(1) The person was operating a motor vehicle with at least fifteen-hundredths of one percent or more by weight of alcohol in such person's blood; or

(2) The person has previously pleaded guilty to or has been found guilty of one or more intoxication-related traffic offenses as defined by section 577.023; or

(3) The person has two or more previous alcohol-related enforcement contacts as defined in section 302.525.

2. This docket or court shall combine judicial supervision, drug testing, continuous alcohol monitoring, **as defined in section 577.001**, substance abuse traffic offender program compliance, and treatment of DWI court participants. The court may assess any and all necessary costs for participation in DWI court against the participant. Any money received from such assessed costs by a court from a defendant shall not be considered court costs, charges, or fines. This docket or court may operate in conjunction with a drug court established pursuant to sections 478.001 to 478.006.

3. If the division of probation and parole is otherwise unavailable to assist in the judicial supervision of any person who wishes to enter a DWI court, a court-approved private probation service may be utilized by the DWI court to fill the division's role. In such case, any and all necessary additional costs may be assessed against the participant. No person shall be rejected from participating in DWI court solely for the reason that the person does not reside in the city or county where the applicable DWI court is located but the DWI court can base acceptance into a treatment court program on its ability to adequately provide services for the person or handle the additional caseload.

(1) Execution for the purpose of restoring possession shall be issued no sooner than ten days after the judgment. However, the execution for purposes of restoring possession shall be stayed pending an appeal if the losing party posts an appeal bond; and

(2) If it shall appear to the officer having charge of the execution that the defendant therein is about to remove, conceal, or dispose of his or her property, so as to hinder or delay the levy, the rents and profits, damages and costs may be levied before the expiration of the time allowed for taking an appeal.

535.030. 1. Such summons shall be served as in other civil cases at least four days before the court date in the summons. The summons shall include a court date which shall not be more than twenty-one business days from the date the summons is issued unless at the time of filing the affidavit the plaintiff or plaintiff's attorney consents in writing to a later date.

2. In addition to attempted personal service, the plaintiff may request, and thereupon the clerk of the court shall make an order directing that the officer, or other person empowered to execute the summons, shall also serve the same by securely affixing a copy of such summons and the complaint in a conspicuous place on the dwelling of the premises in question at least ten days before the court date in such summons, and by also mailing a copy of the summons and complaint to the defendant at the defendant's last known address by ordinary mail at least ten days before the court date. If the officer, or other person empowered to execute the summons, shall return that the defendant is not found, or that the defendant has absconded or vacated his or her usual place of abode in this state, and if proof be made by affidavit of the posting and of the mailing of a copy of the summons and complaint, the judge shall at the request of the plaintiff proceed to hear the case as if there had been personal service, and judgment shall be rendered and proceedings had as in other cases, except that no money judgment shall be granted the plaintiff where the defendant is in default and service is by the posting and mailing procedure set forth in this section.

3. If the plaintiff does not request service of the original summons by posting and mailing as provided in subsection 2 of this section, and if the officer, or other person empowered to execute the summons, makes return that the defendant is not found, or that the defendant has absconded or vacated the defendant's usual place of abode in this state, the plaintiff may request the issuance of an alias summons and service of the same by posting and mailing in the time and manner provided in subsection 2 of this section. In addition, the plaintiff or an agent of the plaintiff who is at least eighteen years of age may serve the summons by posting and mailing a copy of the summons in the time and manner provided in subsection 2 of this section. Upon proof by affidavit of the posting and of the mailing of a copy of the summons or alias summons and the complaint, the judge shall proceed to hear the case as if there had been personal service, and judgment shall be rendered and proceedings had as in other cases, except that no money judgment shall be granted the plaintiff where the defendant is in default and service is by the posting and mailing procedure provided in subsection 2 of this section.

4. [On the date judgment is rendered as provided in this section where the defendant is in default, the clerk of the court shall mail to the defendant at the defendant's last known address by ordinary mail a notice informing the defendant of the judgment and the date it was entered, and stating that] The defendant has ten days from the date of the judgment to file a motion to set aside the judgment [in the circuit court, as the case may be,] and [that] unless the judgment is set aside within ten days, the judgment **for possession** will become final and the defendant will be subject to eviction from the premises without further notice. **On the date judgment is rendered if the defendant is in default, the clerk of the court shall mail to the defendant at the defendant's last known address by ordinary mail a notice informing the defendant of the foregoing.**

535.160. If the defendant, on the date any money judgment is given in any action pursuant to this chapter, either tenders to the landlord, or brings into the court where the suit is pending, all the rent then in arrears, and all the costs, further proceedings in the action shall cease and be stayed. If on any date after the date of any original trial, **but before the judgment becomes final**, the defendant shall satisfy such money judgment and pay all costs, any execution for possession of the subject premises shall cease and be stayed; except that the landlord shall not thereby be precluded from making application for appeal from such money judgment. If for any reason no money judgment is entered against the defendant and judgment for the plaintiff is limited only to possession of the subject premises, no stay of execution shall be had, except as provided by the provisions of section 535.110 or the rules of civil procedure or by agreement of the parties.

[534.360. “210.221. 1. The department of health and senior services shall have the following powers and duties:

(1) After inspection, to grant licenses to persons to operate child-care facilities if satisfied as to the good character and intent of the applicant and that such applicant is qualified and equipped to render care or service conducive to the welfare of children, and to renew the same when expired. No license shall be granted for a term exceeding two years. Each license shall specify the kind of child-care services the licensee is authorized to perform, the number of children that can be received or maintained, and their ages and sex;

(2) To inspect the conditions of the homes and other places in which the applicant operates a child-care facility, inspect their books and records, premises and children being served, examine their officers and agents, deny, suspend, place on probation or revoke the license of such persons as fail to obey the provisions of sections 210.201 to 210.245 or the rules and regulations made by the department of health and senior services. The director also may revoke or suspend a license when the licensee fails to renew or surrenders the license;

(3) To promulgate and issue rules and regulations the department deems necessary or proper in order to establish standards of service and care to be rendered by such licensees to children. No rule or regulation promulgated by the division shall in any manner restrict or interfere with any religious instruction, philosophies or ministries provided by the facility and shall not apply to facilities operated by religious organizations which are not required to be licensed; [and]

(4) To approve training concerning the safe sleep recommendations of the American Academy of Pediatrics in accordance with section 210.223; and

(5) To determine what records shall be kept by such persons and the form thereof, and the methods to be used in keeping such records, and to require reports to be made to the department at regular intervals.

2. Any child-care facility may request a variance from a rule or regulation promulgated pursuant to this section. The request for a variance shall be made in writing to the department of health and senior services and shall include the reasons the facility is requesting the variance. The department shall approve any variance request that does not endanger the health or safety of the children served by the facility. The burden of proof at any appeal of a disapproval of a variance application shall be with the department of health and senior services. Local inspectors may grant a variance, subject to approval by the department of health and senior services.

3. The department shall deny, suspend, place on probation or revoke a license if it receives official written notice that the local governing body has found that license is prohibited by any local law related to the health and safety of children. The department may, after inspection, find the licensure, denial of licensure, suspension or revocation to be in the best interest of the state.

4. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in sections 210.201 to 210.245 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. All licensed child care facilities that provide care for children less than one year of age shall implement and maintain a written safe sleep policy in accordance with the most recent safe sleep recommendations of the American Academy of Pediatrics. The purpose of the safe sleep policy is to maintain a safe sleep environment that reduces the risk of sudden infant death syndrome and sudden unexpected infant deaths in children less than one year of age.

2. The child care facility shall put the infant to sleep in accordance with such written instructions.

5. The department shall promulgate rules to implement the provisions of this section. Such rules shall include, but not be limited to:

(1) Amending any current rules which are not in compliance with the most recent safe sleep recommendations of the American Academy of Pediatrics, including but not limited to 19 CSR 30.62-092(1)C which permits the use of bumper pads in cribs or playpens;

(2) Keeping soft or loose bedding away from sleeping infants and out of safe sleep environments, including but not limited to bumper pads, pillows, quilts, comforters, sleep positioning devices, sheepskins, blankets, flat sheets, cloth diapers, bibs, and other similar items;

(3) Prohibiting blankets or other soft or loose bedding from being hung on the sides of cribs.

6. The department may adopt emergency rules to implement the requirements of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the

provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.”; and

Within twenty business days of such notification, the department shall make an eligibility determination. The department shall retain final authority over eligibility determinations. The contractor shall keep a record of all eligibility data verifications communicated to the department.

238.550. 1. The department may identify potential projects and public services for which a public-private partnership may be appropriate to improve public operational efficiencies, improve environmental performance, promote public safety, attract private investment in the state, and minimize government liabilities.

2. After the department identifies a potential partnership for a project or public service, the department shall conduct a public sector comparator study of the potential partnership. The members of the building Missouri's future board shall determine the scope of each public sector comparator, which scope shall depend on the type of proposed project and the nature of the public service under consideration for the partnership. The following shall be considered as components of a public sector comparator:

(1) The definition of the public need served by the proposed partnership;

(2) The cost required to meet the public need served by the public service under traditional

procurements or traditional public entity or commission operations;

(3) An analysis of alternative methods for providing the public services under consideration, including but not limited to design-build, design-build-finance, design-build-finance-operate-maintain, service contracts or leases, and how the alternative methods would meet the need served by the public service;

(4) An evaluation of the costs and benefits of using an alternative method or public-private partnership to render a public service, which shall include:

(a) The potential cost of utilizing an alternative method;

(b) The operation and technological risks involved in utilizing an alternative method;

(d) The financial impact the partnership will have on the department;

(e) The impact the partnership is projected to have on job formation, economic growth, and the community in which the public service is to be rendered.

3. The department shall develop and use a competitive procurement process to form a public-private partnership for the purpose of developing, financing, or operating a project. The department shall publish notice of the intent to enter into a contract for a partnership for public service or related project and shall publish notice of the intent to enter into a contract for a partnership for public service or related project and shall prepare a request for private sector entities interested in serving as proposers for the partnership. The notice shall notify interested parties of the opportunity to submit their qualifications for consideration and shall be published at least thirty days prior to the deadline for submitting those qualifications. The department also may advertise the information contained in the notice in appropriate and widely available print and electronic public and professional media and otherwise notify as it sees fit those parties believed to be interested in providing the public service and in any related project.

4. After inviting qualifications, the department shall evaluate the qualifications submitted and may hold discussions with proposers to further explore their qualifications. Following this evaluation, the department may determine a list of qualified proposers based on criteria in the invitation, and invite only those proposers to submit a proposal.

5. The department shall prepare a request for proposal and the proposed partnership contract which shall contain the terms and conditions to carry out and effectuate the purposes of sections 238.500 to 238.580 which may include:

(1) The duration of the contract, which shall not exceed seventy-five years;

6. After proposals are received, the department shall evaluate the proposals submitted using the criteria established in its request for proposal and may hold discussions with proposers to further explore their proposals, the scope and nature of the public service or services they would provide, and the various technical approaches they may take regarding the public service and any related project. Following this evaluation, the department shall select the proposer ranked most qualified to provide the public service and shall negotiate and execute a comprehensive agreement establishing the terms for the financing, development, and operation of the project.

7. Upon failure to negotiate a comprehensive agreement with the proposer ranked most qualified, the department shall inform the proposer in writing of the termination of negotiations and may enter into negotiations with the proposer ranked next most qualified. If negotiations again fail, the same procedure may be followed with each next most qualified proposer selected and ranked, in order of ranking, until a comprehensive agreement is negotiated and executed.

8. If the department fails to negotiate a comprehensive agreement with any of the ranked proposers, the department may terminate the process or select and rank additional proposers, based on their qualifications or proposals, and the negotiations shall continue as with the proposers initially selected and ranked until a comprehensive agreement is negotiated.

9. The authorized representative of the department may reject any and all submissions of qualifications or proposals, and may unilaterally terminate the procurement process at any point.

238.560. The exercise of the powers granted by sections 238.500 to 238.580 will be for the benefit of the people of the state and shall be liberally construed to effect the purposes thereof. As the performance of public services will constitute the performance of essential government functions, any project or part thereof owned by the state and used for performing any public service pursuant to a contract entered into under sections 238.500 to 238.580 that would be exempt from taxation or assessments in the absence of such contract shall remain exempt from taxation and assessments levied by the state and its subdivisions to the same extent as if not subject to that contract. Any transfer or lease between a proposer and the state of a project or part thereof, or item included or to be included in the project, shall be exempt from the taxes levied by the state and its political subdivisions if the state is retaining ownership of the project or part thereof that is being transferred or leased.

238.570. 1. The department shall have the authority to impose or collect user fees and they shall be empowered to delegate that authority to a private sector entity under the terms of a comprehensive public-private partnership agreement.

2. The department may retain or contract for the services of commercial appraisers, engineers, investment bankers, financial advisers, accounting experts, and other consultants, independent contractors, or providers of professional services as are necessary to carry out the department's powers and duties under sections 238.500 to 238.580, including the identification of public services and any related projects to be subject to invitations for qualifications or proposals under sections 238.500 to 238.580, the development of those invitations and related evaluation criteria, the evaluation of those invitations, and negotiation of any contract under sections 238.500 to 238.580.

238.580. If any provision of sections 238.500 to 238.580 or the application thereof to anyone or any circumstances is held invalid, the remainder of those sections and the application of such provisions to others or other circumstances shall not be affected thereby.

Section 1. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed

to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. “Acts of violence” as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district’s discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education’s written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children’s division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children’s division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children’s division as set forth in section 210.115. Reports made to the children’s division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for

purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio.

160.261. 1. The local board of education of each school district shall clearly establish a written policy of discipline, including the district's determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the district's discipline policy and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

2. The policy shall require school administrators to report acts of school violence to all teachers at the attendance center and, in addition, to other school district employees with a need to know. For the purposes of this chapter or chapter 167, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase "act of school violence" or

“violent behavior” means the exertion of physical force by a student with the intent to do serious physical injury as defined in subdivision (6) of section 565.002 to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following crimes, or any act which if committed by an adult would be one of the following crimes:

- (1) First degree murder under section 565.020;
- (2) Second degree murder under section 565.021;

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

(1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;

(2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;

(3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term “weapon” shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. “Acts of violence” as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district’s discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education’s written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children’s division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in

a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children's division as set forth in section 210.115. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio.”; and

“633.420. 1. For the purposes of this section, the term “dyslexia” means a disorder that is neurological in origin, characterized by difficulties with accurate and fluent word recognition, and poor spelling and decoding abilities that typically result from a deficit in the phonological component of language, often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction, and of which secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge. “161.1010. 1. There is hereby established the “Missouri Course Access Program” to allow public school students to enroll in online, blended, and face-to-face courses to supplement coursework offered at the school where the student is enrolled. The Missouri course access program is separate and distinct from the virtual online school program established under section 161.670 and shall not be considered part of the virtual online school program for any purpose.

2. For purposes of sections 161.1010 to 161.1020, the following terms mean:

(1) “Course provider”, an entity authorized by the department of elementary and secondary education to offer individual courses in person, online, or a combination of the two, including but not limited to online education providers, public or private elementary and secondary education institutions, education service agencies, private for profit or not-for-profit providers, postsecondary education institutions, and vocational or technical course providers;

(2) “Department”, the department of elementary and secondary education;

(3) “Eligible funded student”, any eligible participating student who is currently enrolled in a public school, including a public charter school, and who was previously enrolled in such school for at least one full school year;

(4) “Eligible participating student”, any K-12 student who resides in the state;

(5) “Local education agency”, a public authority legally constituted by the state as an administrative agency to provide control and direction for kindergarten through twelfth grade public educational institutions, including public charter schools;

(6) “State course access catalog”, the website developed for the department of elementary and secondary education that provides a listing of all courses authorized and available to students in the state, detailed information about the courses to inform student enrollment decisions, and the ability for students to submit their course enrollments;

(7) “State course access program” or “program”, the program created under sections 161.1010 to 161.1020.

161.1011. 1. Any eligible participating student may enroll in state course access program courses with the approval of such student’s guidance counselor, as provided under subsection 3 of this section. An eligible funded student may enroll in state course access program courses that are funded by the program up to a maximum of seven credit hours per semester.

2. The families of eligible funded students and other eligible participating students may pay to enroll in state course access program courses above the maximum seven-credit hour limit specified in subsection 1 of this section.

3. Prior to enrolling in any state course access program course, a student shall first receive approval from his or her guidance counselor. Guidance counselors shall approve or disapprove a student’s request to enroll based on the counselor’s assessment of whether participation in the program and enrollment in a particular course is in the student’s best interest. The department shall develop a procedure under which a student may appeal the decision of a guidance counselor made under the provisions of this section.

4. The local education agency where eligible funded students are enrolled full time may review enrollment requests to ensure courses are academically appropriate, logistically feasible, keep the student on track for an on-time graduation, and do not extend a student beyond a full-time course load. The local education agency may only reject enrollment requests for those reasons.

5. Local education agencies shall inform students and families of their right to appeal any enrollment denials in state course access program courses to the department, which shall provide a final enrollment decision within seven calendar days.

161.1012. 1. The department shall:

(1) Establish an authorization process for course providers that includes multiple opportunities for submission each year;

(2) Not later than ninety calendar days from initial submission date, authorize course providers that:

(b) Provide courses which offer the instructional rigor and scope required under section 161.1013; and

(3) Not later than ninety calendar days from initial submission date, provide a written explanation to any course providers that are denied.

2. If a course provider is denied authorization, the provider may reapply in the future.

3. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for providers.

4. If the department determines that there are insufficient funds available for evaluating and authorizing course providers, the department may charge applicant providers a fee up to but no greater than the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

161.1013. 1. To be authorized to offer a course through the state course access program, a provider shall:

(1) Comply with all applicable anti-discrimination provisions as well as applicable state and federal student data privacy provisions such as the Family Educational Rights and Privacy Act (FERPA);

(a) All of the courses submitted for approval are reviewed to ensure they meet legal accessibility standards;

(b) The provider has created and promulgated an Accessibility Online Learning Policy;

(c) The provider has designated an ADA Coordinator, a grievance policy, and annual notifications;

(e) The provider has no gateway exam or test where a specific score is required to participate in course access program courses beyond completion of prerequisite coursework or demonstrated mastery of prerequisite material;

(3) Demonstrate either:

(a) Prior evidence of delivering quality outcomes for students as demonstrated by completion

rates, student level growth, proficiency, or other quantifiable outcomes; or

(b) For course providers applying to offer a subject or grade level for the first time, provide a detailed justification, in a manner determined by the department, of how their organization's subject matter, instructional, or technical expertise will lead to successful outcomes for students;

(4) Ensure instructional and curricular quality through a detailed curriculum and student performance accountability plan that aligns with, and measures student attainment of, relevant state academic standards or other relevant standards in courses without state academic standards;

(5) Provide assurances that the course provider shall electronically provide, in a manner and format determined by the department, a detailed student record of enrollment, performance, completion, and grading information with the school systems where eligible participating students are enrolled full time.

2. Additional criteria developed by the department shall be used to evaluate providers and may include nationally recognized third-party quality standards.

161.1014. 1. The department shall establish a course review and approval process. The process may be implemented by the department or by an entity designated by the department.

2. In order to be approved and added to the state course access catalog, a course shall:

(1) Be, at a minimum, the equivalent in instructional rigor and scope to a course that is provided in a traditional classroom setting;

(2) Be aligned to relevant state academic standards or industry standards;

(3) Possess an assessment component for determining student proficiency, as well as student growth where applicable; and

(4) Be designed and implemented consistently with criteria established by the department and nationally recognized third-party quality standards.

3. The department may negotiate changes in the proposal to offer a course, if the department determines that changes are necessary in order to authorize the course.

161.1015. 1. The initial authorization of the course provider and approved courses shall be for a period of three years.

2. Providers shall annually report, in such a manner as directed by the department:

(1) Student enrollment data;

(2) Student outcomes, growth measures when available, proficiency rates, and completion rates for each subject area and grade level; and

(3) Student and parental feedback on overall satisfaction and quality, including availability of support from teachers, and their comments.

3. After the second year of the initial authorization period, the department shall conduct a thorough review of the course provider's activities and the academic performance of the students enrolled in courses offered by the course provider.

4. If the performance of the students enrolled in courses offered by the course provider does not meet agreed upon performance standards at any time, the course provider shall be placed on probation and required to submit a plan for improvement to the department. The department shall establish terms of probation and develop specific criteria the provider must meet in order to return to good standing. Course providers shall be given at least sixty days to meet the terms of probation. Determinations as to whether the provider has met the conditions of probation shall be at the sole discretion of the department. If the department determines that the provider has failed to meet the conditions of probation within the time frame established by the department, the department may terminate the provider's status. Course providers who are terminated by the department under the provisions of this subsection shall be ineligible for reinstatement as a course provider for two years from the time the provider's status was revoked.

5. After the initial three-year authorization period, the department may reauthorize the course provider for additional periods of not less than three years after thorough review of the course provider's activities and the achievement of students enrolled in courses offered by the course provider.

6. The department may exclude a course provided by an authorized provider at any time if the department determines that:

- (1) The course is no longer adequately aligned with the state academic standards;**
- (2) The course no longer provides a detailed and quality curriculum and accountability plan; or**
- (3) The course fails to deliver outcomes as measured by course completion or student outcomes and performance on state or nationally accepted assessments.**

161.1016. The department may enter into a reciprocity agreement with other states for the purpose of authorizing and approving high quality providers and courses for the state course access program and the operation of the state course access catalog.

161.1017. 1. The department shall:

(1) Publish the criteria required by section 161.1013 for courses that may be offered through the state course access program;

(2) Be responsible for creating the state course access catalog; the department may enter into an agreement with other states or organizations to develop or operate one or more aspects of the state course access catalog and state course access program;

(3) Publish a link to the state course access catalog in a prominent location on the department's website, which includes a listing of courses offered by authorized providers available through the state course access program, a detailed description of the courses, and any available student completion and outcome data; and

(4) Establish and publish a time frame or specific dates by which students are able to withdraw from a course provided through the state course access program without the student, local education agency, or course provider incurring a penalty.

2. The department shall maintain on its official website in a prominent location an informed

choice report. Each report under this section shall:

- (1) Be updated within thirty calendar days of additional provider authorizations;
- (2) Describe each course offered through the state course access program and include information such as course requirements and the school year calendar for the course, including any options for continued participation outside of the standard school year calendar;
- (3) Include student and parental comments and feedback as detailed under section 161.1014; and
- (4) Be published online in an open format that can be retrieved, downloaded, indexed, and searched by commonly used web search applications.

3. The department shall submit an annual report on the state course access program and the participation of entities to the governor, and the chairperson and vice-chairperson of the joint committee on education. The report shall at a minimum include the following information:

- (1) The annual number of unique students participating in courses authorized under sections 161.1010 to 161.1020 and the total number of courses students are enrolled in;
- (2) The number of authorized providers;
- (3) The number of authorized courses and the number of students enrolled in each course;
- (4) The number of courses available by subject and grade level;
- (5) The number of students enrolled in courses by subject and grade level;
- (6) Student outcome data, including completion rates, student learning gains, student performance on state or nationally accepted assessments, by subject and grade level by provider. This outcome data should be published in a manner that protects student privacy; and
- (7) The department shall note any data that is not yet available at the time of publication and when it will become available, and include that data in future reports.

4. The report and underlying data shall be published online in an open format that can be retrieved, downloaded, indexed, and searched by commonly used web search applications.

5. For purposes of this section, an “open format” is one that is platform independent, machine readable, and made available to the public without restrictions that would impede the reuse of that information.

161.1018. 1. A school district or charter school shall:

- (1) Notify students and parents as part of any course enrollment period or process of the availability of state course access program courses in correspondence that is written in simple and accurate language;
- (2) Provide information by letter or email to students and parents at home and by at least two other means, such as community flyers, newspaper postings, on student report cards, or other methods;

(1) Credits earned through the course provider shall appear on each student's official transcript and count fully towards the requirements of any approved state diploma; and

(2) Coordinate with course providers to ensure that required state assessments are administered to each such student attending a public school.

3. The performance data of students who are enrolled in a course under sections 161.1010 to 161.1020 and in accordance with subsection 1 of this section shall be counted in the school performance score for the school in which the student is enrolled full time.

4. Nothing in sections 161.1010 to 161.1020 shall be construed to prevent a school entity from establishing its own online course or program in accordance with sections 161.1010 to 161.1020.

5. The department shall adopt rules necessary to implement sections 161.1010 to 161.1020, including but not limited to the requirements of school governing authorities or local school systems whose students enroll in courses offered by authorized course providers. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.

161.1019. 1. Per-course tuition shall be determined as follows:

(1) The course provider shall receive per-course tuition for each eligible funded student at a fair and reasonable rate negotiated by the department and the course provider that is inclusive of all required course materials. Determinations of course prices may take into account prices for similar levels of service in other jurisdictions. Funding for courses in which students are enrolled shall be made by the department to the local education agency where the student is enrolled full time; within ninety days of receiving funding from the department, the local education agency shall remit appropriate payment to the authorized course provider;

(2) The course provider shall receive payment from the local education agency only for the courses in which an eligible funded student is enrolled; the remaining funds received from the department by the local education agency shall remain with the local education agency in which the student is enrolled full time;

(3) The course provider shall accept the amount specified in subdivision (1) of this subsection as total tuition and fees for the eligible funded student;

(4) The course provider may charge tuition to any eligible participating student up to an amount determined by the course provider and department. An eligible participating student who is not an eligible funded student shall pay any such tuition and shall not receive any state funding for participation in state course access program courses.

2. Payment of tuition to course providers shall be based upon student success and made as follows:

(1) Fifty percent of the amount of tuition to be paid or transferred to the course provider shall be transferred upon student enrollment in a course and fifty percent shall be dependent upon student success in the course. Student success may initially be measured based on course completion, but the department shall create new measures of student success by Year 3 for use in courses where externally validated measures are available. These measures of student outcomes, based on either proficiency or growth, shall include results from independent end-of-course exams, advanced placement exams, receipt of industry recognized credentials, receipt of credit from institutions of higher education, or other externally validated measures;

(2) Partial payments for delayed completions shall be determined as follows: if a student does not successfully complete a course according to the published course length in which the course provider has received the first payment under subsection 1 of this section, the provider shall receive twenty percent of the tuition that is dependent upon student success as defined in subsection 1 of this section only if the student completes and receives credit for the course within one additional semester. At that point, remaining tuition shall be returned to the local education agency where a student is enrolled full time or to the eligible participating student if such student paid the tuition under subdivision (4) of subsection 1 of this section.

161.1020. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under sections 161.1010 to 161.1020 shall automatically sunset six years after the effective date of sections 161.1010 to 161.1020 unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under sections 161.1010 to 161.1020 shall automatically sunset twelve years after the effective date of the reauthorization of sections 161.1010 to 161.1020; and

(3) Sections 161.1010 to 161.1020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 161.1010 to 161.1020 is sunset.”; and

HOUSE AMENDMENT NO. 3

Amend House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 115, Page 15, Section 99.845, Line 311, by inserting immediately after said line the following:

“137.016. 1. As used in section 4(b) of article X of the Missouri Constitution, the following terms mean:

(1) “Residential property”, all real property improved by a structure which is used or intended to be used for residential living by human occupants, vacant land in connection with an airport, land used as a golf course, manufactured home parks, **bed and breakfast inns in which the owner resides and uses as a primary residence with four or fewer rooms for rent**, and time-share units as defined in section 407.600, except to the extent such units are actually rented and subject to sales tax under subdivision (6) of subsection 1 of section 144.020, but residential property shall not include other similar facilities used primarily for transient housing. For the purposes of this section, “transient housing” means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020;

(2) “Agricultural and horticultural property”, all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. Agricultural and horticultural property shall also include land devoted to and qualifying for payments or other compensation under a soil conservation or agricultural assistance program under an agreement with an agency of the federal government. Agricultural and horticultural property shall further include land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the National Plan of Integrated Airports System, to receive federal airport improvement project funds through the Federal Aviation Administration. Real property classified as forest croplands shall not be agricultural or horticultural property so long as it is classified as forest croplands and shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution. (3) “Utility, industrial, commercial, railroad and other real property”, all real property used directly or indirectly for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose, including all property centrally assessed by the state tax commission but shall not include floating

docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. 2. Pursuant to article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to article X, subsection 2 of section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section.

(6) Size of such property;

(7) Access of such property to public thoroughfares; and

(8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in section 4(b) of article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution.”; and

[Infants] **Minors** and incapacitated and disabled persons as defined in chapter 475 may redeem any lands belonging to them sold for taxes, within [one year after the expiration of such disability] **five years of the date of the last payment of taxes encumbering the real estate by the minor, incapacitated or disabled person, the party's predecessors in interest, or any representative of such person**, in the same manner as provided in section 140.340 for redemption by other persons.

140.405. 1. Any person purchasing property at a delinquent land tax auction shall not acquire the deed to the real estate, as provided for in section 140.250 or 140.420, until the person meets the requirements of this section, except that such requirements shall not apply to post-third-year sales, which shall be conducted under subsection 4 of section 140.250. The purchaser shall obtain a title search report from a licensed attorney or licensed title company detailing the ownership and encumbrances on the property. [Such title search report shall be declared invalid if the effective date is more than one hundred twenty days from the date the purchaser applies for a collector's deed under section 140.250 or 140.420.]

2. At least ninety days prior to the date when a purchaser is authorized to acquire the deed, the purchaser shall notify the owner of record and any person who holds a publicly recorded unreleased deed of trust, mortgage, lease, lien, judgment, or any other publicly recorded claim upon that real estate of such person's right to redeem the property. Notice shall be sent by both first class mail and certified mail return receipt requested to such person's last known available address. If the certified mail return receipt is returned signed, the first class mail notice is not returned, the first class mail notice is refused where noted by the United States Postal Service, or any combination thereof, notice shall be presumed received by the recipient. At the conclusion of the applicable redemption period, the purchaser shall make an affidavit in accordance

with subsection [4] **5** of this section.

3. If the owner of record or the holder of any other publicly recorded claim on the property intends to transfer ownership or execute any additional liens or encumbrances on the property, such owner shall first redeem such property under section 140.340. The failure to comply with redeeming the property first before executing any of such actions or agreements on the property shall require the owner of record or any other publicly recorded claim on the property to reimburse the purchaser for the total bid as recorded on the certificate of purchase and all the costs of the sale required in sections 140.150 to 140.405.

4. In the case that both the certified notice return receipt card is returned unsigned and the first class mail is returned for any reason except refusal, where the notice is returned undeliverable, then the purchaser shall attempt additional notice and certify in the purchaser's affidavit to the collector that such additional notice was attempted and by what means.

5. The purchaser shall notify the county collector by affidavit of the date that every required notice was sent to the owner of record and, if applicable, any other publicly recorded claim on the property. To the affidavit, the purchaser shall attach a copy of a valid title search report as described in subsection 1 of this section as well as completed copies of the following for each recipient:

- (1) Notices of right to redeem sent by first class mail;
- (2) Notices of right to redeem sent by certified mail;
- (3) Addressed envelopes for all notices, as they appeared immediately before mailing;
- (4) Certified mail receipt as it appeared upon its return; and

(5) Any returned regular mailed envelopes. As provided in this section, at such time the purchaser notifies the collector by affidavit that all the ninety days' notice requirements of this section have been met, the purchaser is authorized to acquire the deed, provided that a collector's deed shall not be acquired before the expiration date of the redemption period as provided in section 140.340.

6. If any real estate is purchased at a third-offering tax auction and has a publicly recorded unreleased deed of trust, mortgage, lease, lien, judgment, or any other publicly recorded claim upon the real estate under this section, the purchaser of said property shall within forty-five days after the purchase at the sale notify such person of the person's right to redeem the property within ninety days from the postmark date on the notice. Notice shall be sent by both first class mail and certified mail return receipt requested to such person's last known available address. The purchaser shall notify the county collector by affidavit of the date the required notice was sent to the owner of record and, if applicable, the holder of any other publicly recorded claim on the property, that such person shall have ninety days to redeem said property or be forever barred from redeeming said property.

7. If the county collector chooses to have the title search done then the county collector may charge the purchaser the cost of the title search before giving the purchaser a deed pursuant to section 140.420.

8. [If the property is redeemed, the person redeeming the property shall pay the costs incurred by the purchaser in providing notice under this section. Recoverable costs on any property sold at a tax sale shall include the title search, postage, and costs for the recording of any certificate of purchase issued and for recording the release of such certificate of purchase and all the costs of the sale required in sections 140.150 to 140.405.

9.] Failure of the purchaser to comply with this section shall result in such purchaser's loss of all interest in the real estate **except as otherwise provided in sections 140.550 and 140.570.**

9. The phrase “authorized to acquire the deed” as used in this chapter shall mean the date chosen by the tax sale purchaser that is more than the minimum redemption period set forth in section 140.340 if the tax sale purchaser has complied with the following requirements entitling the purchaser to the issuance of a collector's deed:

(1) Compliance with the requirements of this section to the satisfaction of the collector;

(2) Payment of the recording fee for the collector's deed as required under section 140.410;

(3) Production of the original of the certificate of purchase as required under section 140.420, or production of an original affidavit of lost or destroyed certificate approved by the collector as to form and substance; and

(4) Payment of all subsequent taxes required to be paid under section 140.440.

10. Notwithstanding any provision of law to the contrary, any person except a minor or an incapacitated or disabled person may receive notice under this section in a foreign country or outside the United States:

(1) By any internationally agreed upon means of service that is reasonably calculated to give notice, such as the Hague Convention on the Service Abroad of Judicial and Extrajudicial Documents;

(2) If there is no internationally agreed upon means of service, or if an international agreement allows service but does not specify the means, by a method that is reasonably calculated to give notice;

(3) As set forth for the foreign country's acceptable method of service in actions in courts of general jurisdiction;

(4) As the foreign country directs in response to a letter of request;

(5) Unless prohibited by a foreign country's law, by delivering a copy of the notice to the person personally or using a form of mail that requires a signed receipt; or

(6) By any other means not prohibited by international agreement as approved by the collector.

140.410. In all cases where lands have been or may hereafter be sold for delinquent taxes, penalty, interest and costs due thereon, and a certificate of purchase has been or may hereafter be issued, it is hereby made the duty of such purchaser, his **or her** heirs or assigns, to cause all subsequent taxes to be paid on the property purchased prior to the issuance of any collector's deed, and the purchaser shall further cause a deed to be executed and placed on record in the proper county all within [two years] **eighteen months** from the date of said sale; provided, that on failure of said purchaser, his **or her** heirs or assigns so to do, then and in that case the amount due such purchaser shall cease to be a lien on said lands so purchased as herein provided. Upon the purchaser's forfeiture of all rights of the property acquired by the certificate of purchase issued, and including the nonpayment of all subsequent years' taxes as described in this section, it shall be the responsibility of the collector to record the cancellation of the certificate of purchase in the office of the recorder of deeds of the county. Certificates of purchase cannot be assigned to nonresidents or delinquent taxpayers. However, any person purchasing property at a delinquent land tax sale who meets the requirements of this section, prior to receiving a collector's deed, shall pay to the collector the fee necessary

for the recording of such collector's deed to be issued. It shall be the responsibility of the collector to record the deed before delivering such deed to the purchaser of the property.

140.420. If no person shall redeem the lands sold for taxes [within the applicable redemption period of one year from the date of the sale or within the ninety-day notice as specified in section 140.405 for a third-year tax sale] **prior to the expiration of the right to redeem**, at the expiration thereof, and on production of the certificate of purchase **and upon proof satisfactory to the collector that a purchaser or his or her heirs, successors, or assigns are authorized to acquire the deed**, the collector of the county in which the sale of such lands took place shall execute to the purchaser, his **or her** heirs or assigns, in the name of the state, a conveyance of the real estate so sold, which shall vest in the grantee an absolute estate in fee simple, subject, however, to all claims thereon for unpaid taxes except such unpaid taxes existing at time of the purchase of said lands and the lien for which taxes was inferior to the lien for taxes for which said tract or lot of land was sold.”; and

104.380. **1. Except as provided in subsection 2 of this section,** if a retired member is elected to any state office or is appointed to any state office or is employed by a department in a position normally requiring the performance by the person of duties during not less than one thousand forty hours per year, the member shall not receive an annuity for any month or part of a month for which the member serves as an officer or employee, but the member shall be considered to be a new employee with no previous creditable service and must accrue creditable service continuously for at least one year in order to receive any additional annuity. Any retired member who again becomes an employee and who accrues additional creditable service and later retires shall receive an additional amount of monthly annuity calculated to include only the creditable service and the average compensation earned by the member since such employment or creditable service earned as a member of the general assembly. Years of membership service and twelfths of a year are to be used in calculating any additional annuity except for creditable service earned as a member of the general assembly, and such additional annuity shall be based on the type of service accrued. In either event, the original annuity and the additional annuity, if any, shall be paid commencing with the end of the first month after the month during which the member’s term of office has been completed, or the member’s employment terminated. If a retired member is employed by a department in a position that does not normally require the person to perform duties during at least one thousand forty hours per year, the member shall not be considered an employee as defined pursuant to section 104.010. A retired member who becomes reemployed as an employee on or after August 28, 2001, in a position covered by the Missouri department of transportation and highway patrol employees’ retirement system shall not be eligible to receive retirement benefits or additional creditable service from the state employees’ retirement system. Benefits paid under subsection 3 of section 104.374 are not applicable to any additional annuity paid under this section.

2. If a retired member of the Missouri department of transportation and highway patrol employees’ retirement system or the Missouri state employees’ retirement system is elected to any state office, appointed to any state office, or is reemployed by a department and such member reimburses the retirement system for any amount received as retirement benefits, increased by an additional amount to account for interest which would have accrued should the retirement benefits not have been paid, such member shall be considered an active member of the retirement system, and

upon retirement, the member's creditable service shall be calculated as if the member had never retired and received any retirement benefits.

104.1039. **1. Except as provided in subsection 2 of this section,** if a retiree is employed as an employee by a department, the retiree shall not receive an annuity payment for any calendar month in which the retiree is so employed. While reemployed the retiree shall be considered to be a new employee with no previous credited service and must accrue credited service continuously for at least one year in order to receive any additional annuity. Such retiree shall receive an additional annuity in addition to the original annuity, calculated based only on the credited service and the pay earned by such retiree during reemployment and paid in accordance with the annuity option originally elected; provided such retiree who ceases to receive an annuity pursuant to this section shall not receive such additional annuity if such retiree is employed by a department in a position that is covered by a state-sponsored defined benefit retirement plan not created pursuant to this chapter. The original annuity and any additional annuity shall be paid commencing as of the end of the first month after the month during which the retiree's reemployment terminates. Cost-of-living adjustments paid under section 104.1045 shall not accrue while a retiree is employed as described in this section. Any future cost-of-living adjustments paid after the retiree terminates such employment will be paid in the same month as the retiree's original annual benefit increases were paid.

2. If a retired member of the Missouri department of transportation and highway patrol employees' retirement system or the Missouri state employees' retirement system is elected to any state office, appointed to any state office, or is reemployed by a department and such member reimburses the retirement system for any amount received as retirement benefits, increased by an additional amount to account for interest which would have accrued should the retirement benefits not have been paid, such member shall be considered an active member of the retirement system, and upon retirement, the member's creditable service shall be calculated as if the member had never retired and received any retirement benefits."; and

The director shall keep accurate records of the amount of money in the trust fund and which was collected in each city imposing a sales tax under this section, and the records shall be open to the inspection of officers of the city and the public. Not later than the tenth day of each month the director shall distribute all moneys deposited in the trust fund during the preceding month to the city which levied the tax. Such

funds shall be deposited with the city treasurer of each such city, and all expenditures of funds arising from the trust fund shall be by an appropriation act to be enacted by the governing body of each such city. Expenditures may be made from the fund for any functions authorized in the ordinance or order adopted by the governing body submitting the tax to the voters. If the tax is repealed, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

[4.] 5. The director of the department of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such cities. If any city abolishes the tax, the city shall notify the director of the action at least ninety days before the effective date of the repeal, and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

[5.] 6. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the city) repeal the sales tax imposed at a rate of (insert rate of percent) percent for the purpose of improving the public safety of the city?

☐ YES

☐ NO

If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters, and the repeal is approved by a majority of the qualified voters voting on the question.

[6.] 7. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

[7.] 8. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.”; and

MESSAGES FROM THE GOVERNOR

The following message was received from the Governor, reading of which was waived:

GOVERNOR OF MISSOURI

JEFFERSON CITY

65102

April 30, 2015

TO THE SECRETARY OF THE SENATE
98TH GENERAL ASSEMBLY
FIRST REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you Conference Committee Substitute for House Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 24, entitled:

AN ACT

To repeal sections 208.040, RSMo, and to enact in lieu thereof four new sections relating to nonmedical public assistance.

I disapprove of Conference Committee Substitute for House Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 24 (Senate Bill No. 24). My reasons for disapproval are as follows:

Senate Bill No. 24 is a misguided measure that punishes poor children in the legislature's zeal to reduce reliance on government assistance. If enacted, this legislation would jeopardize the lives of Missouri's children in two ways: first, by reducing the length of time that they can receive benefits even if their parents are working and second, by eliminating their benefits if their parents are not meeting the work requirements.

Like the majority of states, Missouri law currently imposes a lifetime limit of 60 months for eligible recipients to receive monthly payments from the federal Temporary Assistance for Needy Families (TANF) program. Senate Bill No. 24 would reduce the lifetime limit for TANF benefits to 45 months. Only eight other states have shorter lifetime limits. The impact of this reduction on Missouri's children would be as harsh as it is unnecessary. If Senate Bill No. 24 were to become law, an estimated 3,155 families would see their payments terminated on January 1, 2016. This would mean that approximately 6,465 children would have this support, upon which they depend, immediately cut off through no fault or action of their own; 40 percent of these children are under the age of five. And tens of thousands of more children will fall victim to this provision in the future. This drastic impact on children could be minimized through any number of provisions that the legislature should have considered, such as exempting the children in families that are currently receiving TANF benefits. "Grandfathering" these children would offer some protection from a change in the rules sprung upon them after initially committing up to 60 months of support.

The justifications offered by proponents for this reduction in benefits to children do not withstand scrutiny. TANF benefits are not lucrative. The average TANF benefit is \$228 per month in Missouri, and to even be eligible to receive this amount, the family's income must be very low; for example, a family of three cannot earn more than \$292 a month. TANF dependency is not increasing - in FY2014, 13 percent fewer families received TANF benefits than did so in FY2013.

To further damage the children of Missouri, Senate Bill No. 24 would impose a penalty on the child of a parent who fails to engage in defined work activities as a condition for receiving TANF benefits. Under current Missouri law, a parent or caretaker seeking TANF assistance must engage in specified work activities in order for the full benefit to be paid. Failure to do so results in a 25% reduction of the benefit. This sanction is an appropriate consequence for the parent's noncompliance with the work requirement while not eliminating the availability of assistance for the children in the family. However, if Senate Bill No. 24 were to become law, the entire benefit would be eliminated and young children would be forced to suffer further from their parents' failure to meet those obligations. Applying a penalty to children in these circumstances is harsh and should not become the law of Missouri.

It is important that a program like TANF be as effective for taxpayers as possible, and one means of doing so is to ensure that the adults who participate in the program accept the personal responsibility for work that the program properly requires. But Senate Bill No. 24 goes far beyond holding adults accountable. Instead, it punishes children for the behavior of their parents. Rather than imposing a sanction on the children of adults who fail to meet the work requirements, the legislature could have authorized, as it has in other circumstances, a protective payee to receive and administer the children's share of the TANF benefit, thereby making the reasonable distinction between adults who are responsible for meeting the requirements and children who are not. But the legislature failed to do so. This is fundamentally unfair, and I will not support it.

I cannot condone the hardships imposed on innocent children that Senate Bill No. 24 would require - first, by unnecessarily cutting the length of time that children can receive benefits even when their parents are working and second, by cruelly eliminating their benefits if their parents are not meeting work requirements. Missouri law should not mandate such meanness toward innocent children.

In accordance with the above stated reasons for disapproval, I am returning Conference Committee Substitute for House Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 24 without my approval.

Respectfully submitted,
Jeremiah W. (Jay) Nixon
Governor

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SECOND DAY—MONDAY, MAY 4, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“But I will sing of your might; I will sing aloud of your steadfast love in the morning. For you have been a fortress for me and a refuge in the day of my distress.” (Psalm 59:16)

We give You thanks for another great spring day and the message it sends us. We walk about Your creation and watch the birds’ eggs hatching; we see the geese swim as a family and the families of deer run through the forest and we are set free from doubts and care. For although life is not always filled with joy and happiness we know Your creation is in Your hand and life is affirmed. And, so we give thanks to be here to the work You have called us to be about seeking to protect the people we serve. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Photographers from KOMU-TV were given permission to take pictures in the Senate Chamber.

The Journal for Thursday, April 30, 2015 was read and approved.

“161.1010. 1. There is hereby established the “Missouri Course Access Program” to allow public school students to enroll in online, blended, and face-to-face courses to supplement coursework offered at the school where the student is enrolled. The Missouri course access program is separate and distinct from the virtual online school program established under section 161.670 and shall not be considered part of the virtual online school program for any purpose.

2. For purposes of sections 161.1010 to 161.1020, the following terms mean:

(1) “Course provider”, an entity authorized by the department of elementary and secondary education to offer individual courses in person, online, or a combination of the two, including but not limited to online education providers, public or private elementary and secondary education institutions, education service agencies, private for profit or not-for-profit providers, postsecondary education institutions, and vocational or technical course providers;

(2) “Department”, the department of elementary and secondary education;

(3) “Eligible funded student”, any eligible participating student who is currently enrolled in a public school, including a public charter school;

(4) “Eligible participating student”, any K-12 student who resides in the state;

161.1011. 1. Any eligible participating student may enroll in state course access program courses with the approval of such student’s guidance counselor, as provided under subsection 3 of this section. An eligible funded student may enroll in state course access program courses that are funded by the program up to a maximum of seven credit hours per semester.

2. The families of eligible funded students and other eligible participating students may pay to enroll in state course access program courses above the maximum seven-credit hour limit specified in subsection 1 of this section.

3. Prior to enrolling in any state course access program course, a student shall first receive approval from his or her guidance counselor. Guidance counselors shall approve or disapprove a student’s request to enroll based on the counselor’s assessment of whether participation in the program and enrollment in a particular course is in the student’s best interest. The department shall develop a procedure under which a student may appeal the decision of a guidance counselor made under the provisions of this section.

4. The local education agency where eligible funded students are enrolled full time may review enrollment requests to ensure courses are academically appropriate, logistically feasible, keep the student on track for an on-time graduation, and do not extend a student beyond a full-time course load. The local education agency may only reject enrollment requests for those reasons.

5. Local education agencies shall inform students and families of their right to appeal any enrollment denials in state course access program courses to the department, which shall provide a final enrollment decision within seven calendar days.

161.1012. 1. The department shall:

(1) Establish an authorization process for course providers that includes multiple opportunities for submission each year;

(2) Not later than ninety calendar days from initial submission date, authorize course providers that:

(b) Provide courses which offer the instructional rigor and scope required under section 161.1013; and

(3) Not later than ninety calendar days from initial submission date, provide a written explanation to any course providers that are denied.

2. If a course provider is denied authorization, the provider may reapply in the future.

3. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for providers.

4. If the department determines that there are insufficient funds available for evaluating and authorizing course providers, the department may charge applicant providers a fee up to but no greater than the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

161.1013. 1. To be authorized to offer a course through the state course access program, a provider shall:

(1) Comply with all applicable anti-discrimination provisions as well as applicable state and federal student data privacy provisions such as the Family Educational Rights and Privacy Act (FERPA);

(e) The provider has no gateway exam or test where a specific score is required to participate in course access program courses beyond completion of prerequisite coursework or demonstrated mastery of prerequisite material;

(3) Demonstrate either:

(a) Prior evidence of delivering quality outcomes for students as demonstrated by completion rates, student level growth, proficiency, or other quantifiable outcomes; or

(b) For course providers applying to offer a subject or grade level for the first time, provide a detailed justification, in a manner determined by the department, of how their organization's subject matter, instructional, or technical expertise will lead to successful outcomes for students;

(4) Ensure instructional and curricular quality through a detailed curriculum and student performance accountability plan that aligns with, and measures student attainment of, relevant state academic standards or other relevant standards in courses without state academic standards;

(5) Provide assurances that the course provider shall electronically provide, in a manner and format determined by the department, a detailed student record of enrollment, performance, completion, and grading information with the school systems where eligible participating students are enrolled full time.

2. Additional criteria developed by the department shall be used to evaluate providers and may include nationally recognized third-party quality standards.

161.1014. 1. The department shall establish a course review and approval process. The process may be implemented by the department or by an entity designated by the department.

2. In order to be approved and added to the state course access catalog, a course shall:

(1) Be, at a minimum, the equivalent in instructional rigor and scope to a course that is provided in a traditional classroom setting;

(2) Be aligned to relevant state academic standards or industry standards;

(3) Possess an assessment component for determining student proficiency, as well as student growth where applicable; and

(4) Be designed and implemented consistently with criteria established by the department and nationally recognized third-party quality standards.

3. The department may negotiate changes in the proposal to offer a course, if the department determines that changes are necessary in order to authorize the course.

161.1015. 1. The initial authorization of the course provider and approved courses shall be for a period of three years.

2. Providers shall annually report, in such a manner as directed by the department:

(1) Student enrollment data;

(2) Student outcomes, growth measures when available, proficiency rates, and completion rates for each subject area and grade level; and

(3) Student and parental feedback on overall satisfaction and quality, including availability of support from teachers, and their comments.

3. After the second year of the initial authorization period, the department shall conduct a thorough review of the course provider's activities and the academic performance of the students enrolled in courses offered by the course provider.

4. If the performance of the students enrolled in courses offered by the course provider does not meet agreed upon performance standards at any time, the course provider shall be placed on probation and required to submit a plan for improvement to the department. The department shall establish terms of probation and develop specific criteria the provider must meet in order to return to good standing. Course providers shall be given at least sixty days to meet the terms of probation. Determinations as to whether the provider has met the conditions of probation shall be at the sole discretion of the department. If the department determines that the provider has failed to meet the conditions of probation within the time frame established by the department, the department may terminate the provider's status. Course providers who are terminated by the department under the provisions of this subsection shall be ineligible for reinstatement as a course provider for two years from the time the provider's status was revoked.

5. After the initial three-year authorization period, the department may reauthorize the course provider for additional periods of not less than three years after thorough review of the course provider's activities and the achievement of students enrolled in courses offered by the course provider.

6. The department may exclude a course provided by an authorized provider at any time if the department determines that:

- (1) The course is no longer adequately aligned with the state academic standards;**
- (2) The course no longer provides a detailed and quality curriculum and accountability plan; or**
- (3) The course fails to deliver outcomes as measured by course completion or student outcomes and performance on state or nationally accepted assessments.**

161.1016. The department may enter into a reciprocity agreement with other states for the purpose of authorizing and approving high quality providers and courses for the state course access program and the operation of the state course access catalog.

(3) Publish a link to the state course access catalog in a prominent location on the department's website, which includes a listing of courses offered by authorized providers available through the state course access program, a detailed description of the courses, and any available student completion and outcome data; and

(4) Establish and publish a time frame or specific dates by which students are able to withdraw from a course provided through the state course access program without the student, local education agency, or course provider incurring a penalty.

2. The department shall maintain on its official website in a prominent location an informed choice report. Each report under this section shall:

(1) Be updated within thirty calendar days of additional provider authorizations;

(2) Describe each course offered through the state course access program and include information such as course requirements and the school year calendar for the course, including any options for continued participation outside of the standard school year calendar;

(3) Include student and parental comments and feedback as detailed under section 161.1014; and

(4) Be published online in an open format that can be retrieved, downloaded, indexed, and searched by commonly used web search applications.

3. The department shall submit an annual report on the state course access program and the participation of entities to the governor, and the chairperson and vice-chairperson of the joint committee on education. The report shall at a minimum include the following information:

(7) The department shall note any data that is not yet available at the time of publication and when it will become available, and include that data in future reports.

4. The report and underlying data shall be published online in an open format that can be retrieved, downloaded, indexed, and searched by commonly used web search applications.

5. For purposes of this section, an “open format” is one that is platform independent, machine readable, and made available to the public without restrictions that would impede the reuse of that information.

(2) Coordinate with course providers to ensure that required state assessments are administered to each such student attending a public school.

3. The performance data of students who are enrolled in a course under sections 161.1010 to 161.1020 and in accordance with subsection 1 of this section shall be counted in the school performance score for the school in which the student is enrolled full time.

4. Nothing in sections 161.1010 to 161.1020 shall be construed to prevent a school entity from establishing its own online course or program in accordance with sections 161.1010 to 161.1020.

5. The department shall adopt rules necessary to implement sections 161.1010 to 161.1020, including but not limited to the requirements of school governing authorities or local school systems whose students enroll in courses offered by authorized course providers. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers

vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.

161.1019. 1. Per-course tuition shall be determined as follows:

173.1107. A recipient of financial assistance may transfer from one approved public [or], private, **or virtual** institution to another without losing eligibility for assistance under sections 173.1101 to 173.1107, but the coordinating board shall make any necessary adjustments in the amount of the award. If a recipient of financial assistance at any time is entitled to a refund of any tuition, fees, or other charges under the rules and regulations of the institution in which he or she is enrolled, the institution shall pay the portion of the refund which may be attributed to the state grant to the coordinating board. The coordinating board will use these refunds to make additional awards under the provisions of sections 173.1101 to 173.1107."; and

If the court finds that the petitioner has not been found guilty of, and has no pending charges for any offense related to alcohol, controlled substances or drugs and has no other alcohol-related enforcement contacts as defined in section 302.525 during the preceding ten years and that the petitioner's habits and conduct show such petitioner to no longer pose a threat to the public safety of this state, the court shall order the director to issue a license to the petitioner if the petitioner is otherwise qualified pursuant to the provisions of sections 302.010 to 302.540. If the court finds that the petitioner has not been found guilty of, and has no pending charges for any offense related to alcohol, controlled substances, or drugs and has no other alcohol-related enforcement contacts as defined in section 302.525 during the preceding five years, and that the petitioner's habits and conduct show such petitioner to no longer pose a threat to the public safety of this state, the court shall order the director to issue a license to the petitioner if the petitioner is otherwise qualified pursuant to the provisions of sections 302.010 to 302.540;

(11) To any person who is otherwise disqualified pursuant to the provisions of chapter 302, chapter 303, or section 544.046;

(12) To any person who is under the age of eighteen years, if such person's parents or legal guardians

file a certified document with the department of revenue stating that the director shall not issue such person a driver's license. Each document filed by the person's parents or legal guardians shall be made upon a form furnished by the director and shall include identifying information of the person for whom the parents or legal guardians are denying the driver's license. The document shall also contain identifying information of the person's parents or legal guardians. The document shall be certified by the parents or legal guardians to be true and correct. This provision shall not apply to any person who is legally emancipated. The parents or legal guardians may later file an additional document with the department of revenue which reinstates the person's ability to receive a driver's license.

2. Any person whose license is reinstated under the provisions of subdivision (9) or (10) of subsection 1 of this section shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device required for reinstatement under this subsection and for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of subsection 3 of section 302.309 shall have a photo identification technology feature, and a court may require a global positioning system feature for such device. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended [for an additional six months] **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be suspended [for the remainder of the six-month period or] until proof as required by this section is filed with the director. [Upon the completion of the six-month period, the license shall be shown as reinstated, if the person is otherwise eligible.]

3. Any person who petitions the court for reinstatement of his or her license pursuant to subdivision (9) or (10) of subsection 1 of this section shall make application with the Missouri state highway patrol as provided in section 43.540, and shall submit two sets of fingerprints collected pursuant to standards as determined by the highway patrol. One set of fingerprints shall be used by the highway patrol to search the criminal history repository and the second set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files. At the time of application, the applicant shall supply to the highway patrol the court name and case number for the court where he or she has filed his or her petition for reinstatement. The applicant shall pay the fee for the state criminal history check pursuant to section 43.530 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal criminal history record. The Missouri highway patrol, upon receipt of the results of the criminal history check, shall forward a copy of the results to the circuit court designated by the applicant and to the department. Notwithstanding the provisions of section 610.120, all records related to any criminal history check shall be accessible and available to the director and the court.

302.304. 1. The director shall notify by ordinary mail any operator of the point value charged against the operator's record when the record shows four or more points have been accumulated in a twelve-month period.

2. In an action to suspend or revoke a license or driving privilege under this section points shall be

accumulated on the date of conviction. No case file of any conviction for a driving violation for which points may be assessed pursuant to section 302.302 may be closed until such time as a copy of the record of such conviction is forwarded to the department of revenue.

3. The director shall suspend the license and driving privileges of any person whose driving record shows the driver has accumulated eight points in eighteen months.

4. The license and driving privilege of any person whose license and driving privilege have been suspended under the provisions of sections 302.010 to 302.540 except those persons whose license and driving privilege have been suspended under the provisions of subdivision (8) of subsection 1 of section 302.302 or has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 and who has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible, shall be reinstated as follows:

(1) In the case of an initial suspension, thirty days after the effective date of the suspension;

(2) In the case of a second suspension, sixty days after the effective date of the suspension;

(3) In the case of the third and subsequent suspensions, ninety days after the effective date of the suspension.

Unless proof of financial responsibility is filed with the department of revenue, a suspension shall continue in effect for two years from its effective date.

5. The period of suspension of the driver's license and driving privilege of any person under the provisions of subdivision (8) of subsection 1 of section 302.302 or who has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 shall be thirty days, followed by a sixty-day period of restricted driving privilege as defined in section 302.010. Upon completion of such period of restricted driving privilege, upon compliance with other requirements of law and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. If a person, otherwise subject to the provisions of this subsection, files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated. Upon completion of such ninety-day period of restricted driving privilege, upon compliance with other requirements of law, and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege.

6. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, or, if applicable, if the person fails to maintain proof that any vehicle operated is equipped with a functioning, certified ignition interlock device installed pursuant to subsection 5 of this section, the person's driving privilege and license shall be resuspended.

7. The director shall revoke the license and driving privilege of any person when the person's driving record shows such person has accumulated twelve points in twelve months or eighteen points in twenty-four months or twenty-four points in thirty-six months. The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the Armed Forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the Armed Forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a limited driving privilege granted by a court or the director of revenue.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, except any suspension or revocation issued under section 302.410, 302.462, or 302.574, the person or nonresident has not paid the reinstatement fee of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this state. Any person who has had his or her license suspended or revoked under section 302.410, 302.462, or 302.574, shall be required to pay the reinstatement fee.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee in an amount to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010 or a program determined to be comparable by the department of mental health. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053.

16. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program.

17. Any person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a conviction for an intoxication-related traffic offense as defined under section

577.001, and who has a prior alcohol-related enforcement contact as defined under section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement of the license. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended [for an additional six months] **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be resuspended or revoked and the person shall be guilty of a class A misdemeanor.

302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges, except as provided under subdivision (8) of this subsection. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

- (a) A business, occupation, or employment;
- (b) Seeking medical treatment for such operator;
- (c) Attending school or other institution of higher education;
- (d) Attending alcohol or drug treatment programs;
- (e) Seeking the required services of a certified ignition interlock device provider; or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator, the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving

privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of [paragraph (a) of] subdivision (6) of this subsection [on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or] **if such person has a license denial under paragraph (a) or (b) of subdivision (8) of this subsection[, or a license revocation under paragraph (g) of subdivision (6) of this subsection,] or on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license revocation under subdivision (2) of subsection 2 of section 302.525, or sections 302.574 or 577.041**, until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege. The ignition interlock device required for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of this subsection shall have a photo identification technology feature, and a court may require a global positioning system feature for such device.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. The court order or the director's grant of the limited or restricted driving privilege shall also indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle with the limited driving privilege. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege whose license at the time of application has been suspended or revoked for the following reasons:

(a) [A conviction of violating the provisions of section 577.010 or 577.012, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed

the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b)] A conviction of any felony in the commission of which a motor vehicle was used **and such conviction occurred within the five year period prior to the date of application. However, any felony conviction for leaving the scene of an accident under section 577.060 shall not render the applicant ineligible for a limited driving privilege under this section;**

[(c)] **(b)** Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), **or** (10) [or (11)] of subsection 1 of section 302.060; **or**

[(d)] Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, or having left the scene of an accident as provided in section 577.060;

(e) Due to a revocation for failure to submit to a chemical test pursuant to section 302.574 or due to a refusal to submit to a chemical test in any other state, unless such person has completed the first ninety days of such revocation and files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, provided the person is not otherwise ineligible for a limited driving privilege;

(f)] **(c)** Due to a suspension pursuant to **subdivision (8) or (10) of subsection 1 of section 302.302 or** subsection 2 of section 302.525 [and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or

(g) Due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed the first forty-five days of such revocation, provided the person is not otherwise ineligible for a limited driving privilege].

(7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, cancelled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose of operating a noncommercial motor vehicle provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege.

(8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of acting with criminal negligence while driving while intoxicated to cause the death of another person, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of subsection 1 of section 302.060, to apply for a limited

driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(9) A DWI docket or court established under section 478.007 may grant a limited driving privilege to a participant in or graduate of the program who would otherwise be ineligible for such privilege under another provision of law. [The DWI docket or court shall not grant a limited driving privilege to a participant during his or her initial forty-five days of participation.]

4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

302.525. 1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed to have received the notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is received by or postmarked to the department within that fifteen-day period, the effective date of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay.

2. The period of license suspension or revocation under this section shall be as follows:

(1) If the person's driving record shows no prior alcohol-related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege as defined in section 302.010 and issued by the director of revenue. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible. The restricted driving privilege shall indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle. A copy of the restricted driving

privilege shall be given to the person and such person shall carry a copy of the restricted driving privilege while operating a motor vehicle. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section. If a person otherwise subject to the provisions of this subdivision files proof of installation with the department of revenue that any vehicle that he or she operates is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. Upon completion of such ninety-day period of restricted driving privilege, compliance with other requirements of law, and filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated;

(2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol-related enforcement contacts during the immediately preceding five years;

(3) In no case shall restricted driving privileges be issued under this section to any person whose driving record shows one or more prior alcohol-related enforcement contacts until the person has [completed the first thirty days of a suspension under this section and has] filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of the restricted driving privilege. If the person fails to maintain such proof the restricted driving privilege shall be terminated.

3. For purposes of this section, "alcohol-related enforcement contacts" shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving while intoxicated, driving while under the influence of drugs or alcohol, or driving a vehicle while having an unlawful alcohol concentration.

4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012 or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol-related traffic offense, both the suspension or revocation under this section and any other suspension or revocation arising from such convictions shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation arising from such convictions, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

5. Any person who has had a license to operate a motor vehicle revoked under this section or suspended under this section with one or more prior alcohol-related enforcement contacts showing on their driver record shall be required to file proof with the director of revenue that any motor vehicle operated by that person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of

reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended [for an additional six months] **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be suspended or revoked, [as applicable] **until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor**.

302.574. 1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation.

2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following:

(1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

(2) That the person refused to submit to a chemical test;

(3) Whether the officer secured the license to operate a motor vehicle of the person;

(4) Whether the officer issued a fifteen-day temporary permit;

(5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and

(6) Any license, which the officer has taken into possession, to operate a motor vehicle.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the

county in which the arrest or stop occurred. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

(1) Whether the person was arrested or stopped;

(2) Whether the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and

(3) Whether the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the

provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of alcohol and drug abuse of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of alcohol and drug abuse under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053.

9. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program.

10. Any person who has had a license to operate a motor vehicle revoked under this section and who has a prior alcohol-related enforcement contact, as defined in section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of license reinstatement. Such ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended [for an additional six months] **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director as required by this section, the license shall be rerevoked **until proof as required by this section is filed with the director**, and the person shall be guilty of a class A misdemeanor.

11. The revocation period of any person whose license and driving privilege has been revoked under this section and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's

license and driving privilege shall be rerevoked.

12. A person commits the offense of failure to maintain proof with the Missouri department of revenue if, when required to do so, he or she fails to file proof with the director of revenue that any vehicle operated by the person is equipped with a functioning, certified ignition interlock device or fails to file proof of financial responsibility with the department of revenue in accordance with chapter 303. The offense of failure to maintain proof with the Missouri department of revenue is a class A misdemeanor.

478.007. 1. Any circuit court, or any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants with a county municipal court established under section 66.010, may establish a docket or court to provide an alternative for the judicial system to dispose of cases in which a person has pleaded guilty to driving while intoxicated or driving with excessive blood alcohol content and:

(1) The person was operating a motor vehicle with at least fifteen-hundredths of one percent or more by weight of alcohol in such person's blood; or

(2) The person has previously pleaded guilty to or has been found guilty of one or more intoxication-related traffic offenses as defined by section 577.023; or

(3) The person has two or more previous alcohol-related enforcement contacts as defined in section 302.525.

2. This docket or court shall combine judicial supervision, drug testing, continuous alcohol monitoring, **as defined in section 577.001 or verifiable breath alcohol testing performed a minimum of four times per day**, substance abuse traffic offender program compliance, and treatment of DWI court participants. The court may assess any and all necessary costs for participation in DWI court against the participant. Any money received from such assessed costs by a court from a defendant shall not be considered court costs, charges, or fines. This docket or court may operate in conjunction with a drug court established pursuant to sections 478.001 to 478.006.

3. If the division of probation and parole is otherwise unavailable to assist in the judicial supervision of any person who wishes to enter a DWI court, a court-approved private probation service may be utilized by the DWI court to fill the division's role. In such case, any and all necessary additional costs may be assessed against the participant. No person shall be rejected from participating in DWI court solely for the reason that the person does not reside in the city or county where the applicable DWI court is located but the DWI court can base acceptance into a treatment court program on its ability to adequately provide services for the person or handle the additional caseload.

(a) The defendant is a prior offender; or

(b) A person less than seventeen years of age is present in the vehicle;

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. Application for license plates or windshield placards issued pursuant to this section shall be made to the director of revenue and shall be accompanied by a statement signed by a licensed physician or other authorized health care practitioner which certifies that the applicant, user, or member of the applicant's household is a physically disabled person as defined by this section.

14. The placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

15. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

16. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

17. Every new applicant for a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application. Renewal applicants will be required to submit a physician's statement dated no more than ninety days prior to such application upon their first renewal occurring on or after August 1, 2005. Upon completing subsequent renewal applications, a physician's statement dated no more than ninety days prior to such application shall be required every fourth year. Such physician's statement shall state the expiration date for the temporary windshield placard. If the physician fails to record an expiration date on the physician's statement, the director shall issue the temporary windshield placard for a period of thirty days. The director may stagger the requirement of a physician's statement on all renewals for the initial implementation of a four-year period.

18. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to physician's statements signed by advanced practice registered nurses, **or the advisory commission for physical therapists established in section 334.625, with respect to physician's statements signed by licensed physical therapists**, or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, with respect to physician's statements signed by physicians of the foot or podiatrists to determine whether the physician is duly licensed and registered pursuant to law. If such applicant obtaining a disabled license plate or placard presents proof of disability in the form of a statement from the United States Veterans' Administration verifying that the person is permanently disabled, the applicant shall be exempt from the four-year certification requirement of this subsection for renewal of the plate or placard. Initial applications shall be accompanied by the physician's statement required by this section. Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided the physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled persons license plates or windshield placards.

19. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

20. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

21. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

22. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

23. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

24. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

25. If such person refuses to submit or is found to no longer qualify for special plates or placards

provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

26. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

27. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis.”; and

“379.1700. As used in sections 379.1700 to 379.1706, the following terms shall mean:

(1) “Digital network”, any online-enabled application, software, website, or system offered or utilized by a transportation network company that enables the prearrangement of rides with transportation network company drivers;

(2) “Personal vehicle”, a vehicle that is used by a transportation network company driver and is:

(a) Owned, leased, or otherwise authorized for use by the transportation network company driver; and

(b) Not a taxicab, limousine, or for-hire vehicle under chapter 390;

(3) “Prearranged ride”, the provision of transportation by a driver to a rider, beginning when a driver accepts a ride requested by a rider through a digital network controlled by a transportation network company, continuing while the driver transports a requesting rider, and ending when the last requesting rider departs from the personal vehicle. A prearranged ride shall not include shared expense carpool or vanpool arrangements or transportation provided using a taxi, limousine, or other for-hire vehicle under chapter 390;

(4) “Transportation network company”, a corporation, partnership, sole proprietorship, or other entity that is licensed and operating in Missouri that uses a digital network to connect transportation network company riders to transportation network company drivers who provide prearranged rides. A transportation network company shall not be deemed to control, direct, or manage the personal vehicles or transportation network company drivers that connect to its digital network, except if agreed to by written contract;

(5) “Transportation network company driver” or “driver”, an individual who:

(a) Receives connections to potential riders and related services from a transportation network company in exchange for payment of a fee to the transportation network company; and

(b) Uses a personal vehicle to offer or provide a prearranged ride to riders upon connection

through a digital network controlled by a transportation network company in return for compensation or payment of a fee;

(6) “Transportation network company rider” or “rider”, an individual or persons who use a transportation network company’s digital network to connect with a transportation network driver who provides prearranged rides to the rider in the driver’s personal vehicle between points chosen by the rider.

379.1702. 1. Beginning April 1, 2016, and thereafter, a transportation network company driver or transportation network company on the driver’s behalf shall maintain primary automobile insurance that:

(1) Recognizes that the driver is a transportation network company driver or otherwise uses a vehicle to transport riders for compensation; and

(2) Covers the driver while the driver is logged on to the transportation network company’s digital network or while the driver is engaged in a prearranged ride.

2. The following automobile insurance requirements shall apply while a participating transportation network company driver is logged on to the transportation network company’s digital network and is available to receive transportation requests but is not engaged in a prearranged ride:

(1) Primary automobile liability insurance in the amount of at least fifty thousand dollars for death and bodily injury per person, one hundred thousand dollars for death and bodily injury per incident, and twenty-five thousand dollars for property damage;

3. The following automobile insurance requirements shall apply while a transportation network company driver is engaged in a prearranged ride:

(a) Automobile insurance maintained by the transportation network company driver;

(b) Automobile insurance maintained by the transportation network company; or

(c) Any combination of paragraphs (a) and (b) of this subdivision.

4. If insurance maintained by a driver in subsection 2 or 3 of this section has lapsed or does not provide the required coverage, insurance maintained by a transportation network company shall provide the coverage required by this section beginning with the first dollar of a claim and shall have the duty to defend such claim. If the insurance maintained by the driver does not otherwise exclude coverage for loss or injury while the driver is logged on to a transportation network’s digital network

or while the driver provides a prearranged ride, but does not provide insurance coverage at the minimum limits required by subsection 2 or 3 of this section, the transportation network company shall maintain insurance coverage that provides excess coverage beyond the driver's policy limits up to the limits required by subsection 2 or 3 of this section, as applicable.

5. Coverage under an automobile insurance policy maintained by the transportation network company shall not be dependent on a personal automobile insurer first denying a claim nor shall a personal automobile insurance policy be required to first deny a claim.

6. Insurance required by this section may be placed with an insurer authorized to issue policies of automobile insurance in the state of Missouri or with an eligible surplus lines insurer under chapter 384.

7. Insurance satisfying the requirements of this section shall be deemed to satisfy the motor vehicle financial responsibility requirements for a motor vehicle under chapter 303.

8. A transportation network company driver shall carry proof of coverage satisfying subsections 2 and 3 of this section with him or her at all times during his or her use of a vehicle in connection with a transportation network company's digital network. In the event of an accident, a transportation network company driver shall provide this insurance coverage information to the directly interested parties, automobile insurers, and investigating police officers, upon request under section 303.024. Upon such request, a transportation network company driver shall also disclose to directly interested parties, automobile insurers, and investigating police officers whether the driver was logged on to the transportation network company's digital network or on a prearranged ride at the time of an accident.

379.1704. The transportation network company shall disclose in writing to transportation network company drivers the following before they are allowed to accept a request for a prearranged ride on the transportation network company's digital network:

(1) The insurance coverage, including the types of coverage and the limits for each coverage, that the transportation network company provides while the transportation network company driver uses a personal vehicle in connection with a transportation network company's digital network; and

(2) That the transportation network company driver's own automobile insurance policy might not provide any coverage while the driver is logged on to the transportation network company's digital network and is available to receive transportation requests or is engaged in a prearranged ride depending on the policy's terms.

379.1705. A transportation network company shall make the following disclosure to a prospective driver in the prospective driver's terms of service:

IF THE VEHICLE THAT YOU PLAN TO USE TO PROVIDE TRANSPORTATION NETWORK COMPANY SERVICES HAS A LIEN AGAINST IT, USING THE VEHICLE FOR TRANSPORTATION NETWORK COMPANY SERVICES MAY VIOLATE THE TERMS OF YOUR CONTRACT WITH THE LIENHOLDER.

IF A TRANSPORTATION NETWORK COMPANY'S INSURER MAKES A PAYMENT FOR A CLAIM COVERED UNDER COMPREHENSIVE COVERAGE OR COLLISION COVERAGE, THE TRANSPORTATION NETWORK COMPANY SHALL CAUSE ITS INSURER TO ISSUE THE PAYMENT DIRECTLY TO THE BUSINESS REPAIRING THE VEHICLE OR JOINTLY TO

THE OWNER OF THE VEHICLE AND THE PRIMARY LIENHOLDER ON THE COVERED VEHICLE.

The disclosure set forth in this subsection shall be placed prominently in the prospective driver's written terms of service, and the prospective driver shall acknowledge the terms of service electronically or by signature.

379.1706. 1. Insurers that write automobile insurance in Missouri may exclude or limit any and all coverage afforded under an automobile insurance policy, including a motor vehicle liability policy, issued to an owner or operator of a personal vehicle for any loss or injury that occurs while:

- (1) A driver is logged on to a transportation network company's digital network;
- (2) A driver provides a prearranged ride; or
- (3) A motor vehicle is being used to transport or carry persons or property for any compensation or suggested donation;

2. The right to exclude all coverage under subsection 1 of this section may apply to any coverage included in an automobile insurance policy including, but not limited to:

- (1) Liability coverage for bodily injury and property damage;
- (2) Uninsured and underinsured motorist coverage;
- (3) Medical payments coverage;
- (4) Comprehensive physical damage coverage; and
- (5) Collision physical damage coverage.

Such exclusions shall apply notwithstanding any financial responsibility requirement or uninsured motorist coverage requirement under the motor vehicle financial responsibility law, chapter 303 or section 379.203, respectively. Nothing in this section implies or requires that a personal automobile insurance policy provide coverage while the driver is logged on to the transportation network company's digital network, while the driver is engaged in a prearranged ride, or while the driver otherwise uses a vehicle to transport passengers or property for compensation.

3. Nothing shall be deemed to preclude an insurer from providing coverage for the transportation network company driver's vehicle, if it chooses to do so by contract or endorsement.

4. Automobile insurers that exclude the coverage described in section 379.1702 shall have no duty to defend or indemnify any claim expressly excluded thereunder. Nothing in this section shall be deemed to invalidate or limit an exclusion contained in a policy, including any policy in use or approved for use in Missouri prior to the enactment of this section that excludes coverage for vehicles used to carry persons or property for a charge or available for hire by the public.

5. An automobile insurer that defends or indemnifies a claim against a driver that is excluded under the terms of its policy shall have a right of contribution against other insurers that provide automobile insurance to the same driver in satisfaction of the coverage requirements of section 379.1702 at the time of loss.

6. In a claims coverage investigation, transportation network companies and any insurer potentially providing coverage under section 379.1702 shall cooperate to facilitate the exchange of

relevant information with each other and any insurer of the transportation network company driver if applicable, including the precise times that a transportation network company driver logged on and off of the transportation network company's digital network in the twelve-hour period immediately preceding and in the twelve-hour period immediately following the accident and disclose to one another a clear description of the coverage, exclusions, and limits provided under any automobile insurance maintained under section 379.1702.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-THIRD DAY—TUESDAY, MAY 5, 2015

The Senate met pursuant to adjournment.

Senator Pearce in the Chair.

Reverend Carl Gauck offered the following prayer:

“The fear of the Lord is the beginning of wisdom, and the knowledge of the Holy One is insight.” (Proverbs 9:10)

O God of hope, we are grateful for the gift of each new day and this season of rebirth. We see the unfolding of flowers and budding trees, of birds singing and animals frolicking, and know You are present. We are uplifted by Your word and the teaching of it and know You are God. Provide us the wisdom we need this day to see Your hand in all that is around us and grant us to be wise in the bills we pass that they benefit this world. In Your Holy Name we pray. Amen.

SENATE AMENDMENT NO. 7

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 722, Page 1, Section A, Line 3, by inserting immediately after all of said line the following:

“213.055. 1. It shall be an unlawful employment practice:

(1) For an employer, because of the race, color, religion, national origin, sex, ancestry, age or disability of any individual:

(a) To fail or refuse to hire or to discharge any individual, or otherwise to discriminate against any individual with respect to his compensation, terms, conditions, or privileges of employment, because of such individual’s race, color, religion, national origin, sex, ancestry, age or disability;

(b) To limit, segregate, or classify his employees or his employment applicants in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee, because of such individual’s race, color, religion, national origin, sex, ancestry, age or disability;

(2) For a labor organization to exclude or to expel from its membership any individual or to discriminate in any way against any of its members or against any employer or any individual employed by an employer because of race, color, religion, national origin, sex, ancestry, age or disability of any individual; or to limit, segregate, or classify its membership, or to classify or fail or refuse to refer for employment any individual,

in any way which would deprive or tend to deprive any individual of employment opportunities, or would limit such employment opportunities or otherwise adversely affect his status as an employee or as an applicant for employment, because of such individual's race, color, religion, national origin, sex, ancestry, age or disability; or for any employer, labor organization, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs to discriminate against any individual because of his race, color, religion, national origin, sex, ancestry, age or disability in admission to, or employment in, any program established to provide apprenticeship or other training;

(3) For any employer or employment agency to print or circulate or cause to be printed or circulated any statement, advertisement or publication, or to use any form of application for employment or to make any inquiry in connection with prospective employment, which expresses, directly or indirectly, any limitation, specification, or discrimination, because of race, color, religion, national origin, sex, ancestry, age or disability unless based upon a bona fide occupational qualification or for an employment agency to fail or refuse to refer for employment, or otherwise to discriminate against, any individual because of his race, color, religion, national origin, sex, ancestry, age as it relates to employment, or disability, or to classify or refer for employment any individual on the basis of his race, color, religion, national origin, sex, ancestry, age or disability;

(4) For a public employer to inquire into or consider the criminal record of an applicant for employment until the employer has either extended a conditional offer of employment to the applicant or has conducted an interview with the applicant. For purposes of this subdivision, a conditional offer of employment is an offer of employment that is dependent on the successful completion of the following: medical examination; drug test; and background investigation. Once a conditional offer has been made or the interview has been conducted, the applicant's criminal record may be considered as part of the background check. The employer shall consider the following factors in evaluating the applicant and the results of any criminal history inquiry:

(a) The nature of the offense;

(b) Any information pertaining to the degree of rehabilitation and good conduct, including any information produced by the applicant, or produced on his or her behalf;

(c) Whether the prospective job provides an opportunity for the commission of a similar offense;

(d) Whether the circumstances leading to the offense are likely to reoccur;

(e) The length of time that has elapsed since the offense; and

(f) Whether there is a rational relationship between the offense and the duties and responsibilities of the position.

After considering the above factors, an employer may determine in its discretion whether or not to revoke any conditional offer of employment that may have been extended to an applicant.

2. Notwithstanding any other provision of this chapter, it shall not be an unlawful employment practice for an employer to apply different standards of compensation, or different terms, conditions or privileges of employment pursuant to a bona fide seniority or merit system, or a system which measures earnings by quantity or quality of production or to employees who work in different locations, provided that such differences or such systems are not the result of an intention or a design to discriminate, and are not used to discriminate, because of race, color, religion, sex, national origin, ancestry, age or disability, nor shall it be an unlawful employment practice for an employer to give and to act upon the results of any

professionally developed ability test, provided that such test, its administration, or action upon the results thereof, is not designed, intended or used to discriminate because of race, color, religion, national origin, sex, ancestry, age or disability.

3. With House Amendment Nos. 1 and 2.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 210, Page 1, In the Title, Line 3, by deleting the words “reimbursement allowance taxes” and inserting in lieu thereof the words “health care”; and

Further amend said bill and page, Section 198.439, Line 1, by inserting after all of said line and section the following:

“208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as defined in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children’s diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority

of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(8) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(9) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(10) Home health care services;

(11) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(12) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(13) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(14) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her

physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(15) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices

of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(16) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(17) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(18) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(19) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(20) Hospice care. As used in this subdivision, the term “hospice care” means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(21) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(22) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant’s home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant’s treating physician;

(24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as defined in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term “hospice care” means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a

participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the [Missouri] MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. The provisions of section 33.080 to the contrary notwithstanding, moneys in the account shall not lapse to general revenue at the end of each biennium. Failure to collect the charge does not relieve the operator from responsibility for transmitting an amount equal to the charge to the department.

4. The department may examine or audit financial records and landfill activity records and measure landfill usage to verify the collection and transmittal of the charges established in this section. The department may promulgate by rule and regulation procedures to ensure and to verify that the charges imposed herein are properly collected and transmitted to the department.

No annual adjustment shall be made to the charge imposed under this subsection during October 1, 2005, to October 1, [2017] **2027**, except an adjustment amount consistent with the need to fund the operating costs of the department and taking into account any annual percentage increase in the total of the volumetric equivalent of solid waste accepted in the prior year at solid waste sanitary landfills and demolition landfills and solid waste to be transported out of this state for disposal that is accepted at transfer stations. No annual increase during October 1, 2005, to October 1, [2017] **2027**, shall exceed the percentage increase measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency and calculated on the percentage of revenues dedicated under subdivision (1) of subsection 2 of section 260.335. Any such annual adjustment shall only be made at the discretion of the director, subject to appropriations. The department shall prescribe rules and regulations governing the transmittal of fees and verification of waste volumes transported out of state from transfer stations. Collection costs shall also be established by the department and shall not exceed two percent of the amount collected pursuant to this subsection. A transfer station with

260.335. 1. Each fiscal year eight hundred thousand dollars from the solid waste management fund shall be made available, upon appropriation, to the department and the environmental improvement and energy resources authority to fund activities that promote the development and maintenance of markets for recovered materials. Each fiscal year up to two hundred thousand dollars from the solid waste management fund **may** be used by the department upon appropriation for grants to solid waste management districts for district grants and district operations. Only those solid waste management districts that are allocated fewer funds under subsection 2 of this section than if revenues had been allocated based on the criteria in effect in this section on August 27, 2004, are eligible for these grants. An eligible district shall receive a proportionate share of these grants based on that district's share of the total reduction in funds for eligible districts calculated by comparing the amount of funds allocated under subsection 2 of this section with the amount of funds that would have been allocated using the criteria in effect in this section on August 27, 2004. The department and the authority shall establish a joint interagency agreement with the department of economic development to identify state priorities for market development and to develop the criteria to be used to judge proposed projects. Additional moneys may be appropriated in subsequent fiscal years if requested. The authority shall establish a procedure to measure the effectiveness of the grant program under this subsection and shall provide a report to the governor and general assembly by January fifteenth of each year regarding the effectiveness of the program.

2. All remaining revenues deposited into the fund each fiscal year after moneys have been made available under subsection 1 of this section shall be allocated as follows:

(1) Thirty-nine percent of the revenues shall be dedicated, upon appropriation, to the elimination of illegal solid waste disposal, to identify and prosecute persons disposing of solid waste illegally, to conduct solid waste permitting activities, to administer grants and perform other duties imposed in sections 260.200 to 260.345 and section 260.432. In addition to the thirty-nine percent of the revenues, the department may receive any annual increase in the charge during October 1, 2005, to October 1, [2014] **2027**, under section 260.330 and such increases shall be used solely to fund the operating costs of the department;

(2) Sixty-one percent of the revenues, except any annual increases in the charge under section 260.330 during October 1, 2005, to October 1, [2014] **2027**, which shall be used solely to fund the operating costs of the department, shall be allocated [through grants, upon appropriation, to participating cities, counties, and] **to solid waste management** districts. Revenues to be allocated under this subdivision shall be divided as follows: forty percent shall be allocated based on the population of each district in the latest decennial census, and sixty percent shall be allocated based on the amount of revenue generated within each district. For the purposes of this subdivision, revenue generated within each district shall be determined from the previous year's data. No more than fifty percent of the revenue allocable under this subdivision may be

allocated to the districts upon approval of the department for implementation of a solid waste management plan and district operations, and at least fifty percent of the revenue allocable to the districts under this subdivision shall be allocated to the cities and counties of the district or to persons or entities providing solid waste management, waste reduction, recycling and related services in these cities and counties. Each district shall receive a minimum of seventy-five thousand dollars under this subdivision. After August 28, [2005] **2015**, each district shall receive a minimum of ninety-five thousand dollars under this subdivision for district grants and district operations. Each district receiving moneys under this subdivision shall expend such moneys pursuant to a solid waste management plan required under section 260.325, and only in the case that the district is in compliance with planning requirements established by the department. Moneys shall be awarded based upon grant applications. **The following criteria may be considered to establish the order of district grant priority:**

(a) Grants to facilities of organizations employing individuals with disabilities under sections 178.900 to 178.960 or sections 205.968 to 205.972;

(b) Grants for proposals that will promote and maximize the sharing of district resources;

(c) Grants for proposals which provide methods of recycling and solid waste reduction; and

(d) All other grants.

Any **allocated district** moneys remaining in any fiscal year due to insufficient or inadequate **grant** applications [may] **shall** be reallocated [pursuant to this subdivision] **for grant applications in subsequent years or for solid waste management projects other than district operations, including a district's next request for solid waste management project proposals. Any allocated district moneys remaining after a period of five years shall revert to the credit of the solid waste management fund created under section 260.330;**

(3) Except for the amount up to one-fourth of the department's previous fiscal year expense, any remaining unencumbered funds generated under subdivision (1) of this subsection in prior fiscal years shall be reallocated under this section;

(4) Funds may be made available under this subsection for the administration and grants of the used motor oil program described in section 260.253;

(5) The department and the environmental improvement and energy resources authority shall conduct sample audits of grants provided under this subsection.

3. In addition to the criteria listed in this section, the advisory board created in section 260.345 shall recommend criteria to be used to allocate grant moneys to districts, cities and counties. These criteria shall establish a priority for proposals which provide methods of solid waste reduction and recycling. The department shall promulgate criteria for evaluating grants by rule and regulation. Projects of cities and counties located within a district which are funded by grants under this section shall conform to the district solid waste management plan.

4. The funds awarded to the districts[, counties and cities] pursuant to this section shall be used for the purposes set forth in sections 260.300 to 260.345, and shall be used in addition to existing funds appropriated by counties and cities for solid waste management and shall not supplant county or city appropriated funds.

5. Once grants are approved by the solid waste management district, the district shall submit to the department the appropriate forms associated with the grant application and any supporting information to verify that appropriate public notice procedures were followed, that grant proposals were reviewed and ranked by the district, and that only eligible costs as set forth in regulations are to be funded. Within thirty days, the department shall review the grant application. If the department finds any deficiencies, or needs more information in order to evaluate the grant application, the department shall notify the district in writing. The district shall have an additional thirty days to respond to the department's request and to submit any additional information to the department. Within thirty days of receiving additional information, the department shall either approve or deny the grant application. If the department takes no action, the grant application shall be deemed approved. The department, in conjunction with the solid waste advisory board, shall review the performance of all grant recipients to ensure that grant moneys were appropriately and effectively expended to further the purposes of the grant, as expressed in the recipient's grant application. The grant application shall contain specific goals and implementation dates, and grant recipients shall be contractually obligated to fulfill same. The department may require the recipient to submit periodic reports and such other data as are necessary, both during the grant period and up to five years thereafter, to ensure compliance with this section. The department may audit the records of any recipient to ensure compliance with this section. Recipients of grants under sections 260.300 to 260.345 shall maintain such records as required by the department. If a grant recipient fails to maintain records or submit reports as required herein, refuses the department access to the records, or fails to meet the department's performance standards, the department may withhold subsequent grant payments, if any, and may compel the repayment of funds provided to the recipient pursuant to a grant.

6. The department shall provide for a security interest in any machinery or equipment purchased through grant moneys distributed pursuant to this section.

7. If the moneys are not transmitted to the department within the time frame established by the rule promulgated, interest shall be imposed on the moneys due the department at the rate of ten percent per annum from the prescribed due date until payment is actually made. These interest amounts shall be deposited to the credit of the solid waste management fund.

260.345. 1. A state "Solid Waste Advisory Board" is created within the department of natural resources. The advisory board shall be composed of the chairman of the executive board of each of the solid waste management districts **or his or her designee**, and other members as provided in this section. Up to five additional members shall be appointed by the **program director of the solid waste management program** of which two members shall represent the solid waste management industry and have an economic interest in or activity with any solid waste facility or operation, one member may represent the solid waste composting or recycling industry businesses, and the remaining members shall be public members who have demonstrated interest in solid waste management issues and shall have no economic interest in or activity with any solid waste facility or operation but may own stock in a publicly traded corporation which may be involved in waste management as long as such holdings are not substantial. **Beginning January 1, 2016**, the advisory board shall [advise] **prepare an annual report due on or before January first** advising the department regarding:

- (1) The efficacy of its technical assistance program;
- (2) Solid waste management problems experienced by solid waste management districts;

- (3) The effects of proposed rules and regulations upon solid waste management within the districts;
- (4) Criteria to be used in awarding grants pursuant to section 260.335;
- (5) Waste management issues pertinent to the districts;
- (6) The development of improved methods of solid waste minimization, recycling and resource recovery; [and]
- (7) **Unfunded solid waste management projects; and**
- (8) Such other matters as the advisory board may determine.

2. The advisory board shall also prepare a report on the subjects listed in subdivisions (1) to (8) of subsection 1 of this section for any standing, statutory, interim, or select committee or task force of the general assembly having jurisdiction over solid waste. If a report is so prepared, it shall be delivered to the chair and vice-chair of each committee or task force having such jurisdiction. Such a report shall not be generated and distributed on more than an annual basis.

3. The advisory board shall hold regular meetings on a quarterly basis. A special meeting of the advisory board may occur upon a majority vote of all advisory board members at a regular quarterly meeting. Reasonable written notice of all meetings shall be given by the director of the solid waste management program to all members of the advisory board. A majority of advisory board members shall constitute a quorum for the transaction of business. All actions of the advisory board shall be taken at regular quarterly meetings open to the public.”; and

Further amend the title and enacting clause accordingly.

Senator Brown offered **SA 3:**

SENATE AMENDMENT NO. 3

Amend Senate Substitute for House Bill No. 92, Page 88, Section 644.056, Line 25, of said page, by inserting after all of said line the following:

“644.145. 1. When issuing permits under this chapter that incorporate a new requirement for discharges from publicly owned combined or separate sanitary or storm sewer systems or **water or sewer** treatment works, or when enforcing provisions of this chapter or the Federal Water Pollution Control Act, 33 U.S.C. Section 1251, et seq., pertaining to any portion of a publicly owned combined or separate sanitary or storm sewer system or **water or sewer** treatment works, the department of natural resources shall make a finding

of affordability on the costs to be incurred and the impact of any rate changes on ratepayers upon which to base such permits and decisions, to the extent allowable under this chapter and the Federal Water Pollution Control Act.

2. (1) The department of natural resources shall not be required under this section to make a finding of affordability when:

(a) Issuing collection system extension permits;

(b) Issuing National Pollution Discharge Elimination System operating permit renewals which include no new environmental requirements; or

(c) The permit applicant certifies that the applicable requirements are affordable to implement or otherwise waives the requirement for an affordability finding; however, at no time shall the department require that any applicant certify, as a condition to approving any permit, administrative or civil action, that a requirement, condition, or penalty is affordable.

(2) The exceptions provided under paragraph (c) of subdivision (1) of this subsection do not apply when the community being served has less than three thousand three hundred residents.

3. When used in this chapter and in standards, rules and regulations promulgated pursuant to this chapter, the following words and phrases mean:

(1) "Affordability", with respect to payment of a utility bill, a measure of whether an individual customer or household with an income equal to [the] **or** lower [of] **than** the median household income for their community [or the state of Missouri] can pay the bill without undue hardship or unreasonable sacrifice in the essential lifestyle or spending patterns of the individual or household, taking into consideration the criteria described in subsection 4 of this section;

(2) "Financial capability", the financial capability of a community to make investments necessary to make water quality-related improvements;

(3) "Finding of affordability", a department statement as to whether an individual or a household receiving as income an amount equal to [the] **or** lower [of] **than** the median household income for the applicant community [or the state of Missouri] would be required to make unreasonable sacrifices in [their] **the individual's or the household's** essential lifestyle or spending patterns or undergo hardships in order to make the projected monthly payments for sewer services. The department shall make a statement that the proposed changes meet the definition of affordable, or fail to meet the definition of affordable, or are implemented as a federal mandate regardless of affordability.

4. The department of natural resources shall adopt procedures by which it will make affordability findings that evaluate the affordability of permit requirements and enforcement actions described in subsection 1 of this section, and may begin implementing such procedures prior to promulgating implementing regulations. The commission shall have the authority to promulgate rules to implement this section pursuant to chapters 536 and 644, and shall promulgate such rules as soon as practicable. Affordability findings shall be based upon reasonably verifiable data and shall include an assessment of affordability with respect to persons or entities affected. The department shall offer the permittee an opportunity to review a draft affordability finding, and the permittee may suggest changes and provide additional supporting information, subject to subsection 6 of this section. The finding shall be based upon the following criteria:

- (1) A community's financial capability and ability to raise or secure necessary funding;
 - (2) Affordability of pollution control options for the individuals or households at or below the median household income level of the community;
 - (3) An evaluation of the overall costs and environmental benefits of the control technologies;
 - (4) Inclusion of ongoing costs of operating and maintaining the existing wastewater collection and treatment system, including payments on outstanding debts for wastewater collection and treatment systems when calculating projected rates;
 - (5) An inclusion of ways to reduce economic impacts on distressed populations in the community, including but not limited to low- and fixed-income populations. This requirement includes but is not limited to:
 - (a) Allowing adequate time in implementation schedules to mitigate potential adverse impacts on distressed populations resulting from the costs of the improvements and taking into consideration local community economic considerations; and
 - (b) Allowing for reasonable accommodations for regulated entities when inflexible standards and fines would impose a disproportionate financial hardship in light of the environmental benefits to be gained;
 - (6) An assessment of other community investments and operating costs relating to environmental improvements and public health protection;
 - (7) An assessment of factors set forth in the United States Environmental Protection Agency's guidance, including but not limited to the "Combined Sewer Overflow Guidance for Financial Capability Assessment and Schedule Development" that may ease the cost burdens of implementing wet weather control plans, including but not limited to small system considerations, the attainability of water quality standards, and the development of wet weather standards; and
 - (8) An assessment of any other relevant local community economic condition.
5. Prescriptive formulas and measures used in determining financial capability, affordability, and thresholds for expenditure, such as median household income, should not be considered to be the only indicator of a community's ability to implement control technology and shall be viewed in the context of other economic conditions rather than as a threshold to be achieved.
6. Reasonable time spent preparing draft affordability findings, allowing permittees to review draft affordability findings or draft permits, or revising draft affordability findings, shall be allowed in addition to the department's deadlines for making permitting decisions pursuant to section 644.051.
7. If the department of natural resources fails to make a finding of affordability where required by this section, then the resulting permit or decision shall be null, void and unenforceable.
8. The department of natural resources' findings under this section may be appealed to the commission pursuant to subsection 6 of section 644.051.
9. The department shall file an annual report by the beginning of the fiscal year with the governor, the speaker of the house of representatives, the president pro tempore of the senate, and the chairs of the committees in both houses having primary jurisdiction over natural resource issues showing at least the following information on the findings of affordability completed in the previous calendar year:

(1) The total number of findings of affordability issued by the department, those categorized as affordable, those categorized as not meeting the definition of affordable, and those implemented as a federal mandate regardless of affordability;

(2) The average increase in sewer rates both in dollars and percentage for all findings found to be affordable;

(3) The average increase in sewer rates as a percentage of median house income in the communities for those findings determined to be affordable and a separate calculation of average increases in sewer rates for those found not to meet the definition of affordable;

(4) A list of all the permit holders receiving findings, and for each permittee the following data taken from the finding of affordability shall be listed:

(a) Current and projected monthly residential sewer rates in dollars;

(b) Projected monthly residential sewer rates as a percentage of median [house] **household** income;

(c) Percentage of households at or below the state poverty rate.”; and

(1) For a first-time or minor cyberbullying offense, the district may mandate that the student attend counseling and education sessions;

(2) For a second or more serious cyberbullying offense, the district may prohibit the student from participating in school activities or events;

(3) For a serious incident of cyberbullying, the school may suspend or expel the student.

7. Each district shall annually review its antibullying policy and revise it as needed. The district's school board shall receive input from school personnel, students, and administrators when reviewing and revising the policy.

9. Each district shall annually report to the department of elementary and secondary education the number of confirmed reported bullying incidents in the district at the school level and the district level, and any action taken in response to an incident of bullying, including but not limited to expulsions and suspensions, for each school in the district. No district shall release any confidential information not authorized by state or federal law for public release. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection 5 of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

7. The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

8. All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

9. Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

10. A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

11. (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332;

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) “Board personnel”, as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

12. All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

13. Wherever the laws, rules, or regulations of this state make reference to the “division of professional registration of the department of economic development”, such references shall be deemed to refer to the division of professional registration.

14. (1) The state board of nursing, board of pharmacy, Missouri dental board, state committee of psychologists, or state board of registration for the healing arts may individually or collectively enter into a contractual agreement with the department of health and senior services, a public institution of higher education, or a nonprofit entity for the purpose of collecting and analyzing workforce data from its licensees, registrants, or permit holders for future workforce planning and to assess the accessibility and availability of qualified health care services and practitioners in Missouri. The boards shall work collaboratively with other state governmental entities to ensure coordination and avoid duplication of efforts.

(2) The boards may expend appropriated funds necessary for operational expenses of the program formed under this subsection. Each board is authorized to accept grants to fund the collection or analysis authorized in this subsection. Any such funds shall be deposited in the respective board's fund.

(3) Data collection shall be controlled and approved by the applicable state board conducting or requesting the collection. Notwithstanding the provisions of sections 324.010 and 334.001, the boards may release identifying data to the contractor to facilitate data analysis of the health care workforce including, but not limited to, geographic, demographic, and practice or professional characteristics of licensees. The state board shall not request or be authorized to collect income or other financial earnings data.

(4) Data collected under this subsection shall be deemed the property of the state board requesting the data. Data shall be maintained by the state board in accordance with chapter 610, provided any information deemed closed or confidential under subsection 8 of this section or any other provision of state law shall not be disclosed without consent of the applicable licensee or entity or as otherwise authorized by law. Data shall only be released in an aggregate form in a manner that cannot be used to identify a specific individual or entity.

(5) Contractors shall maintain the confidentiality of data received or collected under this subsection and shall not use, disclose, or release any data without approval of the applicable state board.

(6) Each board may promulgate rules subject to the provisions of this subsection and chapter 536 to effectuate and implement the workforce data collection and analysis authorized by this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

“376.685. 1. No agreement between a health carrier or other insurer that writes vision insurance

and an optometrist for the provision of vision services on a preferred or in-network basis to plan members or insurance subscribers in connection with coverage under a stand-alone vision plan, medical plan, health benefit plan, or health insurance policy shall require that an optometrist provide optometric or ophthalmic services or materials at a fee limited or set by the plan or health carrier unless the services or materials are reimbursed as covered services under the contract.

3. Reimbursement paid by the health benefit or vision plan for covered services or materials shall be reasonable and shall not provide nominal reimbursement in order to claim that services or materials are covered services. No health carrier shall provide de minimis reimbursement or coverage in an effort to avoid the requirements of this section.

4. No vision care insurance policy or vision care discount plan that provides covered services for materials shall have the effect, directly or indirectly, of limiting the choice of sources and suppliers of materials by a patient of a vision care provider.

5. For the purposes of this section, the following terms shall mean:

(1) “Covered services”, optometric or ophthalmic services or materials for which reimbursement from the health benefit or vision plan is provided for by an enrollee’s plan contract, or for which a reimbursement would be available but for the application of the enrollee’s contractual limitations of deductibles, co-payments, coinsurance, waiting periods, annual or lifetime maximums, alternative benefit payments, or frequency limitations;

(2) “Health benefit plan”, the same meaning as such term is defined in section 376.1350;

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 8

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 380, Page 9, Section 192.926, Line 47, by inserting after all of said section and line the following:

“208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as defined in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the

age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(8) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(9) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to

ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(10) Home health care services;

(11) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(12) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(13) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(14) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(15) Mental health services. The state plan for providing medical assistance under Title XIX of the

Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(16) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(17) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(18) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health

and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(19) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(20) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(21) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(22) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as defined in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held

unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the Missouri MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification

and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division, may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

FIRST REGULAR SESSION

SIXTY-FIFTH DAY—THURSDAY, MAY 7, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Meekness is the greatest of virtues.” (Talmud 20b)

Heavenly Father, we know that meekness is the quiet strength that comes from commitment to You and what is important in our lives and the values we hold. It is important then that we truly are meek in ourselves so that the way we live and handle the various stresses we encounter comes from this core belief. Help us Lord God to make this happen. In Your Holy Name we pray. Amen.

4. The [telephone tracking] **EVV** system shall be used [to process payroll for employees and] for submitting claims for reimbursement to the MO HealthNet division. At a minimum, the [telephone tracking] **EVV** system shall:

(a) Record the exact date services are delivered;

The department of health and senior services shall, by December 31, 2013, submit a report to the governor and general assembly detailing the outcomes of these pilot projects. The report shall take into consideration the impact of a telephone tracking system on the quality of the services delivered to the consumer and the principles of self-directed care.

(3)]. (2) As new technology becomes available, the department [may] **shall** allow use of a more advanced tracking system, **electronic or otherwise**, provided that such system is at least as capable of meeting the requirements of this subsection.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

6. [In the event that a consensus between centers for independent living and representatives from the executive branch cannot be reached, the telephony report issued to the general assembly and governor shall include a minority report which shall detail those elements of substantial dissent from the main report.

7.] No interested party, including a center for independent living, shall be required to contract with any particular vendor or provider of [telephony] **EVV** services [nor bear the full cost of the pilot program].”; and

Further amend said bill, Page 28, Section 324.001, Line 181, by inserting after all of said section and line the following:

“660.023. 1. HOUSE AMENDMENT NO. 4

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 230, Page 11, Section 192.667, Line 217, by inserting after all of said section and line the following:

“208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as defined in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children’s diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term “temporary leave of absence” shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(8) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(9) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(10) Home health care services;

(11) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(12) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(13) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(14) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum,

if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(15) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(16) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(17) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(18) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(19) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(20) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(21) Prescribed medically necessary dental services. Such services shall be subject to appropriations.

An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(22) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as defined in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice

patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the Missouri MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in

order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division, may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. Subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists.”; and

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 326, Page 12, Section 72.418, Line 116, by inserting the following after all of said line:

“94.902. 1. The governing [body] bodies of the following cities may impose a tax as provided in this section:

(1) Any city of the third classification with more than twenty-six thousand three hundred but less than twenty-six thousand seven hundred inhabitants[, or] ;

(2) Any city of the fourth classification with more than thirty thousand three hundred but fewer than thirty thousand seven hundred inhabitants[, or] ;

(3) Any city of the fourth classification with more than twenty-four thousand eight hundred but fewer than twenty-five thousand inhabitants[.] ;

(4) Any special charter city with more than twenty-nine thousand but fewer than thirty-two thousand inhabitants; or

(5) Any city of the third classification with more than four thousand but fewer than four thousand five hundred inhabitants and located in any county of the first classification with more than two hundred thousand but fewer than two hundred sixty thousand inhabitants.

2. The governing body of any city listed in subsection 1 of this section may impose, by order or ordinance, a sales tax on all retail sales made in the city which are subject to taxation under chapter 144. The tax authorized in this section may be imposed in an amount of up to one-half of one percent, and shall be imposed solely for the purpose of improving the public safety for such city, including but not limited to expenditures on equipment, city employee salaries and benefits, and facilities for police, fire and emergency medical providers. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the city submits to the voters residing within the city, at a county or state general, primary, or special election, a proposal to authorize the governing body of the city to impose a tax under this section.

[2.] **3.** The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall the city of (city’s name) impose a citywide sales tax at a rate of (insert rate of percent) percent for the purpose of improving the public safety of the city?

☐ YES

☐ NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the

question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments to the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the sales tax. If a majority of the votes cast on the proposal by the qualified voters voting thereon are opposed to the proposal, then the tax shall not become effective unless the proposal is resubmitted under this section to the qualified voters and such proposal is approved by a majority of the qualified voters voting on the proposal. However, in no event shall a proposal under this section be submitted to the voters sooner than twelve months from the date of the last proposal under this section.

[3.] **4.** Any sales tax imposed under this section shall be administered, collected, enforced, and operated as required in section 32.087. All sales taxes collected by the director of the department of revenue under this section on behalf of any city, less one percent for cost of collection which shall be deposited in the state’s general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created in the state treasury, to be known as the “City Public Safety Sales Tax Trust Fund”. The moneys in the trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of the general revenue fund. The director shall keep accurate records of the amount of money in the trust fund and which was collected in each city imposing a sales tax under this section, and the records shall be open to the inspection of officers of the city and the public. Not later than the tenth day of each month the director shall distribute all moneys deposited in the trust fund during the preceding month to the city which levied the tax. Such funds shall be deposited with the city treasurer of each such city, and all expenditures of funds arising from the trust fund shall be by an appropriation act to be enacted by the governing body of each such city. Expenditures may be made from the fund for any functions authorized in the ordinance or order adopted by the governing body submitting the tax to the voters. If the tax is repealed, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

[4.] **5.** The director of the department of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such cities. If any city abolishes the tax, the city shall notify the director of the action at least ninety days before the effective date of the repeal, and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

[5.] **6.** The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the city) repeal the sales tax imposed at a rate

of (insert rate of percent) percent for the purpose of improving the public safety of the city?

☐ YES

☐ NO

If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters, and the repeal is approved by a majority of the qualified voters voting on the question.

[6.] 7. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

[7.] 8. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE COMMITTEE SUBSTITUTE FOR
SENATE COMMITTEE SUBSTITUTE FOR
SENATE CONCURRENT RESOLUTION NO. 30

WHEREAS, humans need a varied diet containing protein in order to be healthy; and

WHEREAS, eggs are an efficient, nutritious, and affordable form of animal protein on which millions of Americans rely; and

WHEREAS, Article I, Section 8, Clause 3 of the United States Constitution, also known as the Commerce Clause, was designed to ensure free trade between the states by preventing any state from imposing a tariff or other restriction on goods from another state; and

WHEREAS, California is one of the nation's largest producers and consumers of eggs for human consumption; and

WHEREAS, conventional chicken enclosures, also known as battery cages, have been proven to better protect egg-laying hens from bone breaks, cannibalism, disease, smothering, and predation than free range operations or operations using so-called "enriched cages"; and

WHEREAS, forcing egg producers to switch to "enriched cages" or nonconfinement operations drove up the cost of eggs in the European Union while also leading to food shortages and the closure of countless farms; and

WHEREAS, forcing egg farmers in America to abandon battery cages in favor of "enriched cages" or nonconfinement operations will lead to the same impacts on the U.S. economy and food supply; and

WHEREAS, the Humane Society of the United States, also known as HSUS, is America's largest animal rights group and has aggressively pursued an agenda intended to decrease and eventually eliminate the public's consumption of animal protein; and

WHEREAS, California voters adopted Proposition 2 to their state constitution in 2008, requiring the state's egg producers to switch to "enriched cages" or nonconfinement operations in a campaign led and funded by the Humane Society of the United States; and

WHEREAS, in 2010, at the behest of HSUS, the California legislature passed AB 1437, which was signed into law by Governor Arnold Schwarzenegger, prohibiting the sale of eggs from other states that do not meet the requirements of Proposition 2 of 2008; and

WHEREAS, together, California's Proposition 2 and AB 1437 violate the Commerce Clause of the U.S. Constitution by preventing free trade among the states; and

WHEREAS, together, California's Proposition 2 and AB 1437 have artificially increased egg prices and restricted the availability of affordable eggs and vital animal protein to Californians, especially low-income citizens:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, First Regular Session, the Senate concurring therein, hereby condemn California's anti-trade actions and call on the California legislature to repeal AB 1437 and urge the voters of California to reconsider and repeal Proposition 2.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SEVENTH DAY—MONDAY, MAY 11, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“And the bow shall be in the cloud; and I will look upon it, that I may remember the everlasting covenant between God and every living creature of all flesh that is upon the earth.” (Genesis 9:16)

Lord God, it was good to see the sun this morning after the needed rain that nourishes the earth. And, for many we saw the rainbow and its affirmation of Your promise and love for us Your children. May the bow’s beauty remind us and help us enjoy and see all that You created is beautiful, including us. And, may the refreshing sight energize us to tackle all that is before us this final week. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

“Come and see what God has done; he is awesome in his deeds among mortals.”(Psalm 66:5)

Almighty God may our faith be strong today. May we have hope of life with You beyond this life and may it be meaningful now. We know there is meaning in the choices we make, our relationships, our work here and at home. Help us see that everything we do, say and act on matters and, therefore, it is all important to You and should be for us. Help us discern what You discern and may we have the insight You have in all that is happening in our world. Journal of the Senate

FIRST REGULAR SESSION

SEVENTIETH DAY—THURSDAY, MAY 14, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“In your loving kindness, revive me, that I may keep the decrees of your mouth.” (Psalm 119:88)

Merciful Father, in the stillness of our souls we listen for Your voice to know again You are God. In the pressure of these closing days we are stressed and restless, eager to do what is right and pressed to know that we know what is expected of us. So, quiet our restless hearts with the knowledge that You are with us, keeping watch over us and caring for Your own. Rekindle our faith and deal with us as seems best to You. And help us to be forgiving of and caring for one another. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Photographers from KRCG-TV and Missouri Digital News were given permission to take pictures in the Senate Chamber.

The Journal of the previous day was read.

Senator Holsman offered **SA 1**, which was read:

Journal of the Senate

FIRST REGULAR SESSION

SEVENTY-FIRST DAY—FRIDAY, MAY 15, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“We must work the work of him who sent me while it is day; night is coming when no one can work.” (John 9:4)

Lord God, we are mindful that this is the day when all our session work comes to an end and it increases our stress and the difficulty of making sure we get done what must be done. So, as our time runs out, be with us and as the final bill for this session is perfected let us be thankful for Your presence with us and the generosity of Your gifts to us so that in sharing them our collective effort is more than we could have done on our own. And Lord, before we head home, let us be thankful for the work of our senate staff, who has been there for us assisting us every day, making our work that much easier. And, as we travel home open our hearts to see the sacrifice our families have made and be truly grateful and thankful for them so we could serve the people of Missouri. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 15, Page 1, In the Title,

Lines 2-3, by deleting the words, “a commission to study state tax policy” and inserting in lieu thereof the word, “taxation”; and

Further amend said bill, Page 4, Section 136.450, Line 92, by inserting after all of said section and line the following:

“144.190. 1. If a tax has been incorrectly computed by reason of a clerical error or mistake on the part of the director of revenue, such fact shall be set forth in the records of the director of revenue, and the amount of the overpayment shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.525, and the balance shall be refunded to the person legally obligated to remit the tax, such person’s administrators or executors, as provided for in section 144.200.

2. If any tax, penalty or interest has been paid more than once, or has been erroneously or illegally collected, or has been erroneously or illegally computed, such sum shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.525, and the balance, with interest as determined by section 32.065, shall be refunded to the person legally obligated to remit the tax, but no such credit or refund shall be allowed unless duplicate copies of a claim for refund are filed within three years from date of overpayment.

3. Every claim for refund must be in writing and signed by the applicant, and must state the specific grounds upon which the claim is founded. Any refund or any portion thereof which is erroneously made, and any credit or any portion thereof which is erroneously allowed, may be recovered in any action brought by the director of revenue against the person legally obligated to remit the tax. In the event that a tax has been illegally imposed against a person legally obligated to remit the tax, the director of revenue shall authorize the cancellation of the tax upon the [director’s] **director of revenue’s** record.

4. Notwithstanding the provisions of section 32.057, a purchaser that originally paid sales or use tax to a vendor or seller may submit a refund claim directly to the director of revenue for such sales or use taxes paid to such vendor or seller and remitted to the director **of revenue**, provided no sum shall be refunded more than once, any such claim shall be subject to any offset, defense, or other claim the director **of revenue** otherwise would have against either the purchaser or vendor or seller **if such offset or claim has been assessed under section 144.240 or 144.670 and such assessment is no longer subject to appeal**, and such claim for refund is accompanied by either:

An assignment of rights statement shall contain the Missouri sales or use tax registration number of the vendor or seller, a list of the transactions covered by the assignment, the tax periods and location for which the original sale was reported to the director of revenue by the vendor or seller, and a notarized statement signed by the vendor or seller affirming that the vendor or seller has not received a refund or credit, will not apply for a refund or credit of the tax collected on any transactions covered by the assignment, and authorizes the director **of revenue** to amend the seller’s return to reflect the refund; or

(2) In the event the vendor or seller fails or refuses to provide an assignment of rights statement within [sixty] **thirty** days from the date of such purchaser’s written request to the vendor or seller, or the purchaser is not able to locate the vendor or seller or the vendor or seller is no longer in business, the purchaser may provide the director **of revenue** a notarized statement confirming the efforts that have been made to obtain an assignment of rights from the vendor or seller. Such statement shall contain a list of the transactions covered by the assignment, the tax periods and location for which the original sale was reported to the

director of revenue by the vendor or seller. The director **of revenue** shall not require such vendor, seller, or purchaser to submit amended returns for refund claims submitted under the provisions of this subsection. Notwithstanding the provisions of section 32.057, if the seller is registered with the director **of revenue** for collection and remittance of sales tax, the director **of revenue** shall notify the seller at the seller's last known address of the claim for refund. [If the seller objects to the refund within thirty days of the date of the notice, the director shall not pay the refund. If the seller agrees that the refund is warranted or fails to respond within thirty days, the] **The director of revenue** may issue the refund and amend the seller's return to reflect the refund. 5. Notwithstanding the provisions of section 32.057, when a vendor files a refund claim on behalf of a purchaser and such refund claim is denied by the director **of revenue**, notice of such denial and the reason for the denial shall be sent by the director **of revenue** to the vendor and each purchaser whose name and address is submitted with the refund claim form filed by the vendor. A purchaser shall be entitled to appeal the denial of the refund claim within sixty days of the date such notice of denial is mailed by the director **of revenue** as provided in section 144.261. The provisions of this subsection shall apply to all refund claims filed after August 28, 2012. The provisions of this subsection allowing a purchaser to appeal the [director's] **director of revenue's** decision to deny a refund claim shall also apply to any refund claim denied by the director **of revenue** on or after January 1, 2007, if an appeal of the denial of the refund claim is filed by the purchaser no later than September 28, 2012, and if such claim is based solely on the issue of the exemption of the electronic transmission or delivery of computer software.

6. Notwithstanding the provisions of this section, the director of revenue shall authorize direct-pay agreements to purchasers which have annual purchases in excess of seven hundred fifty thousand dollars pursuant to rules and regulations adopted by the director of revenue. For the purposes of such direct-pay agreements, the taxes authorized pursuant to chapters 66, 67, 70, 92, 94, 162, 190, 238, 321, and 644 shall be remitted based upon the location of the place of business of the purchaser.

7. Special rules applicable to error corrections requested by customers of mobile telecommunications service are as follows:

(1) For purposes of this subsection, the terms "customer", "home service provider", "place of primary use", "electronic database", and "enhanced zip code" shall have the same meanings as defined in the Mobile Telecommunications Sourcing Act incorporated by reference in section 144.013;

(2) Notwithstanding the provisions of this section, if a customer of mobile telecommunications services believes that the amount of tax, the assignment of place of primary use or the taxing jurisdiction included on a billing is erroneous, the customer shall notify the home service provider, in writing, within three years from the date of the billing statement. The customer shall include in such written notification the street address for the customer's place of primary use, the account name and number for which the customer seeks a correction of the tax assignment, a description of the error asserted by the customer and any other information the home service provider reasonably requires to process the request;

(3) Within sixty days of receiving the customer's notice, the home service provider shall review its records and the electronic database or enhanced zip code to determine the customer's correct taxing jurisdiction. If the home service provider determines that the review shows that the amount of tax, assignment of place of primary use or taxing jurisdiction is in error, the home service provider shall correct

the error and, at its election, either refund or credit the amount of tax erroneously collected to the customer for a period of up to three years from the last day of the home service provider's sixty-day review period. If the home service provider determines that the review shows that the amount of tax, the assignment of place of primary use or the taxing jurisdiction is correct, the home service provider shall provide a written explanation of its determination to the customer.

8. For all refund claims submitted to the department of revenue on or after September 1, 2003, notwithstanding any provision of this section to the contrary, if a person legally obligated to remit the tax levied pursuant to sections 144.010 to 144.525 has received a refund of such taxes for a specific issue and submits a subsequent claim for refund of such taxes on the same issue for a tax period beginning on or after the date the original refund check issued to such person, no refund shall be allowed. This subsection shall not apply and a refund shall be allowed if **the refund claim is filed by a purchaser under the provisions of subsection 4 of this section, the refund claim is for use tax remitted by the purchaser, or** an additional refund claim is filed **by a person legally obligated to remit the tax** due to any of the following:

- (1) Receipt of additional information or an exemption certificate from the purchaser of the item at issue;
- (2) A decision of a court of competent jurisdiction or the administrative hearing commission; or
- (3) Changes in regulations or policy by the department of revenue.

9. Notwithstanding any provision of law to the contrary, the director of revenue shall respond to a request for a binding letter ruling filed in accordance with section 536.021 within sixty days of receipt of such request. If the director of revenue fails to respond to such letter ruling request within sixty days of receipt by the director **of revenue**, the director of revenue shall be barred from pursuing collection of any assessment of sales or use tax with respect to the issue which is the subject of the letter ruling request. For purposes of this subsection, the term "letter ruling" means a written interpretation of law by the director **of revenue** to a specific set of facts provided by a specific taxpayer or his or her agent.

10. If any tax was paid more than once, was incorrectly collected, or was incorrectly computed, such sum shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.510 against any deficiency or tax due discovered through an audit of the person by the department of revenue through adjustment during the same tax filing period for which the audit applied.

HOUSE AMENDMENT NO. 3

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 15, Page 1, In the Title, Lines 2-3, by deleting the words “a commission to study state tax policy” and inserting in lieu thereof the word “taxation”; and

Further amend said bill, Page 4, Section 136.450, Line 92, by inserting after all of said section and line the following:

“144.010. 1. The following words, terms, and phrases when used in sections 144.010 to 144.525 have the meanings ascribed to them in this section, except when the context indicates a different meaning:

(1) “Admission” includes seats and tables, reserved or otherwise, and other similar accommodations and charges made therefor and amount paid for admission, exclusive of any admission tax imposed by the federal government or by sections 144.010 to 144.525;

(2) “Business” includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either direct or indirect, and the classification of which business

is of such character as to be subject to the terms of sections 144.010 to 144.525. A person is “engaging in business” in this state for purposes of sections 144.010 to 144.525 if such person “engages in business in this state” or “maintains a place of business in this state” under section 144.605. The isolated or occasional sale of tangible personal property, service, substance, or thing, by a person not engaged in such business, does not constitute engaging in business within the meaning of sections 144.010 to 144.525 unless the total amount of the gross receipts from such sales, exclusive of receipts from the sale of tangible personal property by persons which property is sold in the course of the partial or complete liquidation of a household, farm or nonbusiness enterprise, exceeds three thousand dollars in any calendar year. The provisions of this subdivision shall not be construed to make any sale of property which is exempt from sales tax or use tax on June 1, 1977, subject to that tax thereafter;

(3) “Captive wildlife”, includes but is not limited to exotic partridges, gray partridge, northern bobwhite quail, ring-necked pheasant, captive waterfowl, captive white-tailed deer, captive elk, and captive furbearers held under permit issued by the Missouri department of conservation for hunting purposes. The provisions of this subdivision shall not apply to sales tax on a harvested animal;

(4) “Gross receipts”, except as provided in section 144.012, means the total amount of the sale price of the sales at retail including any services other than charges incident to the extension of credit that are a part of such sales made by the businesses herein referred to, capable of being valued in money, whether received in money or otherwise; except that, the term “gross receipts” shall not include the sale price of property returned by customers when the full sale price thereof is refunded either in cash or by credit. In determining any tax due under sections 144.010 to 144.525 on the gross receipts, charges incident to the extension of credit shall be specifically exempted. For the purposes of sections 144.010 to 144.525 the total amount of the sale price above mentioned shall be deemed to be the amount received. It shall also include the lease or rental consideration where the right to continuous possession or use of any article of tangible personal property is granted under a lease or contract and such transfer of possession would be taxable if outright sale were made and, in such cases, the same shall be taxable as if outright sale were made and considered as a sale of such article, and the tax shall be computed and paid by the lessee upon the rentals paid;

(5) “Livestock”, cattle, calves, sheep, swine, ratite birds, including but not limited to, ostrich and emu, aquatic products as defined in section 277.024, llamas, alpaca, buffalo, elk documented as obtained from a legal source and not from the wild, goats, horses, other equine, or rabbits raised in confinement for human consumption;

(6) “Motor vehicle leasing company” shall be a company obtaining a permit from the director of revenue to operate as a motor vehicle leasing company. Not all persons renting or leasing trailers or motor vehicles need to obtain such a permit; however, no person failing to obtain such a permit may avail itself of the optional tax provisions of subsection 5 of section 144.070, as hereinafter provided;

(7) “Person” includes any individual, firm, copartnership, joint adventure, association, corporation, municipal or private, and whether organized for profit or not, state, county, political subdivision, state department, commission, board, bureau or agency, except the state transportation department, estate, trust, business trust, receiver or trustee appointed by the state or federal court, syndicate, or any other group or combination acting as a unit, and the plural as well as the singular number;

Any subsequent sale of such admissions or seating accommodations shall not be subject to tax if the initial sale was an arms length transaction for fair market value with an unaffiliated entity. If the sale of such admissions or seating accommodations is exempt or excluded from payment of sales and use taxes, the provisions of this subsection shall not require the place of amusement, entertainment, or recreation to remit tax on that sale. **Such sales under subdivision (2) of subsection 1 of section 144.020 shall include sales of admission tickets and charges and fees for admission to view sporting events, dance performances, theater performances, orchestra, concerts and other performing arts productions, and amounts paid for admission to racetracks, arcades, theme and amusement parks, water parks, circuses, carnivals, festivals, air shows, museums, marinas, motion picture theaters, go-karts, miniature golf, zip lines, individual stand-alone amusement rides, and other tourist excursions. If the sale of such rooms, meals, or drinks is exempt or excluded from payment of sales and use taxes, the provisions of this subsection shall not require the hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp, or other place in which rooms, meals, or drinks are regularly served to the public to remit tax on that sale.

4. The provisions of this section are intended to reject and abrogate earlier case law interpretations of the state's sales and use tax law with regard to sales for resale as extended in *Music City Centre Management, LLC v. Director of Revenue*, 295 S.W.3d 465, (Mo. 2009) and *ICC Management, Inc. v. Director of Revenue*, 290 S.W.3d 699, (Mo. 2009). The provisions of this section are intended to clarify the exemption or exclusion of purchases for resale from sales and use taxes as originally enacted in this chapter.

(5) A tax equivalent to four percent of the basic rate paid or charged for all sales of services for transmission of messages of telegraph companies;

(6) A tax equivalent to four percent on the amount of sales or charges for all rooms, meals and drinks furnished at any hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp or other place in which rooms, meals or drinks are regularly served to the public;

tax on the subsequent lease, sublease, rental or subrental receipts from that property. The purchase, rental or lease of motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors shall be taxed and the tax paid as provided in this section and section 144.070. In no event shall the rental or lease of boats and outboard motors be considered a sale, charge, or fee to, for or in places of amusement, entertainment or recreation nor shall any such rental or lease be subject to any tax imposed to, for, or in such places of amusement, entertainment or recreation. 2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law (sections 281.220 to 281.310) which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, “processing” means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

“Section 1. 1. As used in this section the following terms shall mean:

(1) “BTU of gaseous biofuel”, British thermal unit of measurement to express the energy content of fuels. BTU is the expression of 1 BTU and use a conversion formula, as appropriate, that it publishes in the Federal Register as conversion factor for gaseous biofuel;

(2) “Gaseous biofuel”, derived from bio-waste material, including animal waste, animal processing waste, pre and post-consumer food waste, vegetative waste material, cardboard, and paper waste material through an anaerobic digester process and injected into the natural gas pipeline grid;

(3) “Gaseous biofuel certification”, biofuel that meets commercially-acceptable natural gas pipeline quality standards of the local market, that the flow meters used to determine the quantity of gaseous biofuel produced are industry standard and properly calibrated by a third-party professional, and the readings have been taken by a qualified individual;

(4) “MMBTU of gaseous biofuel”, British thermal unit of measurement to express the energy content of fuels. MMBTU is the expression of 1 million BTU and use a conversion formula, as appropriate, that it publishes in the Federal Register as conversion factor for gaseous biofuel;

(5) “Missouri qualified gaseous biofuel producer”, any producer of gaseous biofuel whose principal place of business and facility for the anaerobic digester and biofuel upgrading is located within the state of Missouri and is registered with the United States Environmental Protection Agency according to the requirements of 40 CFR 79 and which has made formal application, and conformed to the requirements of this section, and:

(a) Has registered with the department of agriculture by March 31, 2016;

(b) Has begun construction of the facility before July 31, 2016; and

(c) Has begun production of gaseous biofuel before December 31, 2016.

2. There is hereby created the “Missouri Qualified Gaseous Biofuel Producer Incentive Fund” that shall be used to provide economic subsidies to Missouri qualified gaseous biofuel producers. Upon appropriation, the director of the department of agriculture shall administer the fund. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

3. A Missouri qualified gaseous biofuel shall be eligible for a monthly grant from the fund provided that one hundred percent of the feedstock originates in the United States. However, the director may waive the feedstock requirements on a month-to-month basis if the facility provides verification that adequate feedstock is not available. A Missouri qualified gaseous biofuel producer shall only be eligible for the grant for a total of sixty months unless such producers during the sixty months fail, due to a lack of appropriations, to receive the full amount from the fund for which the producers were eligible, in which case such producers shall continue to be eligible until they have received the maximum amount of funding for which such producers were eligible during the original

sixty-month time period. The amount of the grant is determined by calculating the estimated BTU of qualified gaseous biofuel produced during the preceding month from feedstock, as certified by the department of agriculture, and applying such figure to the per-BTU incentive credit established in this subsection. Each Missouri qualified gaseous biofuel producer shall be eligible for a total grant in any fiscal year equal to two thousand three hundred forty-four millionths cents per BTU for the first five million MMBTU of qualified gaseous biofuel produced from feedstock in the fiscal year plus seven hundred eighty-one millionths cents per BTU for the next five million MMBTU of qualified biodiesel produced from feedstock in the fiscal year. All such qualified gaseous biofuel produced by a Missouri qualified gaseous biofuel producer in excess of ten million MMBTU shall not be applied to the computation of a grant pursuant to this subsection. The department of agriculture shall pay all grants for a particular month by the fifteenth day after receipt and approval of the application described in subsection 7 of this section.

7. In order for a Missouri qualified gaseous biofuel producer to obtain a grant from the fund, an application for such funds shall be received no later than fifteen days following the last day of the month for which the grant is sought. The application shall include:

- (1) The location of the Missouri qualified gaseous biofuel producer;
- (2) The average number of citizens of Missouri employed by the Missouri qualified gaseous biofuel producer in the preceding month, if applicable;
- (3) The number of ton equivalents of Missouri feedstock and out-of-state feedstock used by the Missouri qualified gaseous biofuel producer in the production of gaseous biofuel in the preceding month;
- (4) The number of BTU of qualified gaseous biofuel the producer manufactures during the month for which the grant is applied;
- (5) Any other information deemed necessary by the department of agriculture to adequately ensure that such grants shall be made only to Missouri qualified gaseous biofuel producers.

8. The director of the department of agriculture, in consultation with the department of revenue, shall promulgate rules and regulations necessary for the administration of the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.

9. This section shall expire on December 31, 2016. However, Missouri qualified gaseous biofuel producers receiving any grants awarded prior to December 31, 2016, shall continue to be eligible for the remainder of the original sixty-month time period under the same terms and conditions of this section unless such producer during such sixty months failed, due to a lack of appropriations, to receive the full amount from the fund for which he or she was eligible. In such case, such producers shall continue to be eligible until they have received the maximum amount of funding for which they were eligible during the original sixty-month time period.”; and

COMMUNICATIONS

Senator Sifton submitted the following:

May 20, 2015

Hon. Tom Dempsey
President Pro Tem, Missouri State Senate
Room 326, State Capitol
Jefferson City, MO 65101

Mr. President Pro Tem:

I respectfully submit that Senate Rule 73 was misconstrued in several instances on May 12, 2015. Specifically, I made several adjournment motions on that date immediately subsequent to previous question motions by the Senator from Phelps on SCS/HCS/HBs 116 and 569. My motions were ruled out of order, in my view in violation of Senate Rule 73.

Senate Rule 73 clearly delineates the hierarchy of precedence for privileged motions. It states "When a question is under debate, no motion shall be received but to adjourn, to lay on the table, for the previous question, to postpone to a day certain, to commit or amend, to postpone indefinitely, which several motions shall have precedence in the order in which they are arranged."

While a previous question motion is privileged and does take precedence over certain other privileged motions – such as motions to postpone to a day certain, to commit or amend and to postpone indefinitely – it is clear that under the plain language of Senate Rule 73 that

a previous question motion does not have precedence over a motion to adjourn or to lay on the table.

My adjournment motions were clear and timely. In the debate on the point of orders raised, I both cited Senate Rule 73 and correctly asserted that my adjournment motions took precedence over the previous question motions. Senate Rule 73 was also read in its entirety by another Senator during the debate of one of the points of order.

Under the circumstances, I find it inescapable that Senate Rule 73 was misinterpreted in each of the instances where it was held that a motion for previous questions took precedence over a motion to adjourn. It is my sincere hope that in the future Senate Rule 73 will be construed in the manner I submitted yesterday and again today.

I request that this letter be printed in the Journal of the Senate for this day.

Very truly yours,

Scott Sifton
Senator, District 1

July 10, 2015

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Bill No. 20 entitled:

AN ACT

To repeal section 144.054, RSMo, and to enact in lieu thereof one new section relating to a sales tax exemption for commercial laundries.

I disapprove of Senate Bill No. 20. My reasons for disapproval are as follows:

Senate Bill No. 20 would exempt commercial laundries and dry cleaners from paying state and local sales and use tax on their purchases of materials, goods, machinery, electrical energy and gas, chemicals, soaps, detergents, cleaning and sanitizing agents, and other ingredients used to treat, clean and sanitize textiles. The new tax exemptions would be available for large commercial and industrial laundries and dry cleaners – approximately 48 facilities owned by 29 different companies that process at least 500 pounds per hour and 60,000 pounds per week. There is no requirement that a benefitting business create any new jobs to take advantage of these broad new exemptions. This provision would result in a projected \$2 million annual reduction in state revenue as well as an additional \$2 million reduction projected for local jurisdictions.

The special tax break for commercial laundries contained in Senate Bill No. 20 is not the mere clarification of existing sales and use tax law that supporters claim. Instead, this provision would seek to overrule 25 years of legal precedent holding that cleaning dirty clothes is not the same as manufacturing. In 1989, the Missouri Supreme Court first “plumbed the sudsy depths of various sales and use tax exemptions and found no application to commercial laundry operations.” *AAA Laundry & Linen Supply Co. v. Director of Revenue*, 425 S.W.3d 126, 127 (Mo. Banc 2014) (discussing *Unitog Rental Services, Inc. v. Director of Revenue*, 799 S.W.2d 568 (Mo. Banc1989)). As recently as last year, the court similarly rejected a commercial laundry’s attempt to avoid paying its taxes, reiterating that, as in 1989, the laws enacted by the General Assembly did not provide a tax exemption. *Id.* at 127-29. Since that decision, these commercial laundries have spent the last two years lobbying lawmakers for tailor-made exemptions that would treat ironing out wrinkles as “processing” a shirt and getting grass stains out as “manufacturing” a pair of pants, thereby abrogating a quarter century of law and relieving the laundries of their existing legal obligations.

Last year, this provision was slipped into Conference Committee Substitute for House Committee Substitute for Senate Bill No. 662 (2014), which was met with my disapproval. As with Senate Bill No.

662 (2014), Senate Bill No. 20 continues an effort to promote poor tax policy by drawing a seemingly arbitrary distinction between the laundries and dry cleaners fortunate enough to gain this generous new benefit and the rest that are left out to dry. Under this provision, a laundry that processes 59,999 pounds per week would have to continue paying their taxes, but a laundry processing a single pound more would be entitled to broad new exemptions from state and local taxes. This distorts the free market and puts smaller laundries and dry cleaners (not to mention the Missouri families who are doing their own laundry) in the position of subsidizing the operations of larger ones. The commercial laundries might be getting their detergent tax-free, but the rest of Missouri taxpayers would be getting taken to the cleaners.

Senate Bill No. 20 does not simply give commercial laundries and dry cleaners the same tax exemptions enjoyed by other businesses. It gives them more lucrative ones. Although some of the tax exemptions available to manufacturers are limited solely to state taxes, these new exemptions for laundries would apply to local taxes as well. With this provision, the General Assembly would be privileging washing dirty clothes over manufacturing new products, giving commercial dry cleaners and laundries a better deal than Missouri manufacturers without any clearly-articulated economic justification for doing so and without requiring the creation of even a single new job.

The commercial laundry exemption provided by Senate Bill No. 20 represents poor tax policy and cannot receive my approval.

In accordance with the above stated reasons for disapproval, I am returning Senate Bill No. 20 without my approval.

Respectfully submitted,

AN ACT

On July 13, 2015, I approved said Senate Substitute for Senate Bill No. 58.

Respectfully submitted,

July 10, 2015

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 67 (Senate Bill No. 67) entitled:

AN ACT

To repeal sections 67.320, 476.083, 534.350, 534.360, 535.030, 535.110, and 535.160, RSMo, and to enact in lieu thereof ten new sections relating to courts.

I disapprove of Senate Bill No. 67. My reasons for disapproval are as follows:

Like House Bill No. 799, Senate Bill No. 67 would authorize more court fees to fund an array of local capital projects. In doing so, it continues what has evolved into a regular legislative exercise of imposing additional court fees. Local capital projects should be funded through existing local revenues or, with

voter approval, new revenue sources rather than through a back-door tax in the form of court user fees. For that reason, Senate Bill No. 67 cannot receive my support.

Senate Bill No. 67 would authorize new court fees and expand existing court fees in specific judicial circuits to be used by jurisdictions identified in the legislation. These new and expanded court fees, ranging from one to fifty dollars, would be in addition to the myriad of court fees already imposed in criminal and civil cases across our state. Moreover, these court fees would not be limited to state courts. Senate Bill No. 67 would authorize these fees be imposed on many county and municipal ordinance violations. The cumulative impact of these court fees is harmful to those that find themselves involved in court proceedings and could pose a barrier to court access for civil litigants.

The proliferation of excessive court fees is recasting the role of the courts into revenue generators for special projects. Court fees and surcharges should not be used as an alternative form of taxation. If a local government wants to raise revenue for its building projects, that question should be submitted to the voters for their approval rather than using the courts as a back-door revenue source. The increasingly common practice of looking to the courts to raise funds must stop. I previously approved Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 5 based on the belief that our courts should serve justice rather than generate revenue, and for those reasons the court fee increases in Senate Bill No. 67 will not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 67 without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Substitute No. 3 for Senate Committee Substitute for Senate Bill No. 142 (Senate Bill No. 142) entitled:

AN ACT

To amend chapter 640, RSMo, by adding thereto one new section relating to implementation impact reports.

I disapprove of Senate Bill No. 142. My reasons for disapproval are as follows:

Senate Bill No. 142 contains drafting errors that vitiate its intended purpose. Senate Bill No. 142 would require the department of natural resources to submit to the general assembly an “implementation

impact report” regarding state plans to comply with the federal Clean Air Act and Clean Water Act. The report and the plan itself would be required to be submitted 45 days before the plan is submitted to the United States Environmental Protection Agency.

In imposing this requirement for plans regarding clean air, Senate Bill No. 142 requires the department to prepare and submit a report when it is “developing, amending, or revising . . . state plans to comply with federal regulations relating to carbon emissions for existing-source performance standards (42 U.S.C. Section 7412).” (Senate Bill No. 142, page 1, lines 4-6). The referenced section – 42 U.S.C. Section 7412 – is part of the Clean Air Act, but it contains no requirement that a state submit a plan “relating to carbon emissions for existing-source performance standards.” It appears that the drafters meant to cite to 42 U.S.C. 7411, under which, among other things, states must develop and submit plans to address emissions of carbon dioxide and other greenhouse gases. In addition, on page 3, line 86, Senate Bill No. 142 cites to “33 U.S.C. Section 12541, et seq.” There is no such section in federal law.

These drafting errors take an already complex area of state and federal law and confuses it further. Given the stakes for those impacted, I cannot approve legislation that will cause uncertainty for companies doing business in Missouri.

In accordance with the above stated reasons for disapproval, I am returning Senate Substitute No. 3 for Senate Committee Substitute for Senate Bill No. 142 without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Committee Substitute for Senate Bill No. 224 (Senate Bill No. 224) entitled:

AN ACT

To repeal section 160.545, RSMo, and to enact in lieu thereof one new section relating to eligibility criteria for reimbursements from the A+ schools program.

I disapprove of Senate Bill No. 224. My reasons for disapproval are as follows:

Senate Bill No. 224 would unfairly deny a group of students their eligibility for A+ financial aid, an

educational benefit that they have earned, having met all the educational standards that apply, usually after overcoming significant odds against them. Its unwarranted exclusion of these meritorious students cannot be condoned.

Under existing Missouri law (section 173.1110.1, RSMo), students who are unlawfully present in the United States are not eligible for “a postsecondary education public benefit.” One of these benefits includes eligibility for A+ financial aid. This eligibility is distinguished from the criteria for Bright Flight and Access Missouri scholarships, both of which require that recipients are “citizens or permanent residents of the United States.”

A number of mechanisms exist in current Missouri law for students to prove that they are legally present in the U.S. One of them is “any document issued by the federal government that confirms an alien’s lawful presence in the United States.” Such documentation now includes the U.S. Department of Homeland Security’s determination that a student meets the criteria for Deferred Action for Childhood Arrivals (DACA), under guidelines established in 2012.

Senate Bill No. 224’s sole purpose is to deny students, deemed to be lawfully present in the United States, from being A+ eligible.

Who are these students? They came to the U.S. through no choice or action of their own. They arrived as young dependents, in the controlling embrace of an adult who entered the U.S. illegally. They bear no responsibility for this action.

Because DACA students have had to be continuously present in the United States since June 15, 2007, students who are, or who will be, graduating from high school would have had to be 10 years old or younger when they were brought to the U.S. DACA status requires eligible individuals to be in school currently, or to have graduated from high school, or to be honorably discharged from the United States Military. And it requires that they have not been convicted of a felony, significant misdemeanor, or three or more misdemeanors.

A group of DACA students have now lived in Missouri for at least eight years and have met every standard for A+ financial aid. They have attended a public Missouri high school for at least three years. They have earned at least a 2.5 GPA. They have maintained a 95% attendance rate. They have volunteered in their communities or tutored other students. And they have done so while overcoming daunting obstacles such as learning English, living in fear of deportation, and facing the constant stigma of being an alien.

Senate Bill No. 224 is the legislature's attempt to deny these students the A+ benefit they have otherwise earned. Rather than discouraging the continuing education of these students, the state has an interest in encouraging their successful participation in higher education so that they have an opportunity to pursue productive careers and make positive contributions to the state of Missouri.

Senate Bill No. 224 is a harsh measure imposed unfairly on children who have done nothing wrong. Quite to the contrary, they have done much to be admired, in their studies, for their schools, and on behalf of their communities. Rather than rewarding them for their achievements, Senate Bill No. 224 singles them out for exclusion. Consequently, Senate Bill No. 224 cannot receive my support.

In accordance with the above stated reasons for disapproval, I am returning Senate Committee Substitute for Senate Bill No. 224 without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Committee Substitute for Senate Bill No. 345 entitled:

AN ACT

To repeal sections 361.707, 361.715, 364.030, 364.105, 365.030, 367.140, 407.640, 408.140, 408.500, and 443.719, RSMo, and to enact in lieu thereof ten new sections relating to financial transactions, with an existing penalty provision.

I disapprove of Senate Committee Substitute for Senate Bill No. 345. My reasons for disapproval are as follows:

Senate Committee Substitute for Senate Bill No. 345 would increase the fee that lenders can charge consumers for many loans that are for periods of 30 days or longer. Current law limits this fee to 10% of the principal up to \$75, but this bill would increase the fee to 10% of the principal up to \$100. This means that most consumer credit loans over \$750, not secured by a mortgage, could see a fee increase. Consumer credit loans of \$1,000 *or more* could have a \$100 fee, where lenders can currently only charge \$75. This is an approximately 33% increase in the fee on a large portion of loans made to Missourians.

The loans affected by this bill are offered by banks, credit unions, finance companies, consumer installment lenders, title loan companies, and small loan companies. These loans include everything from a car loan from a bank to a loan for unexpected home repairs from a store-front lender in a strip mall.

This fee increase will have the most impact on consumers of limited means who take out relatively small loans and would have a repetitive financial impact as they could be charged on any extension, refinance, restructure or renewal of the loan, if there is “any investigation” on the subsequent application.

Unlike interest, which is typically earned day-by-day, lenders earn this fee at the time the loan is entered into, so even if a person repaid the loan early, Senate Committee Substitute for Senate Bill No. 345 would cost them more money.

This is the second time in two years that Missourians have seen an increase in fees on small loans, as the General Assembly gave lenders the ability to increase this fee in 2013 by overriding my veto of Senate Committee Substitute for House Bill No. 329 and increasing the percentage of this fee from 5% up to \$75 to 10% up to \$75.

Allowing lenders to charge Missourians more in fees is not the way to move Missouri forward, therefore Senate Committee Substitute for Senate Bill No. 345 does not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning Senate Bill No. 345 without my approval.

The Senate was called to order in Veto Session by Lieutenant Governor Peter Kinder.

Reverend Carl Gauck offered the following prayer:

“The Lord is my strength and my shield; in him my heart trusts;” (Psalm 27:7a)

Almighty God, we gather together once more to do the work of the Senate. We know that change is inevitable and leadership change affects us all. We will miss what we have had and view the transition we share as an opportunity to experience your faithfulness and seek to know what it will mean to each of us. We pray that we will be open to the growth it offers and spiritual movement it holds. With strength that comes from You we face the challenges of vetoed bills that we deem worthy. Be with us in our discernment and guide our thoughts and decisions this day. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

The following Senators were present during the day’s proceedings:

COMMUNICATIONS FROM THE GOVERNOR

The following communications, regarding vetoed Senate Bills were received by the Secretary of State, reading of which was waived:

GOVERNOR OF MISSOURI
JEFFERSON CITY

July 11, 2015

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Committee Substitute for Senate Bill No. 224 (Senate Bill No. 224), entitled:

AN ACT

To repeal sections 160.545 RSMo, and to enact in lieu thereof one new section relating to eligibility criteria for reimbursements from the A+ schools program.

I disapprove of Senate Bill No. 224. My reasons for disapproval are as follows:

Senate Bill No. 224 would unfairly deny a group of students their eligibility for A+ financial aid, an educational benefit that they have earned, having met all the educational standards that apply, usually after overcoming significant odds against them. Its unwarranted exclusion of these meritorious students cannot be condoned.

Under existing Missouri law (section 173.1110.1, RSMo), students who are unlawfully present in the United States are not eligible for “a postsecondary education public benefit.” One of these benefits includes eligibility for A+ financial aid. This eligibility is distinguished from the criteria for Bright Flight and Access Missouri scholarships, both of which require that recipients are “citizens or permanent residents of the United States.”

A number of mechanisms exist in current Missouri law for students to prove that they are legally present in the U.S. One of them is “any document issued by the federal government that confirms an alien’s lawful presence in the United States.” Such documentation now includes the U.S. Department of Homeland Security’s determination that a student meets the criteria for Deferred Action for Childhood Arrivals (DACA), under guidelines established in 2012.

Senate Bill No. 224’s sole purpose is to deny students, deemed to be lawfully present in the United States, from being A+ eligible.

Who are these students? They came to the U.S. through no choice or action of their own. They arrived as young dependents, in the controlling embrace of an adult who entered the U.S. illegally. They bear no responsibility for this action.

Because DACA students have had to be continuously present in the United States since June 15, 2007, students who are, or who will be, graduating from high school would have had to be 10 years old or younger when they were brought to the U.S. DACA status requires eligible individuals to be in school currently, or to have graduated from high school, or to be honorably discharged from the United States Military. And it requires that they have not been convicted of a felony, significant misdemeanor, or three or more misdemeanors.

A group of DACA students have now lived in Missouri for at least eight years and have met every standard for A+ financial aid. They have attended a public Missouri high school for at least three years. They have earned at least a 2.5 GPA. They have maintained a 95% attendance rate. They have volunteered in their communities or tutored other students. And they have done so while overcoming daunting obstacles such as learning English, living in fear of deportation, and facing the constant stigma of being an alien.

Senate Bill No. 224 is the legislature’s attempt to deny these students the A+ benefit they have otherwise earned. Rather than discouraging the continuing education of these students, the state has an interest in encouraging their successful participation in higher education so that they have an opportunity to pursue productive careers and make positive contributions to the state of Missouri.

Senate Bill No. 224 is a harsh measure imposed unfairly on children who have done nothing wrong. Quite to the contrary, they have done much to be admired, in their studies, for their schools, and on behalf of their communities. Rather than rewarding them for their achievements, Senate Bill No. 224 singles them out for exclusion. Consequently, Senate Bill No. 224 cannot receive my support.

In accordance with the above stated reasons for disapproval, I am returning Senate Committee Substitute for Senate Bill No. 224 without my approval.

Respectfully submitted,
Jeremiah W. (Jay) Nixon
Governor

July 10, 2015

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Bill No. 20 entitled:

AN ACT

To repeal section 144.054, RSMo, and to enact in lieu thereof one new section relating to a sales tax exemption for commercial laundries.

I disapprove of Senate Bill No. 20. My reasons for disapproval are as follows:

Senate Bill No. 20 would exempt commercial laundries and dry cleaners from paying state and local sales and use tax on their purchases of materials, goods, machinery, electrical energy and gas, chemicals, soaps, detergents, cleaning and sanitizing agents, and other ingredients used to treat, clean and sanitize textiles. The new tax exemptions would be available for large commercial and industrial laundries and dry cleaners – approximately 48 facilities owned by 29 different companies that process at least 500 pounds per hour and 60,000 pounds per week. There is no requirement that a benefitting business create any new jobs to take advantage of these broad new exemptions. This provision would result in a projected \$2 million annual reduction in state revenue as well as an additional \$2 million reduction projected for local jurisdictions.

The special tax break for commercial laundries contained in Senate Bill No. 20 is not the mere clarification of existing sales and use tax law that supporters claim. Instead, this provision would seek to overrule 25 years of legal precedent holding that cleaning dirty clothes is not the same as manufacturing. In 1989, the Missouri Supreme Court first “plumbed the sudsy depths of various sales and use tax exemptions and found no application to commercial laundry operations.” *AAA Laundry & Linen Supply Co. v. Director of Revenue*, 425 S.W.3d 126, 127 (Mo. Banc 2014) (discussing *Unitog Rental Services, Inc. v. Director of Revenue*, 799 S.W.2d 568 (Mo. Banc1989)). As recently as last year, the court similarly rejected a commercial laundry’s attempt to avoid paying its taxes, reiterating that, as in 1989, the laws enacted by the General Assembly did not provide a tax exemption. *Id.* at 127-29. Since that decision, these commercial laundries have spent the last two years lobbying lawmakers for tailor-made exemptions that would treat ironing out wrinkles as “processing” a shirt and getting grass stains out as “manufacturing” a pair of pants, thereby abrogating a quarter century of law and relieving the laundries of their existing legal obligations.

Last year, this provision was slipped into Conference Committee Substitute for House Committee Substitute for Senate Bill No. 662 (2014), which was met with my disapproval. As with Senate Bill No. 662 (2014), Senate Bill No. 20 continues an effort to promote poor tax policy by drawing a seemingly arbitrary distinction between the laundries and dry cleaners fortunate enough to gain this generous new benefit and the rest that are left out to dry. Under this provision, a laundry that processes 59,999 pounds per week would have to continue paying their taxes, but a laundry processing a single pound more would be entitled to broad new exemptions from state and local taxes. This distorts the free market and puts smaller laundries and dry cleaners (not to mention the Missouri families who are doing their own laundry) in the position of subsidizing the operations of larger ones. The commercial laundries might be getting their detergent tax-free, but the rest of Missouri taxpayers would be getting taken to the cleaners.

Senate Bill No. 20 does not simply give commercial laundries and dry cleaners the same tax exemptions enjoyed by other businesses. It gives them more lucrative ones. Although some of the tax exemptions available to manufacturers are limited solely to state taxes, these new exemptions for laundries would apply to local taxes as well. With this provision, the General Assembly would be privileging washing dirty clothes over manufacturing new products, giving commercial dry cleaners and laundries a better deal than Missouri manufacturers without any clearly-articulated economic justification for doing so and without requiring the creation of even a single new job.

The commercial laundry exemption provided by Senate Bill No. 20 represents poor tax policy and cannot receive my approval.

In accordance with the above stated reasons for disapproval, I am returning Senate Bill No. 20 without my approval.

Respectfully submitted,
Jeremiah W. (Jay) Nixon

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 67 (Senate Bill No. 67) entitled:

AN ACT

To repeal sections 67.320, 476.083, 534.350, 534.360, 535.030, 535.110, and 535.160, RSMo, and to enact in lieu thereof ten new sections relating to courts.

I disapprove of Senate Bill No. 67. My reasons for disapproval are as follows:

Like House Bill No. 799, Senate Bill No. 67 would authorize more court fees to fund an array of local capital projects. In doing so, it continues what has evolved into a regular legislative exercise of imposing additional court fees. Local capital projects should be funded through existing local revenues or, with voter approval, new revenue sources rather than through a back-door tax in the form of court user fees. For that reason, Senate Bill No. 67 cannot receive my support.

Senate Bill No. 67 would authorize new court fees and expand existing court fees in specific judicial circuits to be used by jurisdictions identified in the legislation. These new and expanded court fees, ranging from one to fifty dollars, would be in addition to the myriad of court fees already imposed in criminal and civil cases across our state. Moreover, these court fees would not be limited to state courts. Senate Bill No. 67 would authorize these fees be imposed on many county and municipal ordinance violations. The cumulative impact of these court fees is harmful to those that find themselves involved in court proceedings and could pose a barrier to court access for civil litigants.

The proliferation of excessive court fees is recasting the role of the courts into revenue generators for special projects. Court fees and surcharges should not be used as an alternative form of taxation. If a local government wants to raise revenue for its building projects, that question should be submitted to the voters for their approval rather than using the courts as a back-door revenue source. The increasingly common practice of looking to the courts to raise funds must stop. I previously approved Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 5 based on the belief that our courts should serve justice rather than generate revenue, and for those reasons the court fee increases in Senate Bill No. 67 will not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 67 without my approval.

Herewith I return to you Senate Substitute No. 3 for Senate Committee Substitute for Senate Bill No. 142 (Senate Bill No. 142) entitled:

AN ACT

To amend chapter 640, RSMo, by adding thereto one new section relating to implementation impact reports.

I disapprove of Senate Bill No. 142. My reasons for disapproval are as follows:

Senate Bill No. 142 contains drafting errors that vitiate its intended purpose. Senate Bill No. 142 would require the department of natural resources to submit to the general assembly an “implementation impact report” regarding state plans to comply with the federal Clean Air Act and Clean Water Act. The report and the plan itself would be required to be submitted 45 days before the plan is submitted to the United States Environmental Protection Agency.

In imposing this requirement for plans regarding clean air, Senate Bill No. 142 requires the department to prepare and submit a report when it is “developing, amending, or revising . . . state plans to comply with federal regulations relating to carbon emissions for existing-source performance standards (42 U.S.C. Section 7412).” (Senate Bill No. 142, page 1, lines 4-6). The referenced section – 42 U.S.C. Section 7412 – is part of the Clean Air Act, but it contains no requirement that a state submit a plan “relating to carbon emissions for existing-source performance standards.” It appears that the drafters meant to cite to 42 U.S.C. 7411, under which, among other things, states must develop and submit plans to address emissions of carbon dioxide and other greenhouse gases. In addition, on page 3, line 86, Senate Bill No. 142 cites to “33 U.S.C. Section 12541, et seq.” There is no such section in federal law.

These drafting errors take an already complex area of state and federal law and confuses it further. Given the stakes for those impacted, I cannot approve legislation that will cause uncertainty for companies doing business in Missouri.

In accordance with the above stated reasons for disapproval, I am returning Senate Substitute No. 3 for Senate Committee Substitute for Senate Bill No. 142 without my approval.

July 7, 2015

TO THE SECRETARY OF THE STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Committee Substitute for Senate Bill No. 345 entitled:

AN ACT

To repeal sections 361.707, 361.715, 364.030, 364.105, 365.030, 367.140, 407.640, 408.140, 408.500, and 443.719, RSMo, and to enact in lieu thereof ten new sections relating to financial transactions, with an existing penalty provision.

I disapprove of Senate Committee Substitute for Senate Bill No. 345. My reasons for disapproval are as follows:

Senate Committee Substitute for Senate Bill No. 345 would increase the fee that lenders can charge consumers for many loans that are for periods of 30 days or longer. Current law limits this fee to 10% of the principal up to \$75, but this bill would increase the fee to 10% of the principal up to \$100. This means that most consumer credit loans over \$750, not secured by a mortgage, could see a fee increase. Consumer credit loans of \$1,000 or more could have a \$100 fee, where lenders can currently only charge \$75. This is an approximately 33% increase in the fee on a large portion of loans made to Missourians.

The loans affected by this bill are offered by banks, credit unions, finance companies, consumer installment lenders, title loan companies, and small loan companies. These loans include everything from a car loan from a bank to a loan for unexpected home repairs from a store-front lender in a strip mall.

This fee increase will have the most impact on consumers of limited means who take out relatively small loans and would have a repetitive financial impact as they could be charged on any extension, refinance, restructure or renewal of the loan, if there is "any investigation" on the subsequent application.

Unlike interest, which is typically earned day-by-day, lenders earn this fee at the time the loan is entered into, so even if a person repaid the loan early, Senate Committee Substitute for Senate Bill No. 345 would cost them more money.

This is the second time in two years that Missourians have seen an increase in fees on small loans, as the General Assembly gave lenders the ability to increase this fee in 2013 by overriding my veto of Senate Committee Substitute for House Bill No. 329 and increasing the percentage of this fee from 5% up to \$75 to 10% up to \$75.

Allowing lenders to charge Missourians more in fees is not the way to move Missouri forward, therefore Senate Committee Substitute for Senate Bill No. 345 does not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning Senate Bill No. 345 without my approval.

Respectfully submitted,
Jeremiah W. (Jay) Nixon
Governor

OBJECTIONS

Senator Sifton submitted the following:

September 17, 2015

Adriane Crouse
Secretary of the Senate
Missouri Senate
Jefferson City, MO 65101

Dear Ms. Crouse:

Pursuant to Article III, Section 30 of the Missouri Constitution, I hereby submit a constitutional objection to House Bill No. 150. The basis for my objection is as follows:

Under Article III, Section 32, legislation vetoed by the Governor and returned with his objections with more than five days remaining in a legislative session must be reconsidered prior to adjournment. It is only legislation vetoed by the Governor and returned with five or fewer days remaining in the session or after adjournment that can be taken up during the September veto session. To emphasize this point, the language of Article III, Section 32 is clear that if no legislation is vetoed by the Governor and returned with five or fewer days left in the regular session or after adjournment, the veto session is not held.

House Bill No. 150 was presented to the Governor on April 22, 2015. The decision of the General Assembly to present House Bill No. 150 during the legislative session resulted in the Governor having only fifteen days to consider and act on the legislation as opposed to the more traditional 45 days the Governor is afforded for bills presented after adjournment. In addition to limiting the Governor's period to act, the General Assembly also narrowed its time to consider his veto. The Governor returned House Bill No. 150 with his objections on May 5, 2015—ten days prior to the end of session. As a result, under Article III, Section 32, the General Assembly was required to reconsider House Bill No. 150 prior to our adjournment at 6:00 p.m. on May 15, 2015.

The Missouri Senate's failure to reconsider House Bill No. 150 during the regular session resulted in the Governor's veto standing. Any subsequent action by the Missouri Senate on House Bill No. 150 during the 2015 veto session would be in direct violation of Article III, Section 32 of the Missouri Constitution and a legal nullity.

Yours truly,

Senator Scott Sifton
District 1
